To the Kappa Delta Rho Fraternity:

In the belief that nationalization, when adequately prepared for and properly consummated, is of mutual benefit to national and local, Alpha Pi Delta of Oregon State College hereby petitions for a chapter of Kappa Delta Rho.

In the pages that follow we have endeavored to set forth the high standing of this organization and to show the progress of our fraternity to its present position. In turn active members and alumni have familiarized themselves with the ideals and principles of Kappa Delta Rho and find them strikingly in accord with the local history of Alpha Pi Delta.

If granted a chapter of Kappa Delta Rho, therefore, we do pledge our united support to the principles of your brotherhood and stand ready to further the interests of the fraternity in the years ahead.

Respectfully,

Winding Paths Thru the Birches and Evergreens

Oregon State College

Began as a protestant sectarian school.

Has passed the half-century mark of its existence.

Came under the control of the State of Oregon in 1885.

Is a land grant college like Cornell, Wisconsin, Ohio State, Illinois, Purdue, and Ames.

Includes 100 acres of campus and more than 1000 acres of land valued at \$550,000.

Has 45 buildings on main campus valued at \$4,748,000, with equipment worth \$1,000,000, not including \$500,000 in military equipment.

Is supported by a millage tax which, with other sources of income, yields approximately \$2,325,000 annually.

Is organized into three grand divisions: experiment station, extension service, and resident instruction.

Has an enrollment in 1927-28 of 3800, exclusive of summer school, short and extension courses.

Gives bachelor's or master's degrees in the ten technical schools of

Engineering (civil, electrical, mechanical)	Agriculture
Pharmacy	Home Economics
Commerce	Chemical Engineering
Vocational Education	Mines
Forestry	Military Science and Tactics

Affords liberal training through the school of basic arts and science in

Bacteriology	Mathematics
Botany and Plant Pathology	Modern Languages
Art and Architecture	Physics
Chemistry	Public Speaking and Dramatics
English Language and Literature	Entomology
History	Zoology and Physiology

Includes also departments of physical education and industrial journalism, and the conservatory of music.

Has been given Class A rating by University of Illinois graduate school, which is an index of its standing in eastern and middle western universities.

Is registered as an approved school of engineering by New York Board of Regents.

Was rated a standard college by Dr. George F. Zook, of the U. S. B. E.

Is accorded full membership privilege for alumni in American Association of University Women.

Is on the approved list of the Association of American Universities.

Oregon State College Campus

Fraternities and the College

"The board of regents of the college has officially recognized fraternities as forming a part of the student life of the institution. The college holds that the purpose of these organizations is to develop character and responsibility, to encourage scholarship, to inspire loyalty to the college, and to furnish dormitory facilities."—From Administrative Regulations for 1927-28.

The fraternity system is closely regulated by the college, and as a result there exists a well balanced relationship between the Greeks and Independents. Fraternity affairs are governed by the committee on student interests and the inter-fraternity council, the latter composed of the presidents of the national and local fraternities. The council establishes regulations which prevent unfair rushing, pledging of men before they are eligible, pirating, and other unethical dealings among the houses.

Fraternities, both local and national, are required to maintain a standard of scholarship at least equal to the average of the student body. Social clubs that seek to become local fraternities, and local fraternities that seek to join national fraternities, must have, in addition to high scholarship, a clear record as far as compliance with student body and institutional rules is concerned.

The unusually good feeling among fraternity men at O. S. C. is fostered largely by a system of exchange dinners and wholesale "bean-spearing" which encourages intermingling of fraternity men.

Intramural athletics have done much to develop this good feeling. Keen rivalry among the various houses exists in all forms of sportsmanship. The college provides suitable awards for the winners in such intramural sports as cross-country, track, basketball, baseball, handball, tennis, and swimming.

Fraternities on O. S. C. Campus

Official sanction to fraternity organizations at O. S. C. was given by the Oregon legislature in 1911. Since that time fraternity development has been rapid. At present there are sixteen women's and twenty-six men's national social fraternities here. The list follows:

Chapter House Owned by Alpha Pi Delta

History of Alpha Pi Delta

This organization was founded in the fall of 1918 under the name of the Campus Club with twelve charter members. These men prepared a constitution which received the approval of the student affairs committee February 7, 1919. One year later a local charter was granted. During this period the men worked diligently for the betterment of the organization and the college.

At the close of the college year of 1919-20 a building site was purchased in the best residential district adjoining the campus. On this site a chapter house was constructed capable of housing thirty men comfortably. The major part of the financing was accomplished by our friend and brother, Dr. A. C. Schmitt, professor of finance and administration. The debt on the house is being paid off by the amortization plan.

From 1920 to the present date the fraternity has enjoyed a period of rapid growth and development. The personnel has shown a marked improvement due to more exacting demands made for membership. The internal organization of the house has developed parallel with other lines of growth. The alumni are incorporated under the laws of the State of Oregon and fraternity property is listed under the name of the alumni association. Alpha Pi Delta has emulated the organization of old established national fraternities on the campus.

The College Library

The fraternity has always considered its chief duty to be the maintenance and development of worthy ideals, high scholarship, and the best qualities of manhood among the members. Rushing has been successful in open competition with the strongest nationals.

Alpha Pi Delta has done much to encourage its members in campus activities and in so doing has insisted a balance be maintained between athletics and other fields of campus endeavor such as forensics, dramatics, organization offices, and others. Thirty-five men have been selected for membership in honorary societies, sixty keys and pins being won by these men.

Building and Finances

We are not forgetting our fraternity home of the future, even though the present building is of comparatively recent construction (1920) and is entirely satisfactory. We are in the heart of the choicest fraternity district of the campus, hence our future is assured.

To provide for future perpetuation the alumni have adopted an insurance building fund plan which is considered a great improvement over the old note system. Under this plan each man, when pledged, is required to assign the house an insurance policy which will have a cash value of \$100.00 at the end of five years. This policy serves as collateral security in case the member is not inclined to pay his obligation at the end of the five-year period. In such case the policy's surrender value is realized upon by the fraternity. Those members sending in their \$100.00 have the assignment released and the policy transferred to them. The system thus serves the double purpose of financing the building fund and giving members insurance at a low premium.

Scholarship Grade Graph Shows Fraternity Standing

In an institution where high scholastic achievement is emphasized and encouraged, Alpha Pi Delta keeps its record well toward the front of the procession. As the chart indicates, the house average has always been above both that of all men and of the student body as a whole. It has also maintained a standing well toward the top of the fraternity roll.

A Few Trophies

In intramural competition Alpha Pi Delta has consistently maintained leadership in the local leagues through a policy of entering a team in every sport. In the past five years the house has either won or was close runner-up for college championship in baseball, swimming, track, and basketball.

Alpha Pi Delta has contributed men regularly to the varsity teams. Jack Savory was regular center and Kay Olsen was manager of this year's varsity basketball team. Logan Carter and Cliff McLean are regular varsity track men. Phil Lundstrom and Harold Swall are on the crew.

Recommendations

STANFORD UNIVERSITY
Office of the President

Stanford University, California, April 2, 1928.

To the National Officers, Kappa Delta Rho Fraternity:

I have been requested by the Alpha Pi Delta local fraternity to endorse the Oregon State College as a suitable institution for the installation of a chapter of your organization. I am very happy to do so.

The Oregon State College is one of the best of our western institutions. There is a fine college spirit pervading its campus. I feel sure that a chapter established there will, with the right personnel, obtain a high standard among the western universities.

Very truly yours,

RAY LYMAN WILBUR, President.

OREGON STATE COLLEGE
Office of the President

Corvallis, Oregon, April 5, 1928.

To the Kappa Delta Rho Fraternity:

I am advised that Alpha Pi Delta, a local fraternity at the Oregon State College, is petitioning Kappa Delta Rho for a chapter in that organization. I wish to say in their behalf that the excellent standing of this group of men in their college work, their evident respect for institutional standards, and their conduct generally, would indicate high ideals for their organization.

It is my judgment that the men of Alpha Pi Delta are worthy of the confidence of your fraternity.

Respectfully,

W. J. KERR, President.

OREGON STATE COLLEGE
Office of the Registrar

Corvallis, Oregon, April 4, 1928.

To the Kappa Delta Rho Fraternity:

The Alpha Pi Delta fraternity came into existence at the Oregon State College in 1920 and has consistently maintained a most satisfactory record. In addition to standing well scholastically, the organization has been represented in most of the activities of the student body.

In comparison with the 35 fraternities of the college, the scholastic rating of Alpha Pi Delta has generally placed the organization in the upper half.

The members have been prominent in forensics, athletics, and in the affairs of student government. Phi Kappa Phi, the national honor organization on the campus, has consistently had Alpha Pi Delta men in its membership.

The petition which is being presented to Kappa Delta Rho is, we believe, worthy of most careful consideration.

E. B. LEMON, Registrar.

OREGON STATE COLLEGE
Office of Dean of Men

Corvallis, Oregon, April 10, 1928.

To Kappa Delta Rho Fraternity:

The local fraternity, Alpha Pi Delta, has developed an effective organization recognized generally on the campus. In scholarship the boys have ranked well above the student body average and usually in the first half in the list of fraternities. They have continuously held a fair share of prominent student activities. Together with these accomplishments they have developed a splendid morale and fine ideals. They are in a position to represent a national fraternity with credit.

Sincerely yours,

U. G. DUBACH,
Dean of Men.

OREGON STATE COLLEGE
School of Commerce

Corvallis, Oregon, April 10, 1928.

To Kappa Delta Rho Fraternity:

I understand that the Alpha Pi Delta fraternity of O. S. C. is petitioning for a national chapter in your organization.

I wish to say for this organization, that it has enjoyed a splendid reputation on this campus since its organization as the Campus Club in 1918. In 1920 the present organization was perfected. The men set their standards high, emphasizing manhood, scholarship, and student activities. This aim they have carried out splendidly.

The requirement for initiation is a grade of 85 per cent, and the applicant must show an active interest in the house during his period of pledgeship.

A number of the Alpha Pi Delta men are leaders in college activities, and nearly all student activities are represented in its membership. The fraternity has never been on probation, and ranks high in the scholarship standing among the thirty-five fraternities on the campus.

I recommend this splendid group of men for your favorable consideration.

Very truly yours,

J. A. BEXELL, Dean.

MADISON STREET METHODIST CHURCH

Corvallis, Oregon, April 7, 1928.

To Whom It May Concern:

I have been quite intimately thrown with the men of the Alpha Pi Delta fraternity for a period of six years. I have been impressed with the fine character of the men in this house and the high ideals of the house as a whole.

They have stood well in scholarship, they have been active in college Y. M. C. A. work, and in general activities of the college they have been at or near the head.

Any national fraternity will be proud to count such a group as belonging to its chapters.

Sincerely,

E. J. HARPER, Pastor.

Corvallis, Oregon, April 11, 1928.

To Kappa Delta Rho Fraternity:

This is to certify that as a neighbor and instructor to many of its members the writer has had good opportunity to study the progress of Alpha Pi Delta fraternity since its inception. He is therefore in position to state with authority that altho Alpha Pi Delta is classified as a local fraternity in regard to its business affairs, social and extra-curricular activities, its membership, and other standards of judging fraternities, its standing is as good as any other fraternity on our campus.

Alpha Pi Delta was one of the first fraternity groups to build a fraternity house and not only has this plan been found to be profitable but it has also served to keep the group together and to interest excellent fraternity material from our student body.

The faculty advisors of Alpha Pi Delta are not only members of the college faculty but they are also experienced business men. They have contributed freely of their time and funds to build a representative fraternity group and they have been successful.

I am pleased to advise that in regard to courtesy to visitors, social functions, keeping up its property, assisting with worthy college enterprises, membership in prominent student organizations, and other matters pertaining to college life, Alpha Pi Delta is not surpassed by any fraternity on the campus. Sincerely yours,

ADOLPH ZIEFLE, Dean.
