cation Dept. are co-operating toward that end. For instance one hundred candidates come out for Varsity basketball. Of course no coach can handle that many and give the first five proper attention. So after a few weeks of practice we send all the most unlikely ones to their college, Fraternity or Club team with the understanding that they will be watched in those games so that they really have a chance to return to the Varsity squad if they show enough stuff. Likewise the Baseball coach does the same. In Track and Cross Country the men on Jack Moakley's squad who have not won their letter have a chance to run in the Inter-College Cross Country and Track meets. Generally over two hundred take part in these meets, and the competition is so keen that the winners in the different events usually win their letter before they graduate.

Inter-fraternity athletics have become quite prominent at Cornell in the last few years and no less than forty compete in Baseball, Basketball, Hockey and Tennis every year for the Championship. They are grouped in geographical sections and the winners of each section play each other for the University Championship. Rivalry is keen and some very good games result. It is interesting to note how much fun the winners for the Varsity "C" in other sports get out of these games and how hard they play to win that championship for their Fraternity.

The fellowship and fun that the members of these fraternities get out of these games makes them one of the best agents in developing friendly relationships among the various Houses, and the sportsmanship is the best imaginable. Furthermore it enables a larger number of students to get the benefits of athletics and as Cornell's ideal is sport for sport's sake these Intra-Mural athletics properly supervised are means toward that ideal.

INTRA-MURAL ATHLETICS AT ILLINOIS AND ETA CHAPTER.

J. EDWARD YATES, ETA '24.

To date the history of intra-mural athletics at the University of Illinois has spelled naught but the greatest success. Starting with a few sports such as baseball and track, with a small percentage of students competing, it has now grown so that it includes all of the popular sports with the great majority of students competing, and very active according to their respective abilities. There is competition in baseball, basketball, water basketball, playground ball, track, wrestling, boxing, golf, and tennis. Competition is open to both organized groups and independent men and teams, with cups being awarded to the winners of the divisions of organized groups, and medals to the freelancers. At present basketball is at its height, with about ninety teams competing, ten in a division.

Among the organized houses a movement was started last semester to get every man out in some form of sport, and to get greater support from the fraternities. Each Fraternity contributed ten dollars toward the purchase of a huge intra-mural cup, the latter to be awarded each year to the house with the highest number of points made during the year. In order to be counted in the running for this cup, the house must be represented in practically every sport on the intra-mural list. Points are given according to the showing made in each sport entered. As usual, a cup is given to the winner of each division in any sport, but the winning of one championship does not make it possible for the winner to get the large cup without

a good showing in other sports. This system has caused much keener competition and more interest, and it has brought many into intra-mural sports who would not have thought of entering a year ago.

Our own Chapter is a good example of the interest manifested in intra-mural sports. Practically every man in the house and several of the graduate students are competing in some sport, and putting forth good efforts in the cause. For this reason our progress this semester in athletics has been exceptionally good. The basketball team under the captaincy of Brother McFarland is now among the leaders in our division, having lost but one game in nine. In order to cope with the situation some hastily made pugilists were sent out to get the bacon in the manly art of self-defense. They secured several things, black eyes included, along with several points toward the big cup. There are to be two more track meets this semester. We won the fall track meet, and expect to make a good showing this spring.

It is safe to say that the spirit shown by the boys of Eta is a good example of the common feeling, for there is indeed plenty of competition and a world of interest shown in intra-mural activities. George Huff, Director of Athletics and Robert Zuppke, Football Coach, are doing all they can to push intra-mural men instead of a small group of highly trained ones. Edward Manley, Swimming Coach and head of the intra-mural movement, has taken as his motto "Every man in intra-mural sports." The common desire to get into some kind of athletics has made it possible for others than varsity athletes to benefit by competition in sports, and to partake of the physical benefits.

WHAT KAPPA DELTA RHO MEANS TO GAMMA.

BOB MacFARLANE, GAMMA '23.

Gamma Chapter of Kappa Delta Rho is altogether unique among the other chapters of the fraternity. Situated as it is in a small college for specialized professional training, it has to fill a very large place in student activity. In athletics, student leadership, and scholarship, Gamma men are called to serve their college.

In comparison with the larger universities and colleges, State College gives a rather limited sphere of endeavor. The student body itself is recruited from a rather small area, for over 95% of the students come from within the boundaries of New York State. The variety of work that characterizes the university is absent. Each man knows every other man intimately whether or not he belongs to the same fraternity. Were it not for some larger circle we would tend to become narrowed in our outlook upon the world.

It is the national fraternity of Kappa Delta Rho that exerts this broadening influence upon us. It is the force that draws out our field of endeavor and friendship. The small restricted area becomes extended until its boundaries pass to the utmost parts of the land. When our delegates came back from the national convention at Zeta Chapter last fall with their new ideas, new spirit, and new energies we felt all the more that others had the same trials, the same problems as we. Other men were working for us and we must work for them.

Nothing can advance the conception of the universal brotherhood of man more than the national fraternity. To me one of the greatest experiences of life is, when traveling in a strange locality, to have a seeming stranger step up and grasp my hand with a fraternal sincerity. It seems good to realize, "He is my brother and I am his

brother." It warms the heart to know that others outside of the small college group have interests in common with mine.

So, just as this greater brotherhood inspires the individual, the national fraternity inspires the separate college group or chapter. Gamma has striven to advance everything that is worth while at college. Many times it has been hard sledding with many obstacles to overcome. In these times it has been easier to push on with the thought that we are not alone, that other men in other college communities are pushing in the same direction. Kappa Delta Rho represents the larger opportunities. It, at the same time, is the incentive and the goal. From it we get the impetus to serve the larger purpose. In it we find represented the typification of that purpose.

PARENTS' DAY AT DELTA.

ART GOODWIN '22.

Almost equal to that of Easter, Christmas and Thanksgiving is

We had a royal time together. Sunday morning early we all assembled at the house and attended church in a body. This ended the regular events of our Parents' Day week-end and it is fair to say that Delta never enjoyed a better week-end party in her five years at Colgate.

Mother's Day is a great opportunity for every chapter of Kappa Delta Rho to find a new fraternal unity. A prom is distinctly individual. Mother's Day is for all and all have a part in making it a success. But Mother's Day is an opportunity for fraternal unity in a truer sense than the material. It gives every brother a chance to know that he is working for something which symbolizes the finest in his appreciation and he knows when it's all over that it has been worth while. Try it out in your chapter. You will never let another year go by without it.

OUR NEW CHAPTER.

OTIS H. GREEN, G.P., DELTA '20.

It is recognized as true that life is never static, that any living thing must grow either stronger or weaker. Thus early in the new year Kappa Delta Rho has given evidence of her growing strength in the addition of the Kappa Chapter at Ohio State. The prophecy of the founders of our fraternity is being fulfilled. We are raising a high standard and men to gather around it are not found wanting.

The men of the New Chapter constitute a very real addition to

cur strength. By their achievements they have already shown the effectiveness of their united effort. By their friendliness and the warmth of their welcome to those of us who visited them they have shown that true fraternity spirit is theirs. By their unstudied self expression in word and action they have shown themselves to be men who will bring credit to the Pin they wear. We of the older Chapters may well look for great things to be done in Ohio.

The New Chapter is our first in a new State—a State famous for its numerous colleges. In these colleges there will be found groups of men anxious to follow our standard of Honor. The men of Kappa know the situation; they are on the field; and it is to them that we look for help in carrying on our extension work.

As I look back over the days spent as the guest of the Kappa Brothers, my greatest impression is that of the new strength they are bringing to Kappa Delta Rho. They have accomplished much, and with confidence we look to them to keep everlastingly at it—to grow with us and help us grow into a better, greater Fraternity.

LOCAL GROUP CHARTERED BY NATIONAL FRATERNITY.

Kappa Delta Rho Installs Kappa Chapter Here Saturday.

Kappa chapter of the Kappa Delta Rho fraternity was installed at Ohio State Saturday. A committee of six men from other chapters had charge of the ceremonies.

The committee was composed of Leo T. Wolford, Louisville, Ky.; Professor F. C. Ewart, Colgate University; Professor P. L. Powell, Franklin College, Indiana; Otis H. Green, Penn State University; Charles H. Wright, Cleveland; Don Belden, Akron.

The local chapter was organized a few months ago for the specific purpose of becoming a member of the national organization. Members are: Honorary, Ernest L. Stover of the department of botany.

Actives—Clarence A. Miller, A-3, Zanesville. Ralph J. Matson, Agr-3, Middletown; William N. Wilkerson, Agr-4, Osborn; Ralph A. Hinman, Agr-3, Ravenna; Harvey M. Ferguson, Grad., Park River, N. D.; Ralph H. Hagelbarger, Grad., Silver Lake; Charles Swormstedt, CJ-4, Maderia; Wade A. Belden, L-1, Akron; Scott Belden, A-2, Akron; Curtis May, A-3, Reynoldsburg; Elroy S. Albright, Agr-3, Irwin, Pa.; Howard R. Butler, L-1, Greenfield; Russell C. Huston, Agr-2, Xenia; Russell A. Summers, A-2, Lilly Chapel, and Harry B. Chalfant, A-2, Steubenville.

Most of the chapters of the fraternity are located in eastern schools.

—Ohio State Lantern.

This number will appear about four weeks late for the following reasons:

1. Four chapters sent in their names for Directory on time. Three were late. Two have not yet sent them in, therefore, the Directory Number is postponed. Inasmuch as the fraternity has grown considerably since the last directory, it is obvious that only a complete directory would now be worth the money required to publish it. In the near future the Scroll will endeavor to publish the complete fraternity directory. This will be possible only with the cooperation of all chapters and alumni.

2. Five chapters sent their chapter notes in on time. Three had their notes in two weeks after the date when they were due and one chapter was three weeks late. In every case each chapter received advance reminders of the date when notes were due. The delinquent chapters received several additional notices.

3. Publication, held back for the above reasons, was also delayed that the Scroll might give definite announcement of the installation of the Kappa Chapter at Ohio State University.

Experiences of the past year have brought forth three major problems to be solved at the 1922 convention, namely,

How can the active chapters be made to realize their individual responsibilities to the national organization?

How can the fraternity hold the interest and affection of the now active brother after he graduates?

How can the fraternity regain the interest and affection of the alumnus now away from his chapter for several years?

These problems are common to most national fraternities. Can Kappa Delta Rho solve them? What is the reader's solution? Is Kappa Delta Rho the fraternity to you or just one of the nationals?

As this issue goes to press announcement is received of the installation of the Kappa Chapter of Kappa Delta Rho at Ohio State University. The Scroll can only briefly welcome the new brothers

KAPPA

at this time, but can assure the members of Kappa that the welcome is no less hearty for its brevity. Preliminary reports of the group at Ohio State were very promising and word received from the installation emphasizes the quality of the men taken in. The Scroll will introduce the Kappa Chapter formally to the National Organization in the very near future.

At most of the chapter houses elections for the coming year have recently been held, several of the newly elected Pps. have written in to the Scroll asking advice and offering aid in any manner necessary for the improvement of the fraternity publication.

This splendid spirit is appreciated by the Scroll, and the new officers can rest assured that they will be given ample opportunity to cooperate and work for the advancement and unification of the national body.

Likewise, at this time, the Scroll offers its thanks to the retiring officers for their work of the past year. Many have labored hard and faithfully to make the Scroll a success, while a few did not do as much as others in their places might have done, this condition was undoubtedly due to the organization as a whole and not to any few individuals. A perfect national organization cannot be built in a day. The year 1921-1922 saw much improvement over the previous year. There is room for more and always will be, and where the heart is willing, the head will find a way. Now is the time to plan for next fall. Officers get busy and prepare for the convention at Iota. Take constructive ideas with you. If unable to attend, send them with your delegates. Send them also to the Scroll before October 1, 1922 so that they can be published in the November Number, which must be out before the delegates leave for Iota.

Fortunate is the fraternity that can boast of strong faculty members in each chapter, and blessed indeed are the chapters where these faculty brothers take an active interest in the problems of the undergrads. The chapters of Kappa Delta Rho can all

"DAD"

boast of strong faculty members, one of the reasons why they rank high in the respective colleges. In "Dad" Dennis, Zeta Chapter is doubly blessed, for "Dad" is all that his name implies. To meet "Dad" is to understand the success of Zeta and to realize the possibilities of that chapter's future.

"Dad's" poem, appearing in this issue, was the hit of the 1921 convention banquet. While one must know Zeta to understand it thoroughly, it is so good, and radiates so much the "comradely" spirit at Zeta, that its reproduction here will certainly instill some of "Dad's" into the other chapters. In the future "Dad" will undoubtedly mean as much to the National Organization as he now does to Zeta.

The Scroll has had a hard task for the past three years trying to bring back the old alumni into the fold of the subscribers and get their support for the National Organization which did not exist when many of them were in college.

That the Scroll has had some success is shown by the slowly increasing list of subscribers. It is slow work and often discouraging,

but when the clouds appear darkest a ray of sunshine always appears suddenly in the form of a letter from one of the older alumni. The Scroll

has just received one containing the following paragraph:

"Those first four fellows certainly started the ball rolling properly and as one of the many 'guilty' brothers, I'll add mine too.

"Kitty" Russell, Beta '15.

In the letter was a check for \$5.00 for the Scroll.

In the Hall of Fame beside "Sid and Tip," "Punch and Pete," there is now carved the one word "Kitty."

NOTICE.

The New York City Alumni Association holds its monthly mid-day luncheon the last Tuesday of each month. For particulars address H. G. Erb (Zeta '20) 55 Hanson Place, Brooklyn, N. Y.

ALPHA.

Initiation Banquet.

Alpha observed her seventeenth Annual Initiation Banquet on the eve of February 25, 1922. Careful preparations had been made for the same and it was certainly run off in great style under the direction of Bro. Coates '22. Songs and speeches held a prominent place in the pastime of the evening and something which was quite original and more than enjoyed by all were the character sketches of the alumni by Bro. Twitchell '11. The monologue rendered by Bro. Davison '13 was a treat for which everyone had words of praise. The Banquet called back to the scenes of their college days the following alumni: Bro. W. E. Davison '13, Bro. Leon M. Adkins '19, Bro. Robert Twitchell '11, Bro. Earl F. Horsford '17, and Bro. Arthur M. Ottman '17.

The initiates were as follows: Douglas Bailey '24, William Burpeau '24, Herbert Cortis '24, Robert Force '24, J. Milo Jeffrey '24, Malcom Anderson '25, Donald Banks '25, J. Clark Britnell '25, William E. Long '25, Harold E. Wiggin '25.

Alpha feels very proud in taking in a group of such men and by their present record they have shown themselves to be fully capable of carrying on the work of Kappa Delta Rho.

Eddie Kalin has been more than prominent on the campus during the present year. He is the K. D. R. representative on the Student Council, Athletic Council, and Interfraternity Council. He is also a member of the college choir, English Club and Glee Club. He is manager of the Saxonian, the college literary magazine, and was recently elected to the Wabanaukes, the senior honorary society.

Savage '24 was president of his class and also chairman of the Sophomore Rules Committee.

Clark '23 was a member of the Junior Week Committee and also Circulation Manager of the college weekly paper, the Campus.

Jack Horner '22 held the position of Chairman of the Social Committee for Junior Week. In addition he is a member of the Announcement Committee of the Senior Class.

Ratti '22 is chairman of the Auditing Committee of the Undergraduate Association.

Lewis '22 is a candidate for track, toots a horn in the band besides being president of the college orchestra.

Charlie Crew '22 has a place on the Class Day Committee, the Cane Committee and is chairman of the Shingle Committee.

Jim Jeffrey '24, Long '25 and Anderson '25 are candidates for prizes in the final trials of the Parker Prize Speaking Contest.

Don Banks '25 is on the baseball squad.

Doc Cook '24 has an enviable record. He has made his letter in cross country and track holding the college track record for the

quarter mile. He was editor of the freshman bible and is a member of the English Club and Sages, the junior honorary society.

Bob Dolittle '24 has been elected to the Interfraternity Council for next year. He is also on the track squad and a member of the Sages.

Jack Witham '24 has been doing good work as a pitcher on the varsity baseball team. He has pitched four games winning them all and needs to pitch but one more to make his letter.

Red Currier '25 has done notable work as assistant director of the Junior Play, "The Tailor-Made Man." Red has been very prominent in dramatics since his coming to Midd.

Eddie Kalin '23 has just been elected to the presidency of the Undergraduate Association for the coming year. Savage '24 being also elected to Student Council as Junior member.

Doc Cook '24 has just recently been elected to the Athletic Council for next year.

During this year we have held two informal house parties. For several years this had not been done and its return was enthusiastically welcomed. On both occasions there were about eighteen couples present and dancing was enjoyed from 7 to 10:30 P. M. Because these parties were so highly successful it is assumed that many similar good times of such a nature will be held in the coming years.

This year will find seven of our worthy brothers leaving our active ranks and taking their place in their respective callings. With due pride Alpha commends them to their larger tasks and will look with faithful interest to the future successes. They are: Jeremiah Cardell, Bristol, Vt.; F. Carlisle Coates, Montpelier, Vt.; Charles Winthrop Crew, Dalton, Mass.; John B. Horner, West Pawlet, Vt.; Merton B. La Fountain, Newport, Vt.; George Truman Lewis, Crown Point, N. Y.; Hugo J. Ratti, Proctor, Vt.

Alumni News.

Sam Davis '21 is now teaching school and coaching athletics at a Providence High School, Rhode Island.

Dick Whitmore '21 and Bob Valentine '21 are doing survey work in Ohio.

Harold Elmer '21 is working in Worcester, Mass., for the American Steel and Wire Co.

Cecil Plumb '21 will graduate from the Xenia Theological Seminary this June.

Chick Haugh is now working for the New York State Government doing statistical work.

Bro. Earl H. Gale has a law office at 200 Broadway, New York City.

Pa White '09 is now located at Berlin, New Hampshire.

Bro. Reynolds' 12 is perhaps the stray sheep of Alpha. His present address is 315 North G. Street, Tacoma, Washington.

Bro. Severy '09 still keeps to his old haunt, Milwaukee, Wisconsin.

Bill Edmonds will graduate from Harvard Law School this June. We have been informed that he will take up his practice in Burlington, Vermont.

BETA.

With finals but a short time away we are all buckling down to the grind. The weather is too nice for us to spend all our time cramming and so we are running a tennis tournament among the members of the House to provide a means of working off excess steam.

There are about fourteen men playing in the tournament, and vying with one another to see who shall occupy the top position. At present Hawk Shaw '22 is in the lead and seems to be quite likely to stay there. The tournament is arousing considerable interest and is providing amusement for the men who are not participating as well as for those who are.

Our inter-fraternity baseball team is showing up very well this year so far. We won the first game on our schedule by forfeit, but just to show how we could play ball the second game on our schedule we won by a score of 12 to 1, hitherto unsurpassed in the history of Beta chapter. The team bids fair to trim its league opponents and to contend for the championship cup this year.

In the middle of May Beta ran an open-house dance which was very successful. Fuzzy Seelbach '19 came down from Buffalo with a complete seven piece orchestra, and furnished excellent music. Cards were sent to about one hundred and fifty men, representing nearly every House on the Hill. The dance was well attended, the women were popular, and every one seemed to enjoy himself and herself. This was Beta's big splurge of the year, as we are not having a Spring Day House-party this year.

Brothers Everts and Davison were down from Delta for the Cornell-Colgate game. While we hated to have them carry home the bacon, we enjoyed the visit from the brothers at Delta, and hope that the next time they come we can show them a winning Cornell team.

We are proud to announce that Hawk Shaw '22 has been elected to Phi Beta Kappa at their recent elections.

Wright Johnson '23 has been elected President of the Cornell Officer's Club and is serving on the Spring Day Committee.

By graduation this year we lose Bugs Ackerly; Andy Andrews; Rog Corbett; Eddy McKee; Speed Race; Fritz Schnatz; Hawk Shaw; Davy Wilkes; and Heinie Zimmerman. We are sorry to have these men, who have done so much for the chapter, leave us. We wish them the best of success in the jobs that they hope to land after their graduation.

GAMMA.

May 1st, 1922, found us settled in our new home. We have fifteen men living in the House and everything points to prosperity for Gamma of Kappa Delta Rho. We held our first meeting in the new home a few days ago and were fortunate to have Bro. Sutherland '19 with us, who spoke in behalf of our alumni, expressing their loyalty to us.

In class elections we were represented as follows, Jack Johnson as president of the senior class. Bro. MacFarlane was appointed editor of the college paper for the coming year. Kappa Delta Rho has been nominated by the head of the college to take charge of the sale of tickets for the dormitory fund, at one of Albany's leading theaters, May 12, 1922.

In athletics we had five letter men on the basketball squad. Sherly, Linck, Johnson, Hornung and Juckett. Johnson was reelected captain for the coming year. In baseball we have Johnson, p.; McCluer, c.; Roberts, 1b.; Rude, 3b.; and Hornung, c.f. The college held an interclass track meet April 25th in which McCluer took five first places while Landon had one.

We are planning to have our annual spring dance on the evening of May 26th at the house and we expect many of our alumni to attend. This is our first real get-together in a house of our own and we are all anxiously awaiting the time.

The following seniors have accepted positions for the fall, Otto Huddle at Briar Cliff Manor, N. Y., Warren Gray at Walkkill, N. Y., George C. Hillman at Silver Springs, N. Y.

Maurice Hathorn '21. is to work for an A.M. at Cornell next year.

On behalf of the brothers of Gamma, I wish to thank all chapters for their kindness in sending in banners which were greatly appreciated.

DELTA.

The chapter has been very active this year along social lines. The receptions, the anniversary banquet and the informal dances have all been successful and we now look forward to the remaining events on our calendar. The first of these is to be the Parent's Party which is to be held over Mother's Day. As many of the parents as possible are to be here and we are sparing no time or effort to make the week-end a pleasant one for all. The feature of the affair will be a reception given on Saturday evening to which faculty, certain town people and representatives of the various chapters will be invited. The following week-end will be devoted to Prom and, if plans and the efforts of the committee thus far are an indication, we will have the biggest and best party yet. Some time in June we are giving a formal reception in honor of Bro. and Mrs. Ewart who sail early in July for a year abroad. The closing event of the year will be the commencement banquet held the week before exams. The success of the social life has been due to a large extent to the work of the social committee composed of Brothers Crowell, Braker and Steyaart.

Delta has joined the ranks of the chapters publishing news sheets. The first issue of Delta Doings has appeared and will be followed by a Commencement Number about the middle of June. We intend to publish it at stated intervals next year and to improve and enlarge it.

The following men are wearing the pledge button: Lorimer Crippen of Corona L. I., Robert Graham of Scranton, Pa., Harold Crozett of Painted Post, N. Y., and Peter Naeye of Marion, N. Y.

One of our most noteworthy steps forward this year has been the complete reorganization of the hitherto loose system of chapter management. A number of committees covering all phases of the chapters life have been elected to look after the work. Through these committees a larger number of brothers are able to participate in the management of affairs. Great credit is due Bro. Goodwin who originated and perfected the system.

Through the kindness of Ted Townsend Beta '17 a very enjoyable evening was recently spent at the Morrisville Agricultural School. Ted invited us over to an informal party given in our honor by the coeds. We found them to be the best of entertainers everyone voting a very pleasant evening. It was rather late when we climbed aboard Chuck Earl's truck and started for Hamilton after giving a long yell for Ted and the girls.

It is with regret that we learn of Bro. Good's intention of leaving Hamilton. He has been appointed to a professorship of education at Ohio University, taking up his duties in the fall. During the summer he is to teach at Syracuse Summer School. Although regretful of his leaving us we are pleased at his good fortune and wish him the best of success in his new work.

Of the men who graduate this year Babe Crowell goes with the Armstrong Cork Co., at Lancaster, Pa; Lawrence Hosie will enter Union Seminary; Shorty Pike will be with the New York Telephone Co., in New York; Les Tucker is to teach History in the High school at Albion, N. Y.; Hap Whitman is undecided, but expects to teach.

At the present time the following scrubs are out: Posey Rose for cheer leader and manager of Mask and Triangle, Red Taylor for song leader and manager of Musical Clubs; Freshmen scrubbing for assistant managerships are; Posson for tennis, Swartz for lacrosse, Allen for baseball and Corzett for football.

Hap Whitman represented Colgate at the Civic Oration contest held at the University of Pittsburgh. He was awarded third place, losing out for second by five-tenths of a point.

Bill Everts is going strong in track. At the Adirondack Championship Meet held at Albany he finished first in the two mile. In the triangular meet with Syracuse and Pitt he finished third.

Bill Davison was a speaker on the debate team which defeated the University of Pittsburgh on its home floor. He recently appeared in one of the plays given by Mask and Triangle.

Carl Seaberg has been appointed Business Manager of the Willow Path, the new Colgate Literary magazine. Among the contributors to the first issue were Bill Davison, Art Goodwin, Glenn Dennison, and Zerk Graham.

Chuck Earl is spending his last year with us since he plans to enter a medical college in the fall.

Cal Callahan '21 was married to Miss Helen Dower at Wooster, Mass., on April 8th. They are now living in New York where Cal is attending Union Seminary.

Otis Green '20 who is an instructor at Penn State plans to spend the summer in study and travel through Spain.

Art Cook '19 has been appointed an instructor in History at Princeton.

Milf Cheney '21 is to be principal of the North Brookfield High School next year.

EPSILON.

Epsilon leads all other fraternities at Franklin in representation on the varsity baseball team, the following men having regular positions, Gale '22, Green '22, Strohl '23, Keesling '24, Robrabaugh '25. Tuesday May 10th, Bro. Gale pitched one of the greatest games ever seen on a Franklin diamond, against Butler, our traditional rival. A few days before Butler had "walked on" Ohio State by a 4-2 score. The Butlerites were held to one run at Franklin while we landed two. Fans were high in their commendation of the game, and especially of Bro. Gale to whom, no doubt, much of the honor of the victory belongs.

In all the track sports Epsilon has had her share of honors. Strohl '23 is the shining light of this year's thinly clad. He specializes in the 100 and 220 yd. dashes and has won state-wide fame in each. Last year he won the 100 yd. dash in 10 seconds and critics are of the opinion that he will clip a fraction of a second from this mark when he is hard pressed. Fred Robertson '22 hurls the discus and puts the shot. Gale, the baseballer, has been taking enough time off to keep in trim for the quarter-mile. Chambers '23 has been running the two mile in good shape this year.

We are very glad to announce the pledging of Cloud Keesling '24, and Lewis Stott '25. Keesling has been playing first base on the baseball nine and has done well. Stott is an exceptionally talented student and singer.

Bro. John Barnett '22, who for two years was soloist on the College Quartet, is this year doing the same work with the Franklin College Concert Co., and is also its manager.

A few weeks ago a men's Pan-Hellenic was formed at Franklin. Such an organization has existed among the sororities for several years, but, heretofore the fraternities have been unable to get together. Bro. Gale '22 was elected president of the new organization until the end of the present school year. Bro. Donald Miller '24, is secretary for the coming year.

Bros. Sanders '23 and Miller '24 are the senior and junior representatives on the Inter-fraternity council for next year.

Epsilon expects much from the Pan-Hellenic as we are heartily in sympathy with any movement that will bring about better relations among the fraternities.

Epsilon is threatening to do something this year which she has never done before in college politics—elect a president of the Student Council. With three candidates in the field, the campaign has become quite hot, but friendly, of course. Bro. Richard Sampson '23 is our candidate and next week we hope to say, our president of the highest student organization in college.

We wish all our brothers of Kappa Delta Rho a pleasant and invigorating summer's vacation.

ZETA.

Junior Prom at State this year was an event of events for those who were so fortunate as to have attained the maturity or the influence requisite to attendance. In order to fitly cap such a week-end as was inaugurated by the Prom, Zeta held an informal dinner-dance on Saturday afternoon. It was on this same afternoon that Capt. DeCoursey of Iota and his slugging Bucknell ball team handed State a trouncing to the tune of 4-2. We congratulate "Deac" and his team on their fine exhibition of snappy baseball. Just before the game a whole boat load of Iota boys sailed up Beaver Avenue and dropped anchor in front of the house. Their stay was all too short to suit us. Indigo Stanton, however, was with us until Monday morning—like Instant Postum: "There's a reason."

The last regular dance of the year will be held on May Day.

House parties at State will start June 9, and close June 14. Preparations have already started for this gala time. We extend a hearty welcome, especially to Alumni, to be with us on that occasion.

Our final initiation of the year will be on May 17 and 18. At that time Robert Notestine '24, Charles Foerster '24, and Francis E. Dale '25 will be taken into the fraternity. Dale is making what to all appearances promises to be a successful bid for a place on State's golf team.

Ernie Hill "Zetas busiest man" has just been initiated into the Mozart Club. A few weeks ago he was elected manager of the Penn State Glee Club.

Charles Dickerhoff '23 was initiated into the honorary chemistry society of Phi Lambda Epsilon.

George Graves '22 is playing varsity tennis and expects to visit some of the chapters on a trip that is now being planned.

Jack Chapman came through a season of class basketball and now sports a 1924.

Penn State has one of the largest and best equipped Commerce and Finance Schools in the country. Yet there had never been any Honorary Professional Fraternity representing this school until Phi Sigma Beta was recently organized as the fruits of an idea conceived between Ernie and Cliff Hill. Phi Sigma Beta is now a recognized Honorary Society at State and has among its Charter Members A. R.

Warnock, Dean of Men; C. W. Stoddard, Dean of Liberal Arts; Dr. T. C. Packenham; and Professor R. E. Martin. Cliff Hill is the first President of Phi Sigma Beta.

ETA.

Blake Blakely '22, was on the Committee for the annual Ag Round-up held last week. The affair this year was in honor of Dean Davenport, who is leaving the University in June.

Larry Triggs '23, has been elected to Pierrots, men's dramatic club, in charge of the annual student opera. Larry was also property man in the recent Sigma Delta Chi Gridiron Banquet.

Art Higgs '23, will be president of the Law Club next year, and Judge LeMaster will preside over Gamma Eta Gamma, professional law fraternity.

A Chapter of Delta Sigma Pi, international professional commercial fraternity was installed at the University lately. Four of the Brothers were Charter members: Ken Herrmann '20, Joe Williamson '23, Pete Olcott '24, and Bud Hadley '24.

Joner Baughman '25, has acquired the position of property man in the second regiment band of the University.

Bud Trenkle '23, has been elected captain of the Varsity Wrestling Team for next year. Bud is a new man in our Fraternity, but one of whom we are now fond and proud. He made good on the wrestling team this year in the 145-pound class, and won honors in the recent conference meet.

Ozzie Osborne '22, recently broke the world's collegiate high-jump record with a jump of 6 feet 6 inches.

Joey Smuts '25, won the freshman varsity quarter-mile last week in 51 3-5. We expect to see Joey on the Varsity next year.

Hank Croll '23, has been appointed to a place on the Senior Memorial Committee of the Junior Class. Don Powell '22, won a place on the Senior Committee appointed to consider the establishment of an endowment fund at the University.

Eta Chapter had its "last hand" of the year at the Elks' Hall in Champaign on the night of April 21. Brother and Mrs. Filbey and Brother and Mrs. Scovill chaperoned the dance, which went off in excellent manner, due to the work of Brother Doud, Chairman of the dance.

Mother's Day was celebrated at the University May 7. About ten mothers came for the week-end at the house.

On April 6 we had our last initiation of the year, and at that time welcomed into our Fraternity D. J. Missimer '22, of Champaign; H. R. Trenkle '23, of Farmer City, Ill.; and L. T. Tupy '24, of West Chicago, Ill.

We should like to announce the pledging of J. B. Stearn '24, of Chicago.

Hod Gray and Don Powell have been awarded final honors on the basis of their scholastic standings.

Eta Chapter has entered in all intra-mural sports available lately. We won second place in the intra-mural track meet yesterday, which was participated in by most of the fraternities and several non-fraternity groups. Blake Blakely '22, was our high-point man. Others from the house to place were Freddy Harrison, Judge LeMaster, Buck Holmes, Toop Tupy, Guy Rudd, and Joey Smuts. The baseball team has had a little hard luck, and as a result we have lost three games. Nevertheless, we shall rank near the top of our division. Tennis has been progressing very fine in the person of Nat Doud '22.

He is helping us win the singles championship. Doubles have not started yet. Several of the boys are trying for the doubles team, but it has not been selected yet.

Commencement will take place at the University June 14. We shall lose through graduation Brothers Benson, Blakely, Doud, McFarland, Missimer, Osborne, Powell, and Wilson. We wish the boys the best of luck, and only wish that they could all come back next year. They have worked hard to make Eta Chapter what it is, and we appreciate their efforts.

Two more pins have just disappeared from the house. Olie Benson '22, has become engaged to Miss Nettie Nyberg of Champaign, and Art Higgs '23, has announced his engagement to Miss Gayla Weeks of Peoria.

THETA.

Theta Chapter has had a successful spring season filled with social, athletic, and campus activities, besides the regular spring initiation which was held April 10. One faculty member, Mr. J. B. Bailey, an instructor in electrical design at the University, was initiated, and five freshmen: J. M. Voris, M. E. '25; Charles Perkins, S. '25; A. W. Summers, C. E. '25; C. G. Ellis, Ag. '25; and R. H. Miles, Ch. E. '25, making a total of eleven men to be affiliated with Kappa Delta Rho during this year. The following evening a banquet was given at the Chapter house in honor of the new men. Toasts were given by the new men and several old men.

A variety of successful social affairs were held this spring. On the evening of March 18 Theta Chapter entertained at an informal dinner and theater party. The dinner was followed by a musical and dancing until nine o'clock at which time the party adjourned to the Mars Theater, concluding a highly enjoyable evening.

On April 1, Major and Mrs. L. R. Cole entertained the members of Theta and their girls at an informal dance at the home of the host. Major Cole is Professor of Military Tactics in the Reserve Officers Training Corps at the University.

A hard-time party was given at the chapter house on April 22. The house was beautifully decorated, and the guests in their fantastic costumes created quite a sensation. Bro. Pug Kelly won the judges' decision for having the most appropriate apparel. Miss Helen Dufendach was an out-of-town guest for the occasion.

Kappa Delta Rho had a large representation at the annual Blanket Hop held on March 25 in the Memorial Gymnasium, one of the big social affairs of the University's year. The fellows attending reported a wonderful time.

The 1923 Junior Prom held the fifth of May and the annual Harlequin show on the following evening, are affairs long to be remembered by those attending. This year's production of the Harlequin Club was the musical comedy entitled, "The College Prince," and won the unstinted applause of the delighted audience. A number of our brothers entertained their girls at dinner Sunday, May 7. Out-of-town guests were Mrs. C. I. Miller and Miss Helen Vandiver of Lebanon, Indiana, and Miss Lucille Shoulty of Bloomington, and Miss Louise Densford of Danville, Illinois.

The senior dance which the brothers of Theta are planning for May 26 will be the concluding social event of the year. The last house-party for the seven seniors who are leaving us promises to be a happy affair.

Theta has been quite successful in athletics this spring. Bro. J. W. Campbell '24 is on the regular pitching staff of the Varsity baseball team. He pitched games with DePauw and Butler, both of which resulted in a victory for Purdue.

Bro. C. A. Perkins '25 is holding down an outfield position on the Freshman team.

Theta defeated Sigma Alpha Mu in the inter-fraternity baseball series, 9-6.

Bro. D. O. Tomey '22 received a senior class numeral in baseball this spring, and Bro. G. V. Woodling '23 has been awarded a class sweater for football played last fall. Bro. P. M. Kelley '24 has been awarded varsity numerals in fencing.

Bros. Culbertson and Harvey have been bringing home laurels in the inter-fraternity tennis contest, defeating Beta Theta Pi and Phi Kappa Alpha. In fact the tennis fever has so strong a hold on the house that we have built an excellent tennis court in the yard. There is hardly an hour in the day that the court is not in use.

The good old game of horseshoes has been hotly contested during the last few months. At present Bros. D. O. Tomey, Hithecker, Woodling, and Barkley rate highest.

While we have been busy with extra-curriculum activities, we still devote some time to John Purdue's school house. Bro. George V. Woodling has just been initiated into Eta Kappa Nu, honorary electrical engineering fraternity. Bro. A. S. Carter has recently been initiated into Kappa Delta Pi, honorary educational fraternity.

The registrar's report just received for last semester places Kappa Delta Rho ninth in the scholastic averages of twenty-six national fraternities.

The annual Purdue Military Carnival held on the evening of March 23 was largely attended and highly successful. Cadet Capt. Bro. R. E. Culbertson commanded a battery through an exhibition of dismounted drill. Cadet Lieut. Bro. G. V. Woodling had charge of a motorcycle race, and Cadet Lieut. Bro. E. W. McIlvaine featured in a speciality act in which he held a burning candle in his hand while the light was extinguished by a pistol shot at twenty paces. Mac won the tin helmet for bravery. Sgt. Bro. M. H. Hammit demonstrated his bravery when he led a section "over the top" under bursting bombs to victory in the grand finale.

The spring elections of various campus organizations has given offices to a number of Kappa Delta Rho men.

Bro. R. N. Glendenning '22 has been elected vice-president of Ceres, honorary agricultural society.

Bro. A. S. Carter '23 has been elected treasurer of Emersonian Literary Society.

R. H. Miles '25 has been elected secretary of Carlyle Literary Society.

A. W. Summers '25 is pledged to Campus Literary Society.

The brothers of Theta have definitely decided upon a building program which will be put in operation this spring. Each man upon graduation will subscribe to the building fund.

As we are sending in these notes the fellows are busy converting Bro. O. S. Winchester's Ford into a fire truck to represent Kappa Delta Rho in the Circus parade. Bro. B. D. Holley will pose as fire-chief in a diminutive fliver. The Purdue Circus, scheduled for May 12, is an annual event sponsored by the Student Union. In the morning a monstrous parade is held; in the afternoon the May Day exercises take place; and in the evening the side shows and main show in the Armory bring crowds of pleasure seekers. This year the feature of the big show will be a demonstration of auto-polo.

Our seniors are impatiently looking forward to the week of June 10-14. Gala Week. At that time alumni return to their Alma Mater and attend their class reunions and all is gay.

IOTA.

Jack says that most of the good men go back to Jersey at least long enough to pick out the one woman in the world. There seems to be quite a number of them in Jersey for another brother has whispered around among his friends that he has found one—Hopler '24, has announced his engagement to Miss Evalyn Stephens, of Hacketstown, N. J.

Jackson '22, who is Ace's high among those of us who specialize in education on the installment plan is planning to take next year out to teach—or drive an ice wagon—before continuing his studies at one of the Seminaries.

Deac, as captain of the Varsity baseball team this year seems to be making a hit—take this literally if you wish for Deac is a mean slugger and is leading the team by a fair margin—but he is also proving a popular captain which is an art under present conditions.

After a gratifying Home coming which the Chapter staged for the old men of the Forum on May 12th, our next move is in the direction of a big Symposium at the close of the year. We plan to get a large number of the Old Forum men back at this time and things begin to look as if it would be a wise thing for the Culinary department to save all the tin cans for the next three weeks for the goat is due to work overtime.

There are rumors that Jackson got up for breakfast this morning but the Pp was unable to verify this at the hour of sending to press.

NOTICE.

Eta Chapter extends a cordial invitation to all Kappa Delta Rho men living within a reasonable radius of Chicago, Ill., to attend a banquet at the Hotel La Salle, Chicago, at 6:00 P. M., September 1, 1922. There will be a seven-course dinner followed, possibly, by a theater party. The price of the dinner will be three dollars and expenses of all will be pooled so that those living at a distance can attend without incurring a heavy financial burden. Rooms for all will be provided by the fellows living in, and around, Chicago. Rushes will be most welcome as will all brothers from other chapters.

A subscription has recently been received from G. A. Riggs, Iota 1917, now a resident of Rio Piedras, Porto Rico. Bro. Riggs believes that Iota made a decided advance when joining Kappa Delta Rho, and Iota is very dear to him. He extends a cordial welcome to any brother headed in the direction of the beautiful island of Porto Rico.

Alf. E. Tovey, Printer, Buffalo, N. Y.
