## Eta Chapter Host to Twenty-ninth Convention

The Twenty-Ninth Convention of the Kappa Delta Rho Fraternity at Champaign in June with Eta Chapter as host was one continuous round of business sessions, social and recreational entertainment and marked another progressive epoch in the annals of our Fraternity.

From the time that Brother Wolford as Presiding Officer lifted his gavel opening the convention on Friday morning till the

last delegate departed, there was something doing every minute. At the close of each day when the business sessions were concluded, there was diverting entertainment. On Friday night at the Hotel Tilden Hall the Convention banquet was a jolly affair, featured by some splendid singing. Eta's own Hod Gray of the class of '22 proved himself an extraordinary Toastmaster and called upon Dean Fred

Dating Committee of Eta did another outstanding service in getting satisfactory dates for all the delegates, which together with a fine band of musicians made this an outstanding affair.

All the delegates departed with the highest praise for the Eta Chapter as genuine hosts and the entire Fraternity is grateful to Chuck Ford and the Sub-committee Chairmen, Robert Timpany, Joe McDevitt, Frank Muller, George Scheppach, Al Corduan, Herb Abraham, and George Nibbe, and all the Eta Brothers for the splendid job they did in making the Twenty-Ninth Convention a success.

There were several interesting business sessions, but the panel discussions probably provoked the most thought from both delegates and alumni, and from these some valuable new ideas should be put in operation at some of our chapters. The Nominating Committee's slate of John O. Boyd, Rho, '27, Walter Burnham, Nu, '27, and R. M. Savage, Alpha, '24, were elected Directors.

Turner, Dean of Men at the University of Illinois, Dean A. C. Harno, Dean of the University of Illinois Law School, and our own esteemed President Leo T. Wolford, and all delivered superlatively good addresses.

Each day at the luncheons there was lively singing by the various chapter delegates, and the Lambda Beer Song in its debut made a big hit with the various delegates. The picnic on Saturday with the big Softball Game between the Eastern and Western Chapters followed by a genuine steak roast and picnic supper was enjoyed by all.

The Convention Dance at the Chapter House on Saturday night was a fitting climax to a successful convention, and the

And to the on-ly girl - we proudly sing - her beauty and her love

like thoughtless spring - Cause us to love and cher- ish dreams come

true - Ring in our hearts, her whispered "I love you" -

she wears our sacred badge upon her breast her virtue, smile sincere

- lead all the rest - queen of the orange and blue That we all know -

- for she's the only girl - of K. D. Rho.

Left to right: Dean Foster, Nu, '42, second in song contest and Ed. Tudor, Eta, '42, winner First Prize.

### **Ed. Tudor of Eta Wins Song Contest; Dean Foster of Nu Takes Second Prize**

An innovation at the 1940 convention was the song contest which attracted several entries. The winners were determined by each group singing their own song and then taking a popular vote of the delegates. Ed. Tudor of Eta Chapter with his Sweetheart song, which is published in this issue on another page, won first prize of twenty-five dollars which was donated by President Wolford. Dean Foster of Nu Chapter took the second prize which was awarded by an anonymous donor. This proved a very interesting contest, and it is hoped all the chapters will sing these new songs.

L. W. Ley, '41, and Dave Hunt, '41, Lambda delegates to Convention.

### **Impressions of the Convention**

*By Dave Hunt, Lambda Delegate*

Les Ley and I started out from Oakland on Monday, June 17, prepared for an eventful journey. Eighteen days later back in Oakland we heartily agreed that the trip had far exceeded our expectations. To attempt to give a full description of the whole trip would be almost impossible, so I'll try to mention only a few things which I recall as outstanding.

In the first place, as we rolled eastward, we began to wonder just what kind of fellows we were going to meet. Were the East, Midwest, and West all so different? Would we be like the traditional uncivilized Westerners in the sophisticated East? Or would all K.D.R.'s be the good fellows we imagined them to be? I'm happy to say the latter certainly proved to be the case, for I have never seen a group with more common traits and interests than that assembled at Champaign.

While I shall skip hurriedly over Nevada, Utah, Wyoming, and Nebraska they certainly are not to be ignored when traveling for. I've never seen so much country with so few signs of activity. Probably the outstanding impression of the Mid-West was the flatness of the terrain along with the extent and greenness of the corn fields. We found Chicago to be quite a little city and decided that it compared very favorably with some of our Western towns. The University of Illinois proved to be very interesting and beautiful, and fortunately the weather cooperated with the convention committee by being practically perfect throughout our stay.

At the Convention there was so much activity that the three days seemed to flash by. The interesting and well attended business sessions, the spirited luncheons and the various social activities all seem to stand out. Prominent among these were the final business sessions, the Tilden Hall banquet, the early morning dash to Dan-

ville, the swim and picnic, the closing dance, and the general bull sessions which developed after the dance. Certainly a great deal of credit must be given to the group who planned and carried out these events with such success.

### **Dickason, Sigma Delegate, Reviews Convention**

The National Convention turned out to be all that it promised. I am sure that all our chapters and delegates owe a lot to Eta for their true K.D.R. hospitality. I only wish that all K.D.R.'s could have attended. A convention is a valuable asset in many ways. It brings the National closer to each chapter, and the chapters closer to each other. This is especially true of Sigma where we have no inter-chapter relations whatsoever.

The convention itself was very successful, but like all conventions we were pressed for time. The panel discussions proved to be the most interesting and educational to me. All the delegates left these with many good ideas to take back to their chapters. These discussions were also valuable because all delegates took part in them. The discussions led by the alumni were also very valuable. In these were explained the methods used by the National and alumni associations. The reports made by the delegates on their respective chapters were interesting to all. The comparisons between the chapters was very interesting. The business part of the meeting was thus divided between sessions, discussions, and election of officers. We all anxiously awaiting to hear the new K.D.R. song. I am sure it will be received by all chapters, because it turned out quite well. Thus, almost all of the business of the convention was completed.

But all work and no play makes Jack a dull boy, therefore recreation was in order. The banquet was not only entertaining, but also we heard some very fine speeches. The picnic was not only games and fun, but was supplanted with plenty

**Elvas Dickason, Sigma, '40, Delegate to  
Convention**

of food. The dance was the shining climax to the convention. Eta furnished the boys with dates, and, all in all, the dance was a real success.

The officers and chairmen of the convention certainly deserve a vote of thanks from all chapters. Eta should be thanked for their fine lodgings and hospitality shown to all. I hope some of the brothers at least can visit us at Sigma. We will try to demonstrate a little "western hospitality." I can guarantee your trip to be an enjoyable one, because I know my trip back there was. The trip in itself was more than enjoyable.

Well, here's hoping we can all attend the next convention. Good luck to all K.D.R.'s and chapters in the coming school year.

### **James Dyson Studies and Explores Montana Glacier Fields**

"Rugged Alpine scenery with an abundance of lakes, waterfalls, glaciers and wildlife are the main attractions at Glacier National park," Dr. James Dyson of geology department, Colgate University, com-

Dr. James Dyson, Rho, '33

mented in answer to questions concerning his work and researches in this sparsely settled but widely visited section of northern Montana.

As during the past six summers, Dr. Dyson, a recognized authority on glaciers, worked for the National Park service for the first part of the summer as lecturer

and trail guide to visitors at Glacier National Park. He then spent the latter part in comparative seclusion visiting approximately 15 glaciers and climbing mountains scaled by few people.

Besides studying the motion and structure of these glaciers, Dr. Dyson obtained rare still and moving shots of scenery and wild life with which he will illustrate his lectures to be given in various parts of the country. Results of this glacier study will be published by the Geological Society of America whose grant made it possible for Dr. Dyson to carry on the work.

### **National Interfraternity Conference Dinner**

One of the largest gatherings of Fraternity men ever to be assembled is expected on Friday, November 29th, at the Commodore Hotel when at the Interfraternity Conference dinner. Under the direction of its Chairman, L. G. Balfour, this dinner will have so many outstanding features. Win or lose Wendell Willkie, himself a Fraternity man, has promised to attend. The Cornell and Dartmouth Glee Clubs will sing, and there will be presentation of colors by the fife and drum corps of New York University, followed by "The Star-Spangled Banner" by Mr. Reinald Werrenrath. Other speakers be delivered by Dr. Fox, President of Union College, and Dr. Wriston, President of Brown University. The program will be broadcast over one national hook-up and probably three, and Lowell Thomas will act as Toastmaster.

The affair will be formal and tickets for \$4 may be purchased through our Chairman, Carl E. Seabergh, Delta, '23, at J. Walter Thompson Co., Graybar Building, New York City.

### **Dan Lincoln, Delta, '31, Elected District Governor Of Rotary International**

Daniel F. Lincoln, Delta, '31, was recently elected an officer of Rotary International. He was named Governor of

District No. 169 by delegate representing the 5,000 Rotary clubs of the world at the annual convention in Havana, Cuba. He is Secretary and Director of the Henderson & Lincoln Company (funeral directors) of Jamestown, New York.

Dan, who has been a member of the Jamestown Rotary Club since 1934, will visit the 36 Rotary clubs in New York, Pennsylvania, and Ontario (Canada), which comprise the 169th District. As a District Governor he will counsel with and advise club officers on matters pertaining to Rotary service activities and club administration. He will hold office until the 1941 convention in Denver, Colorado, next June.

### **William Houck Youngest Member in the Ontario Cabinet**

William L. Houck, Beta, '15

William L. "Bill" Houck, Beta, '15, is the youngest member of the Mackenzie

King Cabinet in the Province of Ontario. Elected with the change of Government when the Liberal Party swept the entire Province to the House of Parliament, Bill soon was appointed Commissioner of the Niagara Power Department with a Seat in the Cabinet. He is now Niagara Falls, Park Commissioner for the Ontario Government and on the visit of Canada's Governor General, the Earl of Athlone this summer, Brother Houck was Host to the Athlone party which included his wife, Princess Alice and Crown Princess Juliana of the Netherlands.

Brother Houck lives at Niagara Falls, Ontario, and has an office at Toronto, Ontario.

### **Wife Helps Coach By Her Criticisms**

Who is a football coach's severest critic? In the case of young Joe Choborda, Delta, '37, it's his wife, Miriam, according to an article in the Newark Sunday Call recently.

Joe, a former Maroon star and now coach of the Irvington, N.J., Camptown Pros, won his first game of the season, 12-0, but his wife Miriam still had many criticisms. After watching Joe play football all through high school, college and pro ranks, she says that she knows when the right play isn't called or when things go wrong and she doesn't hesitate to point them out.

"I've seen enough practice plays to know that when they are used in a game everyone must do their job—tackling, blocking, taking out the ends. That's football. I love it," said Joe Choborda's severest critic.

### **Bill Myers Speaks to American Institute of Cooperation**

William I. "Bill" Myers, '14, Agricultural Economics, urged before the American Institute of Cooperation meeting at East Lansing, Mich., that the Farm Credit Administration be reinstated by the gov-

ernment as a separate agency, instead of being merged with the Farm Security Administration. Professor Myers was formerly governor of the FCA. He pointed out that separately it had given farmers credit equality with industry, but the FSA is designed to help those who require special financial assistance; that "their functions cannot be well combined."

### **Earl Hindes at Bell Exhibit New York World's Fair**

**Earl W. Hindes, Alpha, '28**

Earl W. Hindes, a graduate of Middlebury College, class of 1928, and a member of Kappa Delta Rho fraternity, is a staff supervisor at the Bell Telephone Exhibit, New York World's Fair. His assignments range from taking charge of the long distance telephone call demonstration to prompting Pedro the Voder, the machine that talks and sings to thousands of World's Fair visitors daily. Mr. Hindes is regularly employed as a public office manager in the Long Island Area of the New York Telephone Company.

He is a native of Shutesbury, Mass., and now resides at 321 Archer St., Freeport, Long Island.

### **Expansion**

Ever since the time Brother Harold Severy interested a group of Cornell students to line up with Kappa Delta Rho, our Fraternity has been interested in expanding. While our expansion has been conservative, it has been quite sound and very few chapters have become inactive.

The Expansion Committee under Chairman H. E. Shackleton and the officers and Board of Directors are anxious to receive information from all the possible sources of expansion, and hereby appeal to all alumni and active members to send in names of schools where they believe there is a possibility of establishing a chapter. If there are any local organizations which you think are worthy of investigation, send on all the information to the Executive offices and the Executive Secretary and Expansion Committee will investigate them. If you think a colonization program is possible, give all the information you have concerning the institution and any of our members who might assist in colonizing. It is only by the cooperation of all of our active and alumni members that the expansion program of our Fraternity will make the necessary progress that it should.

### **Regional Interfraternity Conference at Ohio State University November 8-9**

The first Regional Interfraternity Conference will be held at Ohio State University, November 8 and 9 with student delegates coming from the states of Michigan, Illinois, Kentucky, Indiana, West Virginia and Ohio.

The first session will begin on Friday morning, November 8, and will continue through Saturday morning. All sessions will be at the Ohio State Union.

## Campus Decalogue

1. Plan your college course carefully with a definite vocational objective in mind—a choice based on your individual taste and talent and a clear conception of obstacles likely to confront you.
2. At the same time, do not confine your college life solely to your particular field or future profession—hours spent in other cultural pursuits, in outside reading, in the exchange of ideas, are not wasted.
3. Your principal job is to study, but avoid becoming a "grind." Participation in extracurricular activities develops a well-rounded personality and serves to acquaint you with students and teachers outside the classroom.
4. A college diploma is not a ticket to success—your ability to cooperate, your willingness to accept responsibility, and your power to inspire confidence are important aids to successful living.
5. Be loyal to the college which is making your education possible—know its traditions, further its ideals.
6. Pay your own way—don't be a chiseler. Even the benevolent Federal Government doesn't owe you a living.
7. Keep morally and physically fit—bodily health is essential to mental health.
8. Take a positive interest in communal affairs—the privilege of a college education imposes the additional obligation of community leadership and useful citizenship.
9. We are living through a stirring era in world history. It is more vital than ever to keep well posted on national and international events. Learn to think independently about them, form your own opinions, and be tolerant of those who don't see eye to eye with you.
10. Respect the spiritual belief of others and be proud of your own religion, realizing that your every action will

reflect either good or bad upon the people of your faith.

—*The Octagonian* of Sigma Alpha Mu.

The late great William Howard Taft (Psi Upsilon) made a significant utterance before the last convention of his fraternity which we quote herewith:

"What do they go to college or a university for if they don't go for scholarship? There are a good many who don't, I agree, but those who do not, don't go for the proper purpose, go for social reasons, sometimes to establish themselves by reason of the fact that they are called college men, but those men don't understand what they are there for. When a man grows as old as I have, he then feels like resorting to profanity, as he ought not to do, at the misconception of life and the use of education and the use of universities by these feather-headed young men who don't look ahead to know the opportunities they have and to appreciate those opportunities. It is a dreadful waste. They don't understand that there are three things that will make them useful to themselves and the world. One is work, and hard work; another is self denial and a third is the discipline of character the practice of others bring about. That is what a university is for. It is to develop character, not alone for the subject itself, but for the country of which he hopes to be a useful part.

## Fraternity Provides Genuine Ties

... By keeping men together four years of youth, and in looser touch for the rest of their lives, the fraternity provides the circumstances of fast and genuine ties, of the kind of mutual regard which cannot spring up on first acquaintance but requires the familiarity of years to nurture it.—Dr. Gordon Keith Chalmers, Phi Delta Theta, president of Kenyon College.

## Alpha Initiates Four Sophomores

Alpha Chapter starts another year with her eye to the future and her nose to the grindstone—well, almost to the grindstone. The prospects for a successful pledging campaign are bright. The freshman class looks like an exceptionally fine one and Alpha already has her eyes on those who will make good additions to the house.

Again this year Alpha will be well represented in varsity sport. Sam Bertuzzi is calling signals from quarterback; Tony Wishinski plays first one position, then another, all equally well. Steve Kedmenec and big Al Jefts are starting tackles. Dick Treat and Chuck Beach are both valuable substitutes for the team.

When the time comes for hockey, big Ed Yeomans and Tony Wishinski will be out there shoving the puck up and down.

Alpha is off to a successful start in intramurals by virtue of a win over the neutrals in the first game of touch football. This victory places KDR and DU in a tie for first place. With Ted Russell as our manager we should go places this fall.

The house has been improved this fall

by replacing the old furniture on the first floor, so now we can hold our own with the best of them. The installation of a new radio is also a remarkable improvement.

Alpha announces the initiation of four sophomores: Tom Kellegrew, Al Jefts, Pete Bohn and Roger Easton. These four new members make welcome additions to the house.

As yet we have held no dances, but they will get under way shortly. On November 16 we have Alumni Homecoming. Alpha will hold a tea dance after the Vermont football game on that afternoon.

## Beta Entertains 25 From Delta Chapter After Colgate Football Game

The first three weeks of the current school term saw Beta chapter pledge seven men. They are: John Nye, Lloyd Peelle, Stanley Smith, Bernard Smith, Anthony Roperti, Fred Wall, and Arthur Costello. Rushing Chairman, Charlie Clements was disappointed in the small number of prospects that were sent in to him.

Beta Entertain Delta Brothers and Friends after Colgate-Cornell Football Game.

Beta and Delta Boys Talk Over Colgate-Cornell Football Game at Beta House after Game.

## ATHLETICS

On Wednesday, October the 9th, Beta lost their first touch football game to O. T.S. It wasn't until the closing minutes of the game that O.T.S. scored on a long pass to win 6-0. We attempted to use Coach Snavelly's famous end-around play it worked well enough to give us 15 yards on the play—and almost a touchdown. The backfield combination of "Mangler" Mapes, "Crusher" Costello, and "Heaver" Hubbard was not quite enough to cope with the passing attack of O.T.S.

Twenty-five of the Delta Chapter came down for the Cornell-Colgate game. It was quite a party. This winter Delta and Beta hope to start a series of basketball games that will let us get to know each other a little better. Brother Howie Ortner has offered a trophy to be held by the winning team.

On the cross-country team we find two of our men—Matty Urbanowitz and George Kershaw, Kershaw also runs the mile on the track team, while Matty boxes any class from the 155 pound to the unlimited—depending on what the coach needs.

Brother Doug Wright, seeded number eight tennis player in the University has been playing tennis every day and so far has only lost to Ken Randall, number one player.

Saturday the 12th found 9 Betas at the Cornell-Army football game. Way and Coddington were in the band, George and Matty with the cross-country team, Otto Marquart spotting for a radio announcer—Otto says that it wasn't his fault that he announcer made all the mistakes that he did, four of us were in the stands merely watching the game.

The line for tickets to the Ohio State game started forming at 2 P.M. on Wednesday the 9th and the tickets went on sale Monday the 14th. Beta was 7th in line and still did not get such good seats for that game. We were sorry that we could not get tickets for Kappa but it was impossible to get any more than we did.

## WEDDING BELLS

On September the 14th Brother Donald Chaffee was married to Miss Beatrice Terry.

So far this year we have been visited by last year's consul, Brother Al Marks, '40, Johnnie Lewis, '40, Bill Barlow, '39, Ev Sargent, '39, Ed Beebe, '40, and of the class of '15, Brother Everett Piester came back for a visit bringing his wife with him. It was the Mrs. first visit to Cornell. On homecoming day, November 2nd, we expect to see all those plus a good many more.

## Gamma Chapter Purchases New House Near College

Gamma Chapter has purchased a new house, located at 12 South Lake Avenue. The house is right around the corner from the college, and is thus ideally situated for rushing. Eighteen of the brothers are living at the house, under the management of House Manager Brophy, '40. The dormitory system is used, with four persons in each study room. One popular feature is the sound system, on which the frosh like to play records, and then talk over the microphone. In the basement is a play room, with ping-pong table and dart board. A novel feature of this play room is the bar, where refreshments are served at the rushing parties. Gamma chapter is proud of its house, owned by the Alumni Association, and counts on it to do much for rushing.

The Panthers, intramural football team of KDR, are prancing ahead, as usual, taking on all comers and so far have four victories and no defeats chalked up to their credit. The Panthers have won the cup for the last two years, and all indications point to their winning it for the third year. Brothers playing on the team are: Oksala, Bull, Brophy, Stevens, Gillen, Barrett, McCreary, Hudson, Leonard, Bombard, and Pledge Casler. The intramural football is played with six-man teams. Brother Brophy injured his knee in a recent game, and will be unable to play for the rest of the season.

Gamma chapter has pledged Tony Ingoglia, '42. Rushing parties have included an open house for the entire student body, and other parties for the freshmen alone. One party, in keeping with the times, was a Conscription Ball, where the freshmen were drafted, in order to train them in the social graces. Big event of the year so far was the annual picnic held at Indian Ladder. Busses brought the picnickers to the Park, and plenty of hot dogs, beans, coffee, doughnuts and cider kept the guests filled. High spot of the picnic was the campfire, where all gathered around and sang songs, ending with the fraternity hymn. Brother Holstein kept the freshmen entertained with his imitations of big people in the news.

One of Gamma's pledges, Larry Ostrander, '43, has been seriously ill with sinus infection, which necessitated a dangerous brain operation. However, Larry pulled through all right, and showed remarkable spirit, according to his brother, who keeps Larry's friends informed of his condition.

Gamma chapter is doing all right for

itself in the college here, having all three of the class presidents. (The freshmen have not yet elected a president.) Brother Taylor heads the sophomore class; Brother Merritt is president of the Junior class, and Brother McCreary guides the destiny of the Senior class. Brothers McCreary and Kusak are members of Myskania, Senior honorary leadership society.

### **Delta Chapter Are Busy On Colgate Campus**

As another year rolls around Delta finds itself looking forward to one that will make it again a leader in all campus activities as well as in scholastic attainment. The chapter's three classes are well represented in practically every phase of Colgate life as the following report will indicate.

Heading the list of a small but important senior delegation is Joe Hoague who this year is rounding out a brilliant career on the gridiron. As varsity fullback Joe has made an unforgettable name for himself in the annals of football history in

**Delta Boys Enjoy Their Leisure in Front of Chapter House**

Joe Hoague, Delta, '41, star back on Colgate Red Raiders in his practice uniform. Joe is target for all the blockers.

the land of the Red Raiders. Next in line is house president Dick Reid a member of Phi Society, Konosioni, Student Senate, and the varsity tennis team. Joe La Forte and Jerry Slade are also Phi Society and Konosioni members with Joe adding to his laurels as Managing editor of the Maroon, Assistant Managing Editor of the Salmagundi, and Vice-President of the Pan-Hellenic council. Rotund Gabe Chiera, house steward is one of Delta's leading intramural men and a member of the varsity lacrosse team. Mal Schuler is also engaged in intramurals while the position of house treasurer is in the hands of Charles F. Kelley, III. Joe Passabet is completing this spring three successful seasons on the mound for Colgate.

Turning next to the junior class one finds Stan Chapman and Duke Heinlein working hard as leaders of Colgate's "All American Cheering Section." Duke, in addition is a member of the Maroon Key Club, manager of freshman baseball, and with Russ Ide, is in charge of the social events of the house. Most of "Buzz" Hewitt's time is taken up with the Maroon editorial board but he finds time to play some intramural basketball. Don Colburn is on the editorial board of the Banter and Sal, while Chuck Conn is assistant manager of varsity basketball and the chapters' Junior Tribune. Port Plumstead Joe Brewer, Cliff Ball, Bill Chernowski, and Bull Lauroesh are all intramurally engaged with the "Bull" adding the chores of the house manager to his activities. Larry Barr is a member of the Glee Club. While Bob Vlachos confines himself to intramural golf, Herb Thompson, Don Rice, and Nick Mayer stick to intramural football.

Last, but not least, are the pledges of the sophomore class: Bill Cairns is a soccer scrub while Frank "Tiny" Hill has a similar job with wrestling. Dick Hall is on the staff of the Maroon, Town Carpenter desires a position on the Sal editorial board and is a member of the varsity swimming team. Ed Jabara scrubbed hockey last season and Johnny Baltz will try his voice at cheerleading. The Maroon business board claims the services of Paul Thompson and Pete Cushman with Pete also scrubbing the editorial board of the Sal along with George Huntington. Jerry Wheaton is scrubbing the business and photography boards of the Sal; Jack Sinn is a member of the Concert and Lecture committee while Joe Campbell confines himself to intramurals.

Summing up, it appears that Delta has a large group of active-on-the-campus figures this year.

Delta was royally entertained by the Cornell chapter on October 5, following the game in Ithaca, and it is also anticipating further social activity with the Alumni "Homecoming" the weekend of

the Duke game and "Father's Day" will be celebrated at Colgate the day of the Mississippi game.

## Epsilon Chapter Quite Active On Franklin College Campus

### PLEDGES

Epsilon is starting this semester with the largest group she has had since moving into the new house. At present Epsilon has twelve pledges. They are: Bill Ziegert, South Bend, Ind.; Lee Erbaugh, Rossville, Ind.; Bob Patterson, Camden, New Jersey; John Duncan, South Bend, Ind.; Jack Saulsbury, Jeffersonville, Ind.; Steve Clause, Oil City, Penn.; James Early, South Bend, Ind.; Cecil Clore, Barger-ville, Ind.; Gene Fisher, South Bend, Ind.; Gilbert Weed, Cleveland, Ohio; Dick Ollman, South Bend, Ind.; Bob Peckinpugh, South Bend, Ind.; Ray Hollendbeck, Franklin, Ind.

Consul Gilbert Miller did not return to the school this semester and vice-consul William Spencer now heads the chapter. All the other officers are back. Here are the chapter officers for the present semester: William Spencer, Consul; Senior Tribune, Myron Knauff; Junior Tribune, Rue Gene Starr; Quaestor, Albert Porter; Praetor, Hugh Miller; Proprietor, John Hall; Pontifex Maximus, Hugh Miller; Custodian, William Wilson; Centurion, Jack Townsend; Social Chairman, Michael Rubosky; Scholarship Chairman, Arthur Day; Rush captains, Michael Rubosky and Hugh Miller.

Epsilon is well represented in varsity athletics. Brother Rue Gene Starr is football captain, and three men from the house have berths on the first team. Brother Myron Knauff was reelected baseball captain last spring. In addition to three regulars of last season, the pledge list includes two high school basketball captains; hence Epsilon should have several men out for basketball.

Epsilon is well on the way toward winning the intramural softball tournament.

The social season was opened with a hay ride and weiner roast which was hugely enjoyed by all. It has become a custom each fall to open with this informal entertainment which is anticipated by members and guests alike.

## Zeta Has Successful Rush Season, Pledging 18

Zeta Dining Room

Zeta had one of its best rushing seasons in recent years in pledging 18 men. Bob Marmion of Mt. Lebanon, Pa., had to leave school, however, because of a credit deficiency. Because of this he will not be admitted as a freshman until next February. Marmion is rated as one of the best guard prospects seen here in years. He will be eligible for varsity competition next fall.

The new pledges are as follows: James R. Loughran, '44, Saxonburg, Pa. (cross-country, track); Lester Stine, '44, Morrisville, Pa.; William H. Matz, '44, Ben Avon Heights, Pa. (basketball); John W. Kelly, '44, Pittsburgh, Pa. (lacrosse); William A. Calvert, '44, Pittsburgh, Pa. (swimming); George E. Wagner, '44, Auburn, Pa. (basketball); Xen S. Hosler, '44, Balboa, Canal Zone (wrestling); John Mc. McCreary, '44, Iloilo, Philippine Islands (fencing); Richard D. Fuchs, '44, Mt. Lebanon, Pa. (fencing); Thomas Brenner, '44, Kingston, Pa. (wrestling); Charles B. Smith, '44, Pittsburgh, Pa. (boxing); Donald Boston, '44, Scranton,

Pa.; H. Bruce Gardner, '44, Mt. Lebanon, Pa. (baseball); Arthur S. Hand, '43, Scranton, Pa. (gym team); Carl T. Singhouse, '44, Mt. Lebanon, Pa.; Thomas D. Magill, '43, Danville, Pa.; Harry C. Ashenfelter, '42, Philadelphia, Pa.

As can be seen, the pledge class this year is heavily fortified with athletes. This will help to balance the deficiency caused by last June's graduation.

Chuck Smith, frosh boxer, is a former Golden Gloves winner from the Western Pennsylvania district. He will fight at 127 pounds.

Bill Calvert, former District champion in the 50-yard free-style, is expected to make good on the frosh team this winter.

Tom Brenner, former District and state champion at 125 pounds, on the mats, will wrestle at 128 this winter.

Art Hand, freshman record holder of the 20-foot rope climb, has already clinched his berth on the varsity this year.

Bruce Gardner, Mt. Alto forestry school transfer, is rated as having a very good chance for varsity service at shortstop next spring.

#### ODDITIES

John "Rims" McCreary, of Iloilo, Philippines, is the record-holder as far as distance from home goes for the fraternity as a national. He is majoring in Chemical Engineering, and will not see his family again until he is graduated. "Rims," aged 17, 5' 6" of fighting fury, and with his perennial tortoiseshell specs, was elected president of the pledge class, with Bill Calvert filling in the vice president's position.

Xen Hosler, late of the Canal Zone, is the son of Dr. Fred S. Hosler, principal of Balboa High School and Dean of the Canal Zone Junior College. Dr. Hosler is a graduate of Penn State, and is a member of Sigma Alpha Epsilon fraternity. Mrs. Hosler is also a graduate of Penn State.

Zeta will make a strong bid for intramural athletic supremacy this year, having nearly every man back who contributed to our fourth place honors last year.

Although failing to take a single championship, Zeta finished second in football, boxing, and wrestling; also placing third in swimming, horseshoe pitching, and golf. With the new season just beginning the house is an untried quantity.

Erik S. Moeller, '41, was elected vice president of the Interfraternity Council for this year.

#### Eta Pledges Seventeen

Following is a list of Eta's new pledges for this year: Harvey Hyland, Jack Adkins, Donald Leroy, Charles Cturnis, Joseph Rybacki, Clarence Dunn, Clint Pickett, Robert Jacobs, Walter Jones, Wallace Holton, William Marsh, James Dippold, Don Merriman, James Friss, Robert Moelth, Robert Stacy, John Bennewitz.

The social season was successfully initiated on the evening of September twenty-eighth, when the first dance of the season was held at the chapter house. It was an informal radio dance with many members and their close friends attending. It was chaperoned by Brother Houchens, Mu, '23, and Mrs. Houchens.

Eta is privileged to add two more grad students to its ranks this year. They are Brother Douglas Skoog, Sigma and Brother Arch Abney, Eta, who are doing grad work in chemistry and commerce respectively. Brother Harry Hoogstraal has also returned to the University to continue his research in Entomology.

#### Theta Chapter Active On Purdue Campus

Theta officially welcomes into its rank these new brothers who were initiated last semester: Charlie Hobbs, Chicago, Illinois; Dick Kentner, Buffalo, New York; and Jack Kuch, Niagara Falls, New York. These men have proved themselves to be true brothers and we are proud to welcome them.

This year we have pledged a number of men, who we are pleased to add to our list of KDR pledges. These men include: Bob Burger, '44, Schenectady, New York;

Bert Hine, '43, Rochester, New York; Pete Lewis, '44, Worcester, Mass.; Cleo Tepas, '44, Buffalo, New York; Don Corp, '44, Rochester, New York; Bob Ronksley, '43, Wheeling, W. Va.; Joe Zappia, '42, Indianapolis, Indiana; Bill Scheer, '43, Lomira, Wisconsin.

We now have more men in campus activities than we have had for quite some time.

Bill Clark is a member of the staff of the *Exponent*, Mino Ratti and Bob Burger are members of the Glee Club, Jim Storms and Al Grefarth are officers in advanced R.O.T.C., Carl Lohr and Bob Carpenter are members of the Flying Club, and Don Corp is out for Intramural Manager.

Homecoming this year is expected to surpass all previous celebrations. The football game with Wisconsin will be the chief attraction, but annual Homecoming Dance and Alumni Banquet at the house will not be overlooked by the old grads.

## Iota Wins New Scholarship Cup and Initiates 7 New Members

Seven men were inducted into active membership of Kappa Delta Rho in an initiation ceremony conducted immediately before the opening of the school year. They were Jack Clark, '42, and Gil Holt, '42, both of Washington, D.C.; Bill Griffiths, '43, of Tamaqua; Ken Maust, '43, of Milton; Bill Drout, '42, of Neptune, N.J.; Bud Wertman, '43, of Turbotville, and Dan Collinson, '42, of New Monmouth, N.J. The active body of Iota chapter is now composed of four seniors, nine juniors, and four sophomores.

### ACTIVITIES

Claude Maines and Bill McGuire are representing the chapter on the interfraternity council this semester. Bro. Maines is treasurer of the campus Greeks.

Bill Griffiths finds time to serve as assistant news editor of the *Bucknellian*, college weekly. Bud Wertman is an active member of the well-known University Orange and Blue band.

Bill Kresge is among the ten Bucknellians enrolled in the Civil Aeronautics Administration flying course on the campus. When finished with this government training in January, Bro. Kresge will receive a private pilot's license.

Jack Clark and Cliff Manella are members of the Cap and Dagger, college dramatic society. Paul Munson is librarian of the International Relations Club, an organization active in keeping Bucknell informed of world developments.

### SPORTS

Interfraternity soccer is well under way. Iota's eleven is managed by Bill Drout, who promises a fine showing in the bitterly contested league.

Runners of the house cross country team include Gil Holt, Bud Wertman, Paul Munson and Jack Clark. This sport is only one of the numerous types of competition the University offers to fraternities. Immediately following cross country the annual track meet for the Greeks will take place. Butch Longo, winner of last year's javelin throw, will lead the chapter's contributions on the track and field.

Pledge Brother Harry Powell, a frosh in the Commerce and Finance department, is a member of the freshman football squad. Frosh Powell hails from Tamaqua.

Bink Huff, pledge from Turbotville and a member of his school's varsity soccer team, will be of valuable assistance to Bro. Drout in this fall competition.

### HOMEcoming

Featuring the annual "homecoming" of grads on Nov. 2 will be a gridiron battle between the Bucknell Bisons and the Temple Owls. Kappa Delta Rho takes pleasure through these columns in inviting all its alumni back to the alma mater and the fraternity.

## Howard Hardman New Consul at Kappa

A new year of the Kappa chapter starts with Howard Hardman as Consul. Other officers elected for the first quarter were

as follows: Senior Tribune, Bernard Hoffman; Junior Tribune, Dave Davies; Quaestor, Jay Ingram; Praetor, Dave Davies; Proprietor, Art Willerton; Centurion, Bob Siegfried; Pontifex, Steve Skubik; Custodian, Ben Coate; and Social Chairman, Bob Siegfried.

Although five men were lost last June through graduation, we have offset this by pledging the following men, all from Ohio: Jack E. Musolf, Genoa; Walter M. Coatwise, Cincinnati; Casey J. Zane, Cleveland; and Harold Jewell, from Kinsman.

Also with us this year is Henry Groen, Gamma, '38, who is instructor in the Foreign Language Department at Ohio State.

We started the autumn quarter with a weiner roast and dance at the redecorated house on 182 Fourteenth Street. The boys are all looking forward to going to the Cornell-Ohio State game at Ithaca, N.Y. on October 26. They will be guests of the Beta chapter. Our promising football team, under the management of Dave Davies, looks forward to taking the interfraternity football championship.

It is with regret that we announce the death of Howard R. Butler on September 28, a charter member of the Kappa chapter. He was associated with the law firm of Stetson and Butler, of Elyria, Ohio; and he was also Prosecutor of Lorain County.

### Lambda Have Rush Dinner On Treasure Island

On September 15 three men were introduced into the ranks of Kappa Delta Rho. They were William E. Douglass, Charles F. Scruggs and Carroll N. White. This compact group of men are certain to go all the way for Lambda and we are proud to have them in our ranks.

Lambda opened her house on August 26 and began her rushing campaign two days later. Many novel rushing functions were carried out with great success. The highlights of our program were a rush dinner held at the World's Fair on Treas-

ure Island and a tour of a San Francisco Broadcasting Studio followed by an actual attendance of a Radio Broadcast.

As a result of its efforts in rushing Lambda has obtained a fine group of eight pledges: Bob Thompson, '41, Laguna Beach, California, a Chem. Major; J. J. Sturgeon, '42, Santa Maria, California, a "double E" major who has proven his electrical abilities by overhauling our radio-phonograph; Jack McNerney, '42½, San Francisco, California, is devoting his time in the University studying accounting and working out for the swimming team; Hank Kramer, '44, Paso Robles, California, is the youngest fellow in the university, being only 15 years old, however, being able to hold his own among the best of them; Bob Emparan, '44, Oakland, California, major in agriculture and on the side he specializes in football being on the first string Frosh team; Bill Gracey, '44, Berkeley, California, is majoring in Civil Engineering; Ken Fisher, '43, Redlands, California, majoring in mechanical engineering and intramural sports and who has been elected Pledge-Captain by his fellow pledges; and Bert Jamieson, '42, Berkeley, California, is the son of Professor Jamieson of the College of Engineering of the University and son like father Bert is majoring in Engineering. This fine group of fellows has lots of pep and the usual amount of pledge enthusiasm for heckling the members.

Under the direction of social Chairman, Dave Divanovich, Lambda began a spirited social semester. An Alumni smoker was held on September 3, and the boys had quite a get-together with the "Old Grads." The first fireside dance went over with a bang and the fellows are anxiously looking forward to the next one. The big event so far this semester was the Pledge Dance held on Sept. 28 at the St. Francis Hotel in San Francisco. Music for the occasion was offered by Freddy Martin and his orchestra. All in all, the dance was a great success and we only hope that Dances in the future may be as successful.

The house is now looking forward to the Pledges' dance to be held here at the house on Saturday, October 5. The theme is to be wild Western and all attending the dance must wear costumes befitting the occasion. Another big event on our social calendar is the annual Lambda "Big Game Rukus" which is held on the night preceding the "Big Game" with Stanford University. The theme as yet has not been decided upon but if we may go by past years the affair is sure to be a memorable one.

Brother Luke Brubaker is throwing his 185 pounds of muscle and brawn on the tumbling team. Luke is the strong-man of the house and usually has his own way

with the pledges as he is their Pledge Master. Pledge Bob Emparan is playing excellent football for the Freshman team. Brother Carroll White is out to make a spot for himself on the Cal. rifle team. Bob Hongola and Ken Hickey are lending their efforts to the California football team.

Brother Gene Burkenkamp, former stroke on Cal's varsity crew has just been comissioned a Lieutenant in Uncle Sam's Air Corp; Gene has received a permanent Commission in the Air Corp, after completing a years' training in the various training bases throughout the nation. Alumnus Tom Williams and Eleanor Hopwood are to be married in Santa

Back row, left to right: Dr. Eugene Kanning, '28, Nu Representatives at Convention: Walter Burnham, '27; Dean Foster, '42. Center: Paul Jones, '35. Front row: Frank Fitch, '38, Dr. Robert Hartman, '28, E. Mayer Maloney.

XI CHAPTER HOUSE, COLBY COLLEGE

Cruz, California, on Saturday, October 5th. Art Adams, last semester's House President, wed Gwenneth Reeves on the 5th of September.

Paul "Pox" Bernhard, '37, having completed a two year Graduate Business course at Harvard, has been appointed to a very excellent position with the Lockheed Aircraft Corp.

### **Xi Has Six on Dean's List**

This year Xi is represented on the college football team by three members: Bill Hughes, Jim Daly and Ero Helin. All three are outstanding players.

Two of our members took the CAA training course this past year and one of them, Johnny Johnson, has gone to Pensacola for further training. The other brother, Warren Mills, is to take the secondary course here this year.

Six of Xi's members are on the dean's list for the past semester and as a result we moved up one position in scholastic standing among the college's fraternities.

Two of our brothers participated in working on Colby's new campus on Mayflower Hill.

Prospects for a successful pledging season are excellent. Already we have many

pledges "lined up" although the rushing season is still young. One of our biggest talking points has been the acquisition of a house mother.

This fall we are initiating ten new members. They are: pledges Ero Helin, Charles Berry, Charles Belliveau, James MacCarroll, Philip Buck, Henry Tilton, Lawrence Guernsey, Harry Hildebrandt, Robert Dennison, George Burnett.

### **Pi Makes Extensive Repairs To Chapter House**

Pi Chapter is proud of their three new pledges. They are swell fellows, and good students (we hope). The list of new men consists of: Russell Jefferson, '44, from Olean, New York; Charles Olsen, '43, Moorestown, New Jersey, and Hugh Stitt, '44, from Kittanning, Pennsylvania.

During the summer extensive repairs were made on the house. We also have some new furnishings: mainly some new rugs, and a new radio-phonograph combination. This new radio is a maise of buttons, and someone always manages to push the wrong one at the wrong time.

The boys at the chapter house had a very enjoyable week-end October 19, when our informal Pledge Dance was held.

## John Hay Plays Host To Rho Members and Rushees in New York

Rho, with new vigor and a fine bunch of freshmen to choose from, stepped forward in the right direction for the new year by pledging nine men. Though this gives us the fourth biggest pledge group of the seventeen houses on the campus, we are determined not to stop here and are going to continue our good work until our house regains its old title of "Rabbit Ranch." Our new men are Leigh Harrington, Ridgewood, N.J.; Charles Hoffman, Teaneck, N.J.; Lester Kennedy, Orange, N.J.; Breslin McKnight, Freeport, N.Y.; George Mellert, Mount Vernon, N.Y.; Reed Newcomb, Boonton, N.J.; Robert Nyberg, Allendale, N.J.; Charles Pinto, Salisbury, Md.; Edward Relph, Ridgefield, N.J.

On Monday, October fourteenth, Theodore H. Schultz, Jack Strollo, William Collins, Lamont Shipman, and Edmund S. Wood, were initiated into the bonds

of brotherhood of Kappa Delta Rho. Our pledge banquet came off most successfully on October nineteenth.

When our Lafayette team pulled an upset over New York University October fifth at New York City, Rho boys were there en masse. We took about ten or twelve of our rushees along and met a host of chapter alumni in the stands. After the game Brother John Hay, '39, playing the part of the beaming host, led us to his apartment where we could recount the exciting spots of the game and further hear how the alumni are getting along. We all marked this as one of the to-be-remembered weekends of the year.

Things at school here haven't really gotten started yet: social activities are, as yet, nil; the intramural program has not yet begun. But we store up our energy till Saturday comes along, then let it out in cheers for Brother Bill Collins, '41, who stars at tackle for the Varsity. And we're looking for great things from our little giant on the 150-pounders, Brother Jack Strollo.

## Several Sigma Men Join National Guard

It surely is a swell feeling to be back in school again and especially to be back with the fellows in the house. Fraternity fellowship is a priceless asset which we can enjoy for but four short years, and which we will always look back on when we graduate. This is a beautiful sentiment, but perhaps you want to hear the news from Sigma.

Sigma started this year with a small but very promising group of new pledges. They are: George Wieman, Freshman in Pre-Med. from Beverly Hills, Cal.; Walter Wiester, Sophomore in Pre-Med. from Portland, Oregon; Sherwood Frakes,

officers an election was held. Sigma's new officers elected were Morris Robertson, Consul; Howard Carlson, Senior Tribune; and Robert Cahill, Junior Tribune. These new officers have displayed great ability to fill their posts in an excellent manner.

Sigma's first social function of the year, a fireside, has been scheduled for October 26 at the Chapter House.

The OSC Homecoming is scheduled for the weekend of November 30th. This is the biggest event of the year, and all alums are expected to attend the Oregon State-University of Oregon football game which will be the highlight of the fun-packed weekend. Sigma's Homecoming house sign won honorable mention last year, and it is hoped that they will do

even better this year. Sigma invites all you KDR alums to enjoy this "biggest" Oregon State Homecoming.

Sigma's touch football team got off to a fine start October 9th by winning its first game 19-0. Brother Carlson and Pledge Brother Stitt starred for the KDR's, who showed championship possibilities.

Two of Sigma's 1940 graduates are working on fellowships at Eastern Colleges. Jack Brun is at Yale, and Doug Skoog is at Illinois. George Harry is

working on his Master's degree at Michigan.

Cliff Parmley is working for the Spartan Aircraft Corp. at Tulsa, Okla. Marvin Wilson is working for the Union Oil Company at Long Beach, Cal. Russ Hyatt is working for the U.S. Forest Service at Baker, Oregon. Chet Wojahn is working for the Oregon State Tax Commission at Salem, Oregon.

Freshman in Engineering from Scappoose, Oregon; Paul Harmon, Freshman in Engineering from Sumter, Oregon; and Warren Porter, Freshman in Architecture from Klamath Falls, Oregon. These men were all quick to learn the KDR spirit, and they are sure to be a great asset to the fraternity.

Sigma suffered greatly as a result of the National Guard Mobilization in this area. Those now in the Army are: Bob Slocum, Consul; Elvin Dickason, Junior Tribune; John Slocum, and Norman Thoreson. As a result of this loss of

## Upsilon Have Chinese Motif at Rush Party

Our first rush affair was held on the evening of Thursday, the 10th. The Chinese motif was carried out. All of the boys canvassed the town for various oriental articles and had quite an array of decorations, consequently. The evening was spent in dancing and playing various games including cards and roulette (and chips were free).

Officers for the fall semester have been elected. They are Consul, Holger Selling; Sr. Tribune, Vernon Loomer; Jr. Tribune, Charles Fisher; Quaestor, Merle Rush; Praetor, Bill Duntsch; Proprietor, Oren Lee Christensen.

The installation ceremonies were held, combined with a social affair, two weeks before the end of the spring semester at Brother Leland Forsblad's ranch in Kingsburg.

Brother Harry A. Bell, representative to the national convention this year, was unable to return to Fresno State because of an operation he underwent shortly before school commenced. At the present time he is recuperating at his home in Torence, California.

\* \* \* \*

I am sending you, also, an editorial written by our Consul, Holger Selling, which I think contains something of importance to every fraternity man. You may use it as you like.

Brother Kappa Delt's,

Whither are we bound? Nations, races, peoples, religions, governments, wars, politics, and a thousand "isms" and ideals are so jumbled that no one would dare predict what the future holds and claim for his prophecy would prove true.

Changes are due to come, they always have. There is an idea possessed by some that change always spell progress, yet change has brought retrogression. Yes, there is change for us in the future, for from this growing stage of our Upsilon Chapter we must emerge somewhere, sometime.

We should give thanks for the privilege of living in a country where all of us can act and think for ourselves. For, I bid you to witness that all brotherhoods are suppressed in those nations that wield the bloody sword of conquest—those Totalitarian States where civil liberties are denied the people, and where absolute dictators think for the people and manipulate them, puppet-like, on the chess board of their personal desires and over-stuffed importance.

Brothers, it is our right and privilege—as well as our duty—to, not only build our Fraternity, but with energy and enthusiasm we should do all in our power to help other "Orgs" as much as we can do so without serious injury to ourselves. For in the strengthening and building of our Fraternal Orders we ward off the possibility of exchanging our dearly won freedom for the vassalage of the dictators' "mess o' pottage." Would you sacrifice your noble birthright for the Totalitarian State, thereby destroying the greatest constructive influences for peace and brotherly love that exists in this war minded world of today?

Yours to greater fraternalism,  
Holger A. Selling, Consul.

## Kappa To Be Host To First District Conclave November 8-9

The first district conclave of the Kappa Delta Rho Fraternity will be at Columbus, Ohio, with Kappa Chapter acting as Host. The program has been arranged so that delegates will be able to take in the sessions and entertainment of the Regional Interfraternity Conference. The conclave has invited delegates from Epsilon, Eta, Mu, Nu, Theta and Kappa chapters and every chapter is urged to send as many delegates as possible in order to make this first district conclave a fine example for those which are to follow in other sections of the country. Any alumni in this region are cordially invited to attend.
