

National Fraternity Expands Programs.....

Incorporating New Chapter Alumni Becomes Latest Project

In the past five years Kappa Delta Rho has added seventeen chapters to its roles. This was an amazing achievement that helped distinguish our Fraternity as one of the outstanding success stories of the 1980's in the fraternity world. Though this unprecedented expansion bodes well for the future of Kappa

Delta Rho, it also has created some challenges for its membership. One such challenge has been the development of alumni corporations to monitor and support these new chapters.

At the end of the 1989-90 academic year only three of the seventeen chapters organized in the past five years had working alumni corporations. Recognizing the shortcoming,

the National Fraternity's Board of Directors decided it was time to do something about the situation.

First they directed Donald Stohl to hire a Director of Alumni Affairs whose responsibility, among others, would be to help alumni from the various unincorporated chapters to organize and incorporate their alumni groups. Brother Stohl promptly hired Mark Odom, Omega Alpha '89, to fill this position.

Since Mark came on staff last spring, two chapters, Epsilon Beta (Old Dominion) and Omega Alpha (Virginia Commonwealth), have been incorporated, with Gamma Beta (Virginia Tech) and Tau Alpha (Radford) soon to follow. Mark fully expects that every chapter with ten or more alumni will be incorporated by the end of the 1990-91 academic year.

But more than just incorporating the chapters, the Fraternity wants to be

sure that its newer chapters develop alumni organizations with the intent of ensuring the future of the undergraduate membership. Speaking of the role of alumni in this process, Brother Odom comments, "We believe each chapter's alumni corporation should play an important role in the continuing operations of the chapter. After all, who would be more interested in what the Epsilon Beta Chapter is doing than an Epsilon Beta Chapter Alumnus? So what we are trying to do is to help alumni channel their interest in the chapter towards constructive participation in chapter activities". So far Mark is pleased with the results he has been getting. "Both the VCU and ODU alumni are really leading the way for their chapter's undergraduates".

The alumni these young chapters are producing are finding that their experience as undergraduate chapter leaders pays big dividends now as active alumni supporters. As Mark Murray, the Omega Alpha Chapter's Alumni Corporation President said, "We end up helping them (the active chapter) to avoid reinventing the wheel every year". In fact, with the prospect of purchasing housing for their chapters being only a remote possibility, alumni are finding the sense of continuity they bring to the chapter is the most valuable resource alumni can provide to undergraduates.

Yet even though these new alumni groups don't anticipate purchasing real estate, they do understand the necessity of incorporation. They realize that as members of the chapter they continue to maintain individual liability for the actions of the undergraduates, even as alumni. Forming an alumni corporation is the only way to avoid personal liability. So, it is with a sense of urgency that the National Fraternity is incorporating its chapters. "In the unlikely and unfortunate event that the actions of an undergraduate lead to an expensive law suit, we don't want any alumnus to be held personally liable", says Odom. Incorporation and strict adherence to the Fraternity's Risk Management Policies can achieve this goal.

The process of incorporation is not a complicated one. The National Fraternity handles all the paperwork and pays all the fees required by the state and federal government. The National Fraternity is confident that this program will not only protect its membership against personal financial trauma, but also ensure the success of its newer chapters.

Nationally Known Wildlife Artist... Original Artwork Donated To The Foundation To Promote Giving.....

What started as an "always wanted to do" project has resulted in a gift to the National Foundation. The gift is a magnificent compositional study of the most majestic of water fowl, the Canadian Geese. The artist is KDR Brother and architect, Howard R. Roe, a 1953 graduate of Ohio State University and a member of Kappa Delta Rho.

In 1989, President James Edgeworth met with Brother Roe to discuss the possibilities of his presenting the fraternity one of his paintings as a gift. The idea was also discussed that with his permission, the work of art would be reproduced in a very limited number and the original would be on permanent display in the National Headquarters. The reproductions would be used as gifts to those mem-

bers who became members of our "Founders Club." Needless to say, the idea was accepted by Brother Roe and at our final banquet at the 1989 National Convention in Richmond, Virginia, the work of art was presented to Kappa Delta Rho.

Although it has taken many months to locate a suitable firm to reproduce the work, already approxi-

mately twenty-five members of the Founders Club will be receiving their prints in early January. As of this issue of the *Quill & Scroll*, three more members have given unrestricted gifts of \$1,000 each. Thus, in becoming members, they are entitled to a print of Brother Roe's Canadian Geese study.

About the Artist.....

Brother Harold Roe has always been keenly interested in the world of nature. As a boy he began his interest by hunting pheasant and rabbit with his father and brothers in Wood County, Ohio where his father owned a farm. In the years since college and a tour in the U.S. Navy, he has pursued that interest by traveling extensively through much of wilderness Canada. More recently he has acquired part ownership of a marsh along Lake Erie where he spends time studying some of the subjects he paints.

Brother Roe is by training an architect and has practiced as a principal in his own firm. He is a corporate member of the American Institute of Architects. In 1967 he became art director of a nationally prominent architectural illustrating firm (Howard Assoc

Half-Century Club National Fraternity Revives Tradition

As the Fraternity celebrates its 85th anniversary, it would seem only right it also revives an old but dormant tradition. This tradition was to recognize those senior members who to whatever degree have been supportive of the National Fraternity. The method of recognition was to award each supportive alumnus who had reached his "golden" year as a member of Kappa Delta Rho with a certificate. The certificate reads:

Yes, Virginia, Santa Is A KDR!

Tony "Santa" Wishinski

made to the Cystic Fibrosis Society in Tony's name now total over thousands of dollars.

Raising money for a worthy cause is an admirable goal in itself, but it is not the only reason Tony keeps such a tight schedule during the holidays. "I love children," he admits, "and you can't match the feeling you get when a child sets his eyes on Santa for the first time."

To a child, spotting Wishinski is the same thing as spotting old Saint Nick. A few years ago while watching another Santa hired by a local mall to greet area youngsters, he was asked to leave by a mall director who noticed he was attracting more attention than the contracted Santa. Tony wasn't wearing his costume.

Tony pledged KDR in 1939. After graduating from Middlebury College in 1942, he served in the 100th Division of the U.S. Army as a sergeant until 1945.

From 1946 to 1949 he was an instructor at the Kimball Union Academy followed by employment for the next six years at the Winsor High School. At Winsor, Brother Wishinski served not only as an instructor but as a coach. Since 1956, Tony and Mrs. Claus (better known as Eleanor) and their three children, the Wishinski family, have called the Plainville their hometown. Following his retirement from teaching in 1976, Tony began to make the role of Santa a higher priority in his life.

So what's the key to being a good Santa Claus? "To be a good Santa, you've got to know what love is. Christmas is love to me. When I see the children's big eyes pop out, that's the reason I do it. That's all I want."

**"To Be A Good Santa
You've Got To Know What Love Is!"**

Tony Wishinski, Alpha '42 of Plainville, Connecticut, may not have always looked like Santa Claus, but there is no mistaking his resemblance to the jolly old man these days. Not only does Tony look more like the real thing than other would-be Santas, he also acts in ways that set him apart from the crowd. In fact, a review of Tony's activities would lead one to believe that he is indeed Santa Claus.

This year alone, Tony will answer more than 150 letters addressed to Santa Claus and delivered through the Plainville post office. Most of these letters are from local children who drop them in a specially decorated mail box just outside the post office, but a few come from as far away as Anchorage, Alaska. Tony has to start answering these letters as early as August to allow himself plenty of time to finish this task before the busy holiday season arrives. He pays the mailing expenses himself reasoning, "I figure if I frequented the local pub or was a movie addict, I'd spend the money anyway."

After the former Plainville High School math teacher finishes his annual correspondence, he makes appearances as Santa Claus throughout the community. However, he doesn't do it to make money for himself. Tony requests that the salary businesses, churches, and individuals would otherwise pay him be donated to the Cystic Fibrosis Society instead. CHAPTER COMPLIMENTS

Dear Don,

Last night was one of the most pleasant and interesting Saturday nights that my wife Cay and I had enjoyed in many weeks. Epsilon Beta Chapter invited us to their Red Rose Formal. I lost track of how many brothers took time to make us feel welcome, and I really appreciated their including Cay in the group pinned by brothers in the last year (for us, 30 years ago!) And therefore a recipient of a dozen red roses.

I was impressed by the maturity of the brothers and the first-class nature of the occasion. The new waterfront Radisson, the excellent dinner, and the general ambience of the occasion were a contrast to the formals held in the second-floor Waterville grange hall by Xi Chapter in the early fifties.

So I congratulate you on such an excellent new chapter, and I apologize for not writing sooner, when I first knew that there was a KDR chapter at Old Dominion University. Our attendance at the Formal can be attributed to the efforts of Sandy Kable, the Formal Chairman. He sent us an invitation well in advance of the function and then followed up by telephone. With that kind of organization, it is

hard to understand why there were no alumni other than Brian MacNeil and me at this affair.

I understand that the success of Epsilon Beta is due largely to your personal efforts, visits, and motivation. Please let me know when you will next be visiting. I would like to meet you.

I am sincere, and very belated, when I ask that you feel free to call upon me for any local help I can provide. However, from what I saw and heard, Epsilon Beta seems to be doing exceptionally well without much alumni support.

Again, my congratulations on an outstanding chapter.

FRATERNITY PUBLICATIONS

Brethren:

Thanks for sending me *The Sentry*, a most informative publication. Glad to see that kegs, booze and hazing are no longer a part of fraternity life. Good news!

John G. Smale
Lambda '24

Dear Don:

I have been reading the *Quill and Scroll* for a long time and I want to tell you how impressed I am with the recent issues.

In days gone by this publication always looked nice, but the content left much to be desired. Now, it may not be a slick magazine like some fraternities have, but the contents make for interesting and worthwhile reading.

As the President of my chapter's alumni corporation, I have some idea as to the trials and tribulations you and your staff go through each day. This is all the more reason I want to say "thank you" for all your hard work.

MAYER MALONEY

Dear Brother Stohl:

I am deeply grieved to hear of our good, good brother Mayer Maloney's passing, and I and my wife, Julie, wish to express our very deep, profound sympathy to all who revered him as we both did.

Our thoughts and prayers go out in loving remembrance of the good times shared in the past with Betty and Mayer. Please convey these sentiments to Betty also.

Mayer indeed was the "guiding light in the lamp" of KDR, giving his time so unselfishly to our fraternity. He will be sorely missed, but long remembered.

Enclosed please find my check for The Maloney Scholarship Fund.

Fraternally yours,

Half-Century Club.....

(Continued from Page 1)

To date, over 500 alumni have been recognized for their loyalty and support. The National Headquarters, following the first mailings, has received many letters of appreciation for this honor. Just a few of those letters follow.

Dear Mr. Stohl:

What a pleasant surprise to receive my KDR Half Century Club Certificate! I am delighted with it.

Let me roll back 50-60 years to my days with KDR at Cornell University. I was born and raised in a rural setting in New York State in a very religious family — no smoking, drinking, dancing, card playing nor work on Sunday! I enrolled in the Agriculture College because, as a Land Grant college, there was no tuition. My folks could provide very little money, so I secured a small basement room for \$3.00 a week and worked in a cafeteria for a living.

I kept up my religious contacts and made friends with Bud Corbett (I think that was his name) who urged me to join KDR. I knew nothing of fraternity life, and the fee of \$75 was enormous. However, on my initiation night, the brothers came for me in a Stutz Bearcat! Later, of course, I learned that it was borrowed for the occasion. However, I have a scale model of it on my mantel — a reminder of both Cornell and KDR. I was not a 'fraternity man', but it was a good experience.

In my senior year, I knew that I did not want to continue in Agriculture. My advisor suggested that I try the Chicago Theological Seminary to see if I wanted to be a minister. I met my wife there, we were both ordained in 1934 and began our ministry in Clinton, Iowa. We came to Columbus in 1950 where I served the Ohio Council of Churches as Director of Religious Education and Youth Work. My wife has served as Director of one of the city's recreation centers.

We have three wonderful children — Betsy is a professor of Romance Language at the University of Waterloo in Canada; our son, Ted is head of a department with the Dunn Geoscience Corporation in Albany; and our younger daughter is a Minister

serving a church in Los Angeles.

I am 85 — hoping to move into a retirement home in the next year or two. Enough is enough!

Dear Brother Stohl:

Even though the Certificate of Membership in the KDR Half Century Club came almost a month ago, it nevertheless is much appreciated. Please excuse my delay in replying, which was due to a short trip to New England to visit family and old friends.

I had not heard of the club and the certificate arrival came as a complete surprise. It is tastefully designed and after framing, shall hang on the wall near my desk.

May this note adequately express my thanks and appreciation.

Thank you for your gracious letter of April 4th, and for the certificate of membership in the Half Century Club. It is an honor to receive the certificate, and I am most appreciative for your efforts in sending it to me.

Omicron '35

Dear Brother Stohl:

Please accept my apologies for being so late in replying to your letter of Dec. 7. I have so much spare time on my hands that I rarely get anything done. Besides the pace at 83 is much slower.

Thanks so much for the certificate indicating my membership in the KDR Half Century Club. My one regret is that I have not been able to contribute more to the fraternity which did so much for me.

For two years I waited on tables at the fraternity and one year I had charge of the dining room, for which I got my meals free. When we started, we paid \$4.50 a week with only two meals on

Sunday. At the end of the year (1931) the rate had gone up to \$6.00 a week which was a fair price and we had good food to boot.

We had a great bunch of fellows and we rated high on the campus. It breaks my heart to see it deteriorate itself into oblivion — it was most unfortunate.

Thank you for the recognition.

Dear Brother Stohl:

Thank you for the Half Century Club KDR Membership Certificate.

To tell the truth, I can't remember exactly when I was initiated, but I think it was the late winter of 1930-31. I was a sophomore — a little out of synchronization. The fraternity meant a lot to me. I was a rather shy person, and it helped me greatly to open up.

Dear Brother Stohl:

I am deeply honored by the recognition of my many years of membership in KDR. I shall keep the certificate and perhaps have it framed when I get home. You see, we are in Florida for a few weeks and I have no proper writing paper.

It is alarming that Middlebury College is thinking of doing away with fraternities completely! It seems wrong to me. I can take some comfort from the fact that the brotherhood is alive and well in other colleges.

Thank you again.

Sincerely,
James S. Brock

Dear Brother Stohl:

I recently received the "Certificate of Longevity" that you sent. Thank you very much. It is very nice and most thoughtful.

I had never received, nor had I ever heard, of such a tradition in the Fraternity.

At any rate, it certainly was a nice gesture and is greatly appreciated.

A Remembrance.....

I was sorry to hear of the passing of Brother E. Mayer Maloney. The death of any fraternity member is always a sad occasion. However, Brother Maloney's stature within the fraternity was so great that the occasion of his death is cause for reflection.

Brother Maloney represented Kappa Delta Rho for so many years that in many ways he became its personification. He was an intelligent administrator, skilled diplomat, and savvy fund raiser. He was as much at ease with the memories and concerns of an alumnus from the 1920s as he was sensitive to the needs of a pledge of the 1980s.

My personal relationship with Brother Maloney was a reflection of his dedication and experience. As a second semester junior at Franklin College, I had no interest in modern day fraternity life. I had remained an independent for three years and intended to graduate as such. Franklin College's Epsilon Chapter, once a strong member of the National Fraternity, had dissolved in the early 1970s. Several alumni in 1977 sought to reestablish the chapter on campus and Brother Maloney led the recolonization efforts. My grandfather, Leo T. Wolford, had been very active in the National Fraternity and, in fact, had been its President over a period of years on two separate occasions. Using this historical connection, Brother Maloney personally recruited me to become a member of the fraternity.

Mayer assured me and the handful of other "student recruits" that this revived fraternity would be unlike the existing fraternities on campus. Rather, the new fraternity would be dedicated to the principals of scholarship and charity which were so important in the early days of Kappa Delta Rho. Also, when soliciting financial support, Brother Maloney's diplomatic skills were critical in convincing older alumni to once again invest in their fraternity which had disappointed them only a few years earlier. Moreover, Brother Maloney's negotiating skills were essential in convincing the college to accept back onto its campus a fraternity which only recently had folded.

The reorganization of Epsilon Chapter at Franklin College, of course, would not have been possible without the many dedicated alumni who pursued the concept. Still, I do not believe Epsilon Chapter would exist today without Brother Maloney's ability to skillfully negotiate the competing interest of students, alumni, and school administrators.

Brother Maloney was uniquely qualified to draw upon his experiences of fifty years of dedication to Kappa Delta Rho.

His Honor...E. Mayer....

His example has been the inspiration for the great expansion of the 1980s for which you, Brother Stohl, and others are responsible.

Brother Maloney presided over the first installation of offices of Epsilon fledgling colony in April 1977. That night during the celebration party, Brother Maloney and I escaped to an empty room where we drank mugs of beer and discussed my

grandfather and the early days of Kappa Delta Rho. Again, he was as much at ease drinking beer with me as he was with the memories of an early alumnus. Brother Maloney shall always represent to me, on a personal level, a bridge between myself and my grandfather. On a broader level, however, Brother Maloney was the bridge who persistently carried the fundamental principals of our fraternity from its early days to their application today. E. Mayer Maloney will be dearly missed by his brothers. This is a tribute to the spirit of Kappa Delta Rho which he personified.

Fraternally,

Roger J. Wolford

His Honor, The Mayer

When I first heard his name mentioned in conversation, it was with such combination of respect and affection that my immediate thought was "Mayor who? What's he Mayor of? Mayor of Indianapolis?" For the speaker's tone was of the type generally reserved for that very rare breed of respected, honorable and prominent public figures. I was soon to learn that "His Honor The Mayor" was, in fact, none other than "E. Mayer"—and that the warmth and admiration of the speaker was fully justified. Indeed, I found that this opinion was shared by every KDR who knew E. Mayer Maloney. And I quickly concluded that the title "His Honor" could be aptly applied to this remarkable individual.

How entirely fitting that "Honor Super Omnia"----- "Honor Before All Things" ---- would be the motto of the organization to which Mayer devoted so many of his years and so much of his dedicated energy. The word "Honor" fitted him perfectly. Seldom have I encountered a man of such honesty, integrity and consistency. Mayer exuded strong values and beliefs, expressed his views decisively, and held firmly to his principles. Many times during our years of working together, I would ponder a question or issue and ask myself "What will Mayer think of this idea?" And as time went on, invariably I knew how Mayer would analyze a problem even before we discussed it. He was a constant source of stability and common sense in even the most difficult times. And always with honesty, integrity, consistency.

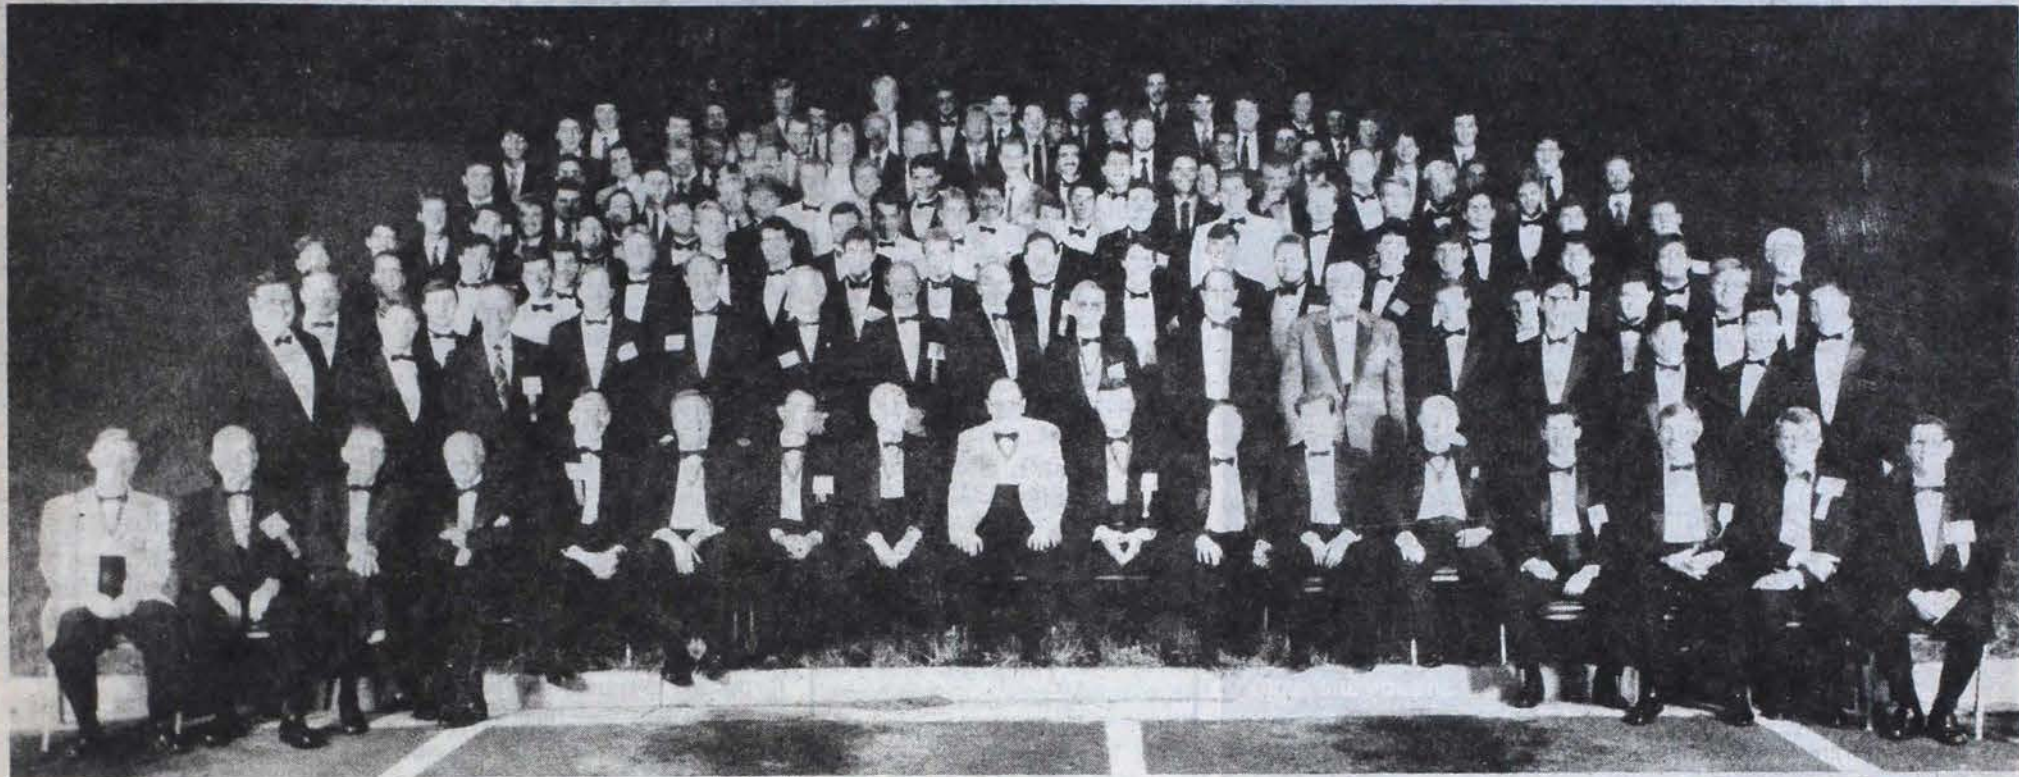

His Honor, The Mayer! He was a great friend, advisor, and role model for us all. We mourn his loss. But we celebrate his character, his accomplishments and his enormous contributions to Kappa Delta Rho.

78th Annual Leadership School and Convention Well Attended

August 1989, The Hyatt Richmond was the site for the 78th National Convention and Leadership School of Kappa Delta Rho. Well over 300 undergraduate and alumni brothers converged on this historic city in Virginia.

The undergraduate Leadership School convened after registration with a session on rush techniques presented by Mr. Craig Peterson (Sigma Chi), the Executive Director of Interchange. Mr. Peterson's program stressed the importance of striving for both quality and quantity.

Throughout the afternoon, workshops were held on various other topics. Craig Peterson also held a seminar on the merits of interchange and its expansion onto many campuses. "Breakouts" were held to re-examine the roles of offices in the successful operation of a chapter. These were conducted by the national staff with

the help of John Taylor, Zeta '60. Two other sessions were held; one concerning the improvement of established chapters, and the other on establishing new and provisional chapters.

A swim party and barbecue were planned for Thursday evening. However, some rain showers put a damper on any outdoor goings on. The Hyatt Richmond responded by holding an indoor picnic in the ballroom and everyone had a great time.

Friday morning brought the arrival of alumni from all over the country. After roll call and review of the alumni schedule, National President James E. Edgeworth Sr., Psi '56, delivered the "Charge to the Alumni." During the entire day the alumni attended seminars, interrupted only by "a working lunch" during which guest speakers discussed the future of the Greek system.

The undergraduates began their

morning with "A Message from the President" and moved on to sessions on motivation and a proposed new ceremony. After lunch, there was a forum concerning the elimination of the pledge period.

Later Friday evening, buses were chartered to the Minor League Stadium in Richmond where everyone enjoyed burgers and hot dogs and watched Richmond's ball team outscore Oklahoma's.

Saturday started early with a continental breakfast and then the 78th Annual Convention of Kappa Delta Rho was called to order by Grand Consul James Edgeworth at 9:30 a.m. Delegates representing Chapters, Provisional Chapters, Groups of Intent, and Alumni Corporations comprised the largest convention attendance in history.

The awards luncheon followed next on the agenda. Numerous indi-

vidual and chapter awards along with scholarships were presented. The highlight of the luncheon was the ceremony honoring those standing members elected to the consul's advisory board. The run-down of winners appears on the following pages.

After the luncheon, a session took place entitled "Risk Management One Year Later" which was presented by Mr. Durward Owen, Executive Director of Pi Kappa Phi and President of the Fraternity Insurance Purchasing Group. Various committee meetings and selected chapter reviews took place the rest of the afternoon.

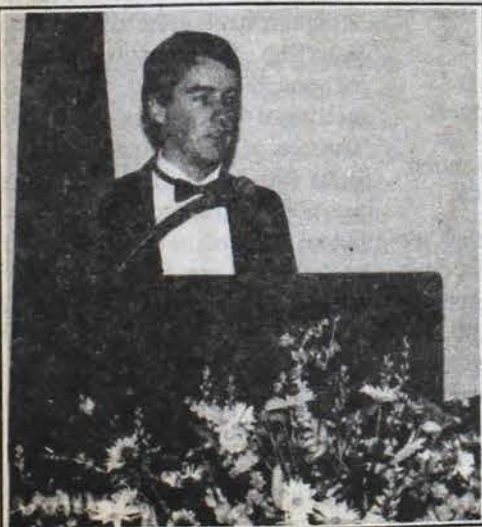

Saturday evening was a Kappa Delta Rho extravaganza. The festivities began with a black tie reception. Then everyone posed for a group picture outside the beautiful Hyatt Richmond grounds. After the photographs was the event all were looking forward to. The Ordo Honorium was the

grandest to date and was filled with individual honors and the presentation of our new Grand Consul. A full account of this historic occasion can be found in the pages ahead.

The 78th Annual Leadership School and Convention is now history. Only fond memories and knowledge gained still remain. Kappa Delta Rhos were once again united in their common cause of furthering the brotherhood. The Richmond convention was our largest and most successful convention to date, and next year at Innisbrook promises to be even better.

1989 Ordo Honorium Inductees

A History.....

In our growing history as a National Fraternity, we have from time to time recognized alumni for notable accomplishments. Until recently, however, recognition had not been award in any formal way. Word of outstanding achievements by Fraternity Alumni members was left to an occasional biography printed in the Quill & Scroll, when information was attainable, or a personal appearance before but a few at a National Convention. The National Fraternity has corrected this lack of formal recognition by the founding of Ordo Honorium. The general idea, as intended by the National Board of Directors, is the establishment of a sort of "Hall of Fame" for distinguished alumni.

In 1980, shortly after becoming Executive Director, Donald Stohl, (Zeta '54), set about the inception of Ordo Honorium. Eager to formally recognize the rather impressive achievements of various alumni members, Brother Stohl also saw the opportunity for these outstanding accomplishments to serve as an inspiration to present and future members. Many of the alumni that have been honored by the fraternity have indicated that KDR has made an early and lasting impression on them which helped in their development. An important factor, however, was the notion of "Hall of Fame." While it carries with it the general idea of what the National Board wanted to accomplish, the notion, hackneyed and over-used, has the less desirable connotation of, perhaps, an annual prize for top sales producers. Instead, the Board sought to develop a meaningful basis for the recognition of outstanding alumni.

The obvious path was to follow the tradition of the KDR Ritual and Ceremonies which are based on the model of the ancient Roman Republic. Upon the suggestion of a Benedictine Monk at the Archabbey of St. Vincent College in Western Pennsylvania, the Board finally decided on the distinction Ordo Honorium. "Order of Honor", the honor awarded to Roman citizens for their contribution to state and community.

On August 14, 1982, the initial class of inductees to Ordo Honorium were greeted with the official citation; "Brother, we salute you. Being persuaded of your honor, fidelity and concern for your fellow-man, we have caused these letters to be issued..." The initial class of inductees, designated Alpha Class, includes 81 members and recognizes notable accomplishments made during the first 75 years of our Fraternity's history. Each subsequent year, a new class of select inductees, designated by consecutive letters of Greek alphabet, is chosen.

Selection for membership in Ordo Honorium is rightfully placed in the hands of one's peers. Each year, the individual chapter alumni organizations are asked to submit two nominations for induction into Ordo Honorium. After the nominations are submitted, each nominee is contacted for his acceptance and as these nominations are accepted, the name and biography of each nominee is submitted to the Ordo Selection Committee. This Committee, consisting of current Ordo Honorium members, provides the final selection which is announced at the Annual Convention. Their biographies are published in this issue of the Quill & Scroll. No all those nominated each year are selected by may be renominated by their chapter in subsequent years. The criteria for selection are based on accomplishment in career, community, and/or optimally, the Fraternity.

Specifically, nominations for Ordo Honorium are made in one of three categories:

1. Personal or professional accomplishments, (including community involvement)
2. National recognition, (sports, entertainment, politics, etc.)
3. Outstanding Fraternity involvement, (Chapter or National)

It is felt that KDRs worthy of the honor and distinction will rise to the top and the selection process will easily recognize their accomplishments. Kappa Delta Rho hopes that all her members will become worthy to join those members currently in Ordo Honorium.

ALVAH C. BORAH
Retired Real Estate Broker
and Banker
Member Emeritus of the Foundation
Board of Trustees

Early in the 1980's, this gentleman, in a very quiet way, was to play an important role in the future of Kappa Delta Rho. The scene was Pittsburgh, Pa., and the occasion was the first meeting of the newly formed Board of Trustees of the reorganized Kappa Delta Rho Foundation. Although it was not explained to those attending, but the future of the Foundation and its goals that day were hanging by a string. If there was no support by those assembled, all would be lost. Needless to say, our Foundation is in existence and beginning to work. We honor Brother Alvah Borah, for not only his financial support, but for those all important and encouraging words that have, to a certain degree, enabled us to

1989 Ordo Honorium Inductees

continue from that day in Pittsburgh.

Life in the early 30's was not easy for the average college student. Ask any of the students of those times and they are sure to tell you that they learned through responsibility, dedication and a desire to succeed. Brother Borah was no different. Upon leaving the University of Illinois, he was to become a sales representative and later a successful real estate broker. It was also during these years that, along with friends, he was influential in founding "The Land of Lincoln Bank." He served as a Director and Vice President for 25 years at which time he retired as a Director Emeritus.

It was also during these years that he remained involved with the Eta Alumni Corporation as well as the Lions, Elks Club, and the Masons. We honor the first member of the newly formed KDR Founder's Club, the first Trustee Emeritus of our Foundation, and a true example of the KDR gentleman, to the Theta Class of the Ordo Honorium.

We Of The Past, Send Greetings.....

Upon notification of his acceptance into the Ordo Honorium, Brother Borah asked if he may deliver a message to the Fraternity. His message follows:

Mr. Chairman, Inductees into Ordo Honorium, Alumni, and Actives in Kappa Delta Rho, Ladies and Gentlemen:

As the final recipient of this honor, I have been asked to speak. First, may I say to the inductees, "Gentlemen, congratulations, and I am honored to be included with you who are receiving this great alumni honor our fraternity bestows."

But for these gentlemen I cannot speak — their victories and successes speak far louder and more eloquently than can I.

I can speak only for myself: When asked to be here tonight, my first thought was "this program isn't too old and when they pick me they're dipping pretty deeply into the barrel." My victories have been few and my contributions meager. In fact few successes have been largely due to being in the right place at the right time.

If I may, I'd like to accept this, not for myself but for the over-

looked, the unsung and forgotten of my generation of Kappa Delta Rho's. We had our triumphs and defeats, our successes and our abject failures.

We saw the last of the Roaring Twenties, weathered The Great Depression, helped win a World War from which many didn't return, and helped build the years of prosperity that followed. However, we may have contributed the factors that caused recessions, galloping inflation, wars that claimed our sons and daughters and even conditions that foster drugs and crime.

But, strangely, we don't think of ourselves as old — rather as young men who often feel "not so hot". We don't change, but everything else does — the hills are steeper, our shoes are heavier and the golf ball doesn't fly as it did. May we have the strength and wisdom to face a nervous and sometimes cruel world. May we wear our years gracefully with compassion for the less fortunate and with tolerance for those with whom we disagree.

Tonight as I face the youth, the strength and the fire of our undergraduates, I am reminded of the inscription on the Alumni Group at The University of Illinois. Here I para-

phrase "TO THY HAPPY CHILDREN OF THE FUTURE WE OF THE PAST SEND GREETINGS." We, whose hands grow weaker, throw you the torch.

May God give you the strength to hold it high — and in its light build a stronger, larger and caring/helping KAPPA DELTA RHO.

This gentleman has, or is, serving his chapter as Rush Chairman, Philanthropic Chairman, and Intramural chairman. He is also a member of the University Accounting Club, and a member of the I.F.C. Crimewater Committee. While in high school, he was the recipient of four individual scholarship awards, and it seems this trend continues.

\$100 Robert D. Lynd Scholarship Jason D. Burke, Gamma Beta '91

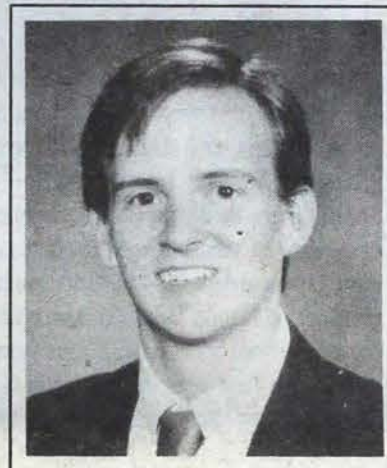

A new scholarship added to the growing list is the "Robert D. Lynd Scholarship", and the recipient is a member who, with a 3.25 GPA, hopes to be a practicing Doctor of Psychiatry. During his first year in college as a Chemistry major, he obtained a high B average only to switch to Psychology, and in this past semester, obtaining Dean's List with Straight A's. Being a founding father of his chapter, Gamma Beta, he has served as co-chairman of the chapter's Advisory Committee and a member of the Executive Committee while being a member of the Psychology Club. A 3.91 GPA is certainly an item that deserves recognition. When it is combined with being a resident assistant, a member of the Campus Committee to Encourage More College Volunteer Involvement, Social Chairman for the Lambda Sigma

Sophomore Honorary, and a newly tapped member of the Senior Honorary "Mortar Board", the 3.91 takes on even more significance. In addition, add to this list of accomplishments the positions of Chapter Quaestor, Praetor, Proprietor, and chairmanships of both the Social and Scholarship Committees. This member has also been elected as next year's chairman of the chapter's Greek Sing Committee...an extremely time involved position, at Carnegie Mellon University.

Today, we again have the opportunity to recognize this gentleman, but this year it is with a different title, that being Kappa Delta Rho's outstanding 1988-89 academic scholar.

His transcript reads - his program or major is Pre-Medical in the College of Arts and Sciences, with Special Programs in Pre-Law and Philosophy, and a GPA of 3.25. With a schedule such as was just mentioned, it is difficult to imagine he would have time for anything else, but let me enlighten you to just a few of his honors and activities.

Just his honors include: Vice President of Phi Eta Sigma, Phi Alpha Delta (Pre-Law Fraternity), Alpha Epsilon Delta (Pre-Med Fraternity), both Blue Key and Mortar Board National Honors Societies, the Governor's Honors Program for College Students, Who's Who in American Colleges and Universities, and the Order of Omega.

As to his chapter, he has served as Junior Tribune, and this past year as Rush Chairman, obtaining 25 pledges. Not that all this is enough, he ran for and was elected as the Student Government President for this coming year, along with his little brother, Tom Hrajewski winning the Vice Presidency. Could he be building a dynasty?

Brothers, Brother Douglas Rammel of Pi Alpha Chapter, our 1988/89 Outstanding Academic Scholar deserves your standing ovation in congratulations.

**\$1,000 Johnson Scholarship
(Graduate - Law)**

**John C. Fernando,
Gamma Beta '89**

Our next scholarship is a very special one in that consideration should be given first to a Lambda Chapter graduate accepted into law school. Should there be no applicants, or one deserving of the scholarship, it may then be awarded to any graduating member of Kappa Delta Rho providing law school acceptance. This year will be the first year the "Gordon G. Johnson Law Scholarship" will be awarded, but we are sorry to say, not to a member of Lambda Chapter.

Our first year recipient is a gentleman having obtained a LSAT score of 43, and providing letters of acceptance to the Marshall Wythe School of Law of the College of William and Mary. While an undergraduate at Virginia Tech, he was Secretary of the National Physics Honor Society (Sigma Pi Sigma), Secretary of the Virginia Tech Chapter of the Society of Physics Students, a founder of the Arts and Science Council for Student Government, served as a special undergraduate research student, and a member of the Virginia Tech Weightlifting Club.

In Kappa Delta Rho, he not only was one of the original founding members, but served as Expansion Coordinator and as a member of the Rush Committee.

The award, the top honor bestowed by The National Association of College and University Business Officers, was established in 1984 to honor those who have made outstanding contributions to business and financial management in higher education.

In presenting the award to Hunt, former NACUBO president John Falcone, and fraternity brother from Lafayette College, said his leadership "had an immeasurable and completely positive influence on all the institutions in Virginia."

"Innovative financing plans and fiscal integrity were among the hallmarks of his career," said Falcone. "When such a person exerts personal leadership and has such a sustained impact on his profession, he is a worthy candidate for the Distinguished Business Officer Award."

Hunt, retired as vice president for business and finance and now a professor at the university, began his career at the University of Virginia in 1957 as an instructor in the university's McIntire School of Commerce. In 1960, he joined the audit staff of Price Waterhouse & Co. in New York, and was a graduate teaching assistant at New York University from 1961 to 1962. That year, he returned to the University of Virginia as assistant professor in the McIntire school, and became associate professor in 1966.

A Nu House

Nu Chapter Alumni Plans A New Chapter Home

Architectural plans were recently unveiled to an enthusiastic gathering of Nu Chapter undergraduates who are anxiously awaiting construction of a new chapter house on the Indiana University campus.

The undergraduates are in the beginning stages of their second year without an official home, since the university took over the university-owned house they had occupied for several years. IU decided, on short notice, in the spring of 1989 that it would need the facility for academic purposes that fall, leaving students with little alternative but to find housing on their own. However, membership remained steady with effective leadership throughout the 1989-90 school year as undergraduates held regular chapter meetings on campus and participated in university events.

There still is no common living area for the chapter but plans for the proposed new chapter house have led to a determination to increase the

membership rolls substantially during this school year. Alumni have challenged undergraduates to more than double their numbers to approximately 70 during the year. They have a great recruiting tool in the architectural drawings.

The campaign to raise funds for the construction began in October 1989, but is entering Phase II with the completion of the drawings. Approximately \$100,000 has been contributed or pledged by Nu Alumni. Every alumnus will be contacted during the fund drive which is scheduled for completion next spring. Cost of the house will

exceed \$1 million. If all is successful, the facility could be ready for occupancy in the fall of 1992.

Preliminary plans call for a capacity of 81 members although the residence would have room for expansion to accommodate more. The two-story facility would feature an open air courtyard in the middle.

Nu alumni are being urged to contribute a minimum of \$1,000 over a five-year period. They may contribute to: Kappa Delta Rho Building Fund, %Ken Beckley, 4151 E. 96th Street, Indianapolis, IN 46240 or to the Nu Chapter

Educational Fund in care of the national fraternity office. The latter is designated to the E. Mayer Maloney Library and Computer Room, in memory of Mayer who was a past national Executive Director and President. He was a Nu alumnus who graduated in 1936.

Chairman of the Nu fund campaign is Ken Beckley, '62. He is assisted by Dick Bishop, '61; Greg Hicks, '82; Marty Joachim, '61; Tom McGlasson, '65; and Ken Sloo, '89.

ALPHA BETA UNIVERSITY OF DELAWARE

The Brothers of Alpha Beta are pleased to report on another successful year at the University of Delaware. Among our highlights was our fourth annual Miss University Scholarship Pageant, which was won by Sheri Kurman, the winner of the World Baton Twirling Championship held a few weeks later. She was preceded in her title of Miss University by Robin Coutant, who is just completing her reign as Miss Delaware. The brothers also participated in several service projects such as a Halloween Haunted House, a Thanksgiving Canned Food Drive, and the March of Dimes Walk for Life. In addition, our pledges and brothers performed needed work at a Maryland Boy Scout Camp during the pledge retreat weekend.

Recently, we had a great time in Ocean City, Maryland — the site of our Rose Formal. We also had a successful Greek Week and received a trophy for winning third place in spirit. During the week our brothers were a crowd favorite with our air band rendition of "Just a Gigolo" and once again sponsored the wrestling competition. Our chapter has many brothers involved in campus activities and we are extremely proud of Brother Mark Davis who won the First Annual Greek Man of the Year Competition and who was elected vice president of Delaware Undergraduate Student Congress.

Our chapter continued to maintain its high scholastic record as well as enjoy a full social schedule. Alpha Beta fielded several intermural teams throughout the year and our basketball team played in two tournaments, one of which was sponsored by the Rutgers chapter. Our chapter also looks to great things in the future from the addition of several highly motivated new brothers and pledges — in fact, our executive council in the fall will contain three members who were initiated at the beginning of the year.

Our brotherhood looks forward to our sixth year at Delaware and with continuing support from our alumni corporation and the national organization we feel that a chapter house is just on the horizon.

Iota Chapter Returns To Bucknell

founders. Then within the context of the university rush program, the Bucknell Chapter of KDR grew to forty freshmen and one junior. Through the hard work and determination of these new brothers, pledge classes of twenty-five and twenty-four were added in 1989 and 1990, respectively.

Much time and hard work have gone into the physical aspects of the chapter house itself. A new addition was constructed, bringing the total number of people that could reside in the house to thirty-three. In January of 1989 the brothers revamped the kitchen allowing the brotherhood to eat in the house. In the Fall of 1989 the pledges and brothers constructed a two tier deck off the back of the house. Also at this time a new brotherhood room was renovated. It is now complete with a television, a pool table, and a football table. Also we ripped up our front driveway and replaced it with grass

and a slate sidewalk to make the outside of the house more aesthetically pleasing.

As a house we have developed into a diverse but strongly unified brotherhood. Each brother has his own ideas, beliefs, and interests, but the well being of KDR is at the center. Besides an active social calendar, we sponsor philanthropical activities each semester. A highlight of this year has been our Tuesday Night Discussion Series in which people come to the house and speak about world issues.

We believe that we have come a long way from that day in September of 1987. We are now a major leader on campus at a time when much of the Greek system is under scrutiny. We take pride in this and in everything that we do. We look back upon what we have achieved in our first three years and can only be optimistic about what can be achieved in the future.

A Special Thank You

The Brothers of Iota Chapter of Kappa Delta Rho at Bucknell University would like to take this opportunity to thank Lee Idleman for all that he has done to help make our chapter a reality. With his assistance we were able to build an addition to the house to provide more living quarters, furnish the house tastefully, and to pursue countless other projects to improve the condition of the chapter. But while we appreciate Lee for his great generosity financially, there is much more to it than that. Our greatest gratitude for Lee lies in his true personal commitment to us as individuals. It is not the depth of his pocket but the size of his heart that has earned our respect and admiration. He has never failed to give advice, make time, or show sincere concern for every individual brother when called upon to do so. As a truly caring alum he has shown us what true leadership is all about. Lee, only three short years ago, you put your faith in a bunch of crazy freshmen with a dream, and you have never rescinded it. For this and much more, we thank you from the bottom of our hearts.

Fraternally yours,
The Brothers of Iota Chapter

It should be noted that this work has taken several years of planning and following many early rejects. The black and white graphite work was first shown in the 1987 National Wildlife Exhibition held that year in Kansas City, Kansas. Until its transfer to the National Fraternity in 1989, it was a part of Brother Roe's private collection.

In 1985, Brother Roe was recognized as an outstanding alumnus of our Fraternity and awarded its highest honor, "Ordo Honorium." The Fraternity, in turn, is extremely honored not only by his gift and support of the Fraternity's projects, but of his membership. Kappa Delta Rho can truly look to him and say, "He is my son."

Chapter Installed Rochester Institute of Technology

Spring of 1990 saw the installation of the Iota Beta Chapter after almost two years. Not only was this a dream come true for the members, but one also for local alumnus, Brother William Steinfeldt, Theta '38. It was Brother Steinfeldt, who early in the '80s, recommended the National Fraternity consider the Rochester Institute of Technology as a possible expansion sight. Because of his concern and interest, it was a pleasure to have him in attendance as an honored guest.

In addition, the administration was well represented by Elaine Spaul, the Institute's Assistant Vice President of Student Affairs, and the Director of Student Activities, Helene Manglaris. Ms. Manglaris complemented the new brothers of Kappa Delta Rho for their charitable and its newly installed chapters have been honored by having members of the Fraternity's National Board of Directors in attendance at installations. The members of the newly chartered Iota Beta Chapter were extremely proud and honored to have with them, Brother Russell Norton, Alpha '38, son of Gideon Norton, one of the Fraternity's founders. It was not only

and community efforts which brought much recognition not only to the group, but to the Institute.

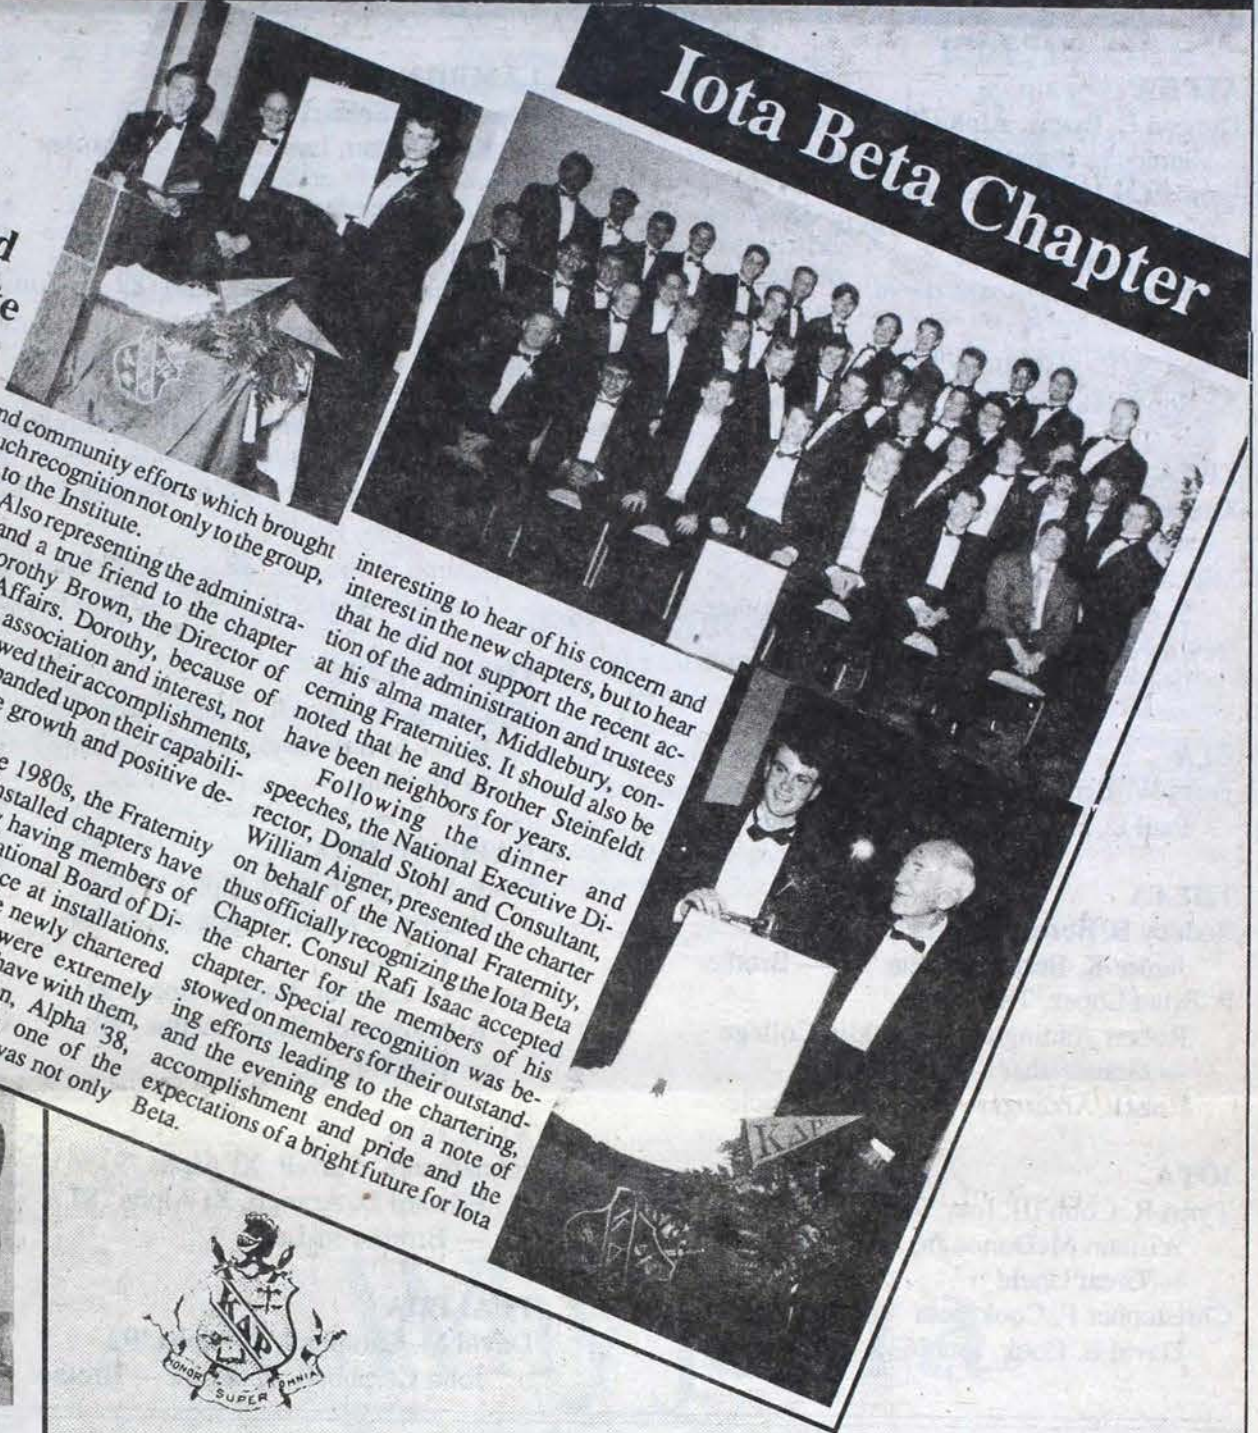

Also representing the administration, and a true friend to the chapter, was Dorothy Brown, the Director of Greek Affairs. Dorothy, because of her close association and interest, not only reviewed their accomplishments, but also expanded upon their capabilities of future growth and positive development.

During the 1980s, the Fraternity and its newly installed chapters have been honored by having members of the Fraternity's National Board of Directors in attendance at installations. The members of the newly chartered Iota Beta Chapter were extremely proud and honored to have with them, Brother Russell Norton, Alpha '38, son of Gideon Norton, one of the Fraternity's founders. It was not only

interesting to hear of his concern and interest in the new chapters, but to hear that he did not support the recent action of the administration and trustees at his alma mater, Middlebury, concerning Fraternities. It should also be noted that he and Brother Steinfeldt have been neighbors for years.

Following the dinner and speeches, the National Executive Director, Donald Stohl and Consultant, William Aigner, presented the charter on behalf of the National Fraternity, thus officially recognizing the Iota Beta Chapter. Consul Rafi Isaac accepted the charter for the members of his chapter. Special recognition was bestowed on members for their outstanding efforts leading to the chartering, and the evening ended on a note of accomplishment and pride and the expectations of a bright future for Iota Beta.

Provisional Chapter Status given December 12, 1989

The scene was a typical cold winter evening in Syracuse. Except this time the stage was filled with holiday lights and spirit and the date was Tuesday, December 12, 1989. The reason for the gathering was the recognition of a petitioning group of men from Syracuse University.

Although the group had not received acceptance from the Interfraternity Council at this time, the National Fraternity chose to honor the group's petition. It was felt by the Board that because these young men had completed the necessary requirements set by the fraternity they should not only be entitled to Provisional Chapter status but to be covered by our National Liability Insurance program.

Special thanks to Zeta alumnus, Dennis Bowen, the Vice President for Operations for the Unity Mutual Life Insurance Company for his assistance with the National staff in formally pledging the new Provisional Chapter members.

The Syracuse Provisional chapter has been very active and has continued to grow in numbers adding a recent pledge class of 18. The National fraternity has established as tentative dates, March 15 & 16, 1991 for their chartering. It is hoped that by this date that the Interfraternity Council will have granted membership status.

Kappa Delta Rho Returns To West Virginia University

After several attempts, we are pleased to announce under the capable leadership of President Greg Harold, Kappa Delta Rho has returned to the

West Virginia University campus. On Wednesday evening, February 28, 1990, the members of the new Provisional Chapter were officially pledged to the National Fraternity.

The Consul, Shaun Hong and members of the Tau Chapter from Carnegie-Mellon University assisted the National staff in performing the ceremony. Special thanks go to past

Consul, Pete Braswell of Epsilon Beta chapter at Old Dominion University for recommending his friend, Greg Harold has the possible "lead contact" for the reactivation of West Virginia University. It is because of this type of inter-chapter concern and interest that

the new Mu Alpha Provisional Chapter continues to grow in members and involvement on campus. The date for rechartering has been tentatively set for the weekend of April 6th.

Alumni members of Mu Alpha, Michael Howard (former National Assistant Executive Director), John Collins and Joseph Bilik, Chi Alpha '88 are presently working with the new group and look forward to the future chartering.

Iota Alpha Has Record 89-90 Year

The past two terms have constituted yet another glorious year for the Iota Alpha chapter. We started off our Fall term with two social extravaganzas, the first being the always interesting Halloween blowout. That was quickly followed by our "super mixer," with the Alpha Sigma Alpha sorority, the weekend long Mock Wedding. The Winter term was one of the best in the history of our chapter. It started off with two of our brothers competing in the Mr. UPJ contest. They brought home first place in two of the competitions, most talented and most spirited. Also Christian Tarman was named the overall runner-up. Next up was Greek Week '90'. KDR fought down to the very last day of competition and

overcame all who challenged us to be crowned Greek Week Champs! The end of the year brought two exciting events. First we wrapped up an entire year of intramurals to, for the second straight year, reign as UPJ intramurals GODS. Also our brother Christ Moore was elected President of the UPJ student government. This is the third consecutive year a KDR has won this office. Finally, our banner year ended on yet another great note, with the initiation of our RHO pledge class. This fourteen man class is the largest ever in Iota Alpha history. As we begin this year we hope to continue where we left off; always improving and upholding the honor of KDR at UPJ.

because ALL Fraternities oppose alcohol abuse!

Getting drunk has nothing to do with the fraternity experience.

It does not foster brotherhood. It does not demonstrate leadership. It does not help build a better community.

We, the men's general fraternities united in the National Interfraternity Conference, are dedicated and determined to deal with alcohol abuse.

We stand united in our affirmation of basic standards of human behavior.

We instill the principles of diligence, honor, integrity, virtue, duty and respect for human dignity.

Consider these facts:

- Almost every single "incident" on campus involves alcohol.
- Although it is illegal to sell or serve alcohol to anyone under 21 years of age in every state in the Union, more than 90% of high school seniors used alcohol before they graduated; two thirds were active drinkers and one third were "binge" drinkers — having five or more drinks at one time.
- There are more than 3 million problem drinkers in the United States between the ages of 14 and 17 — pre-college age!
- Accidents and suicides associated with alcohol problems are especially prominent with teenagers.
- One third of all suicides and mental health disorders are associated with alcohol abuse.
- The leading cause of death among 16-24 year-olds is alcohol-related auto wrecks.
- 16-24 year-olds represent only 17.5% of licensed drivers but were involved in 46.4% of all fatal alcohol-related crashes.
- About 560,000 people are injured each year in alcohol-related crashes, 43,000 of them seriously; more than 26,000 people die each year in alcohol-related incidents.

- Two out of five Americans will be involved in an alcohol-related crash at some point in their lives.
- Alcoholism is recognized as a disease that has serious, debilitating effects on the individual, the family, the corporation and society at large. It follows a characteristic course with known physical, psychological and social symptoms. It is progressive, irreversible and, if untreated, can be fatal.

This is what we're doing about it:

- Through IFC funding, fraternities are actively involved in education programs about alcohol abuse on campuses across the country.
- Fraternities are working to achieve complete elimination of alcoholic beverages from all recruitment activities.
- Fraternities are leaders among college groups promoting peer intervention strategies for students with symptoms of alcohol and drug addiction.
- Mindful of the fact that less than one fourth of undergraduates can legally consume alcohol, fraternities promote responsible alcohol use by those members who are of age.

Violation of our standards leads to swift and certain sanctions: ranging from directives to probation to suspension to expulsion — even to revocation of charter and dissolution of chapter. We're serious about alcohol abuse and we think you ought to know it.

If you think you have to get drunk to have fun don't waste your time on fraternities. But if you're interested in finding out how the leaders of tomorrow can experience the joy of mature relationships with respect for individual dignity then write to us at the Fraternity Executives Association, 3901 W. 86th St. Suite 390, Indianapolis, IN 46268.

We're in the business of developing leaders with integrity; brotherhood is an essential ingredient.
