## PICTURE OF THE MONTH

This month the QUILL AND SCROLL salutes Executive Secretary Ferd B. Ensinger, whose indefatigable energy and relentless zeal for the aims of KDR has done much to place his fraternity as the "biggest little fraternity in the country."

CONVENTION ISSUE

The QUILL AND SCROLL of Kappa Delta Rho is published at 20 Green Street, Woodbridge, New Jersey, in February, May, June and November. Life subscriptions are available at ten dollars each in the United States and Canada.

EXTRA COPIES—25 CENTS A COPY.

## Credo

By George E. Shaw, A '10

Since the Beginning, wherever men have come together, there have I been.

My membership is legion. From the humble home and the stately mansion; from the rolling farms and the noisy factories; from the East and West and North and South have my followers come.

They who understand my meaning have followed in the footsteps of the Man of Galilee. In peace, they have been their brother's keeper, and in the agony of war their blood has enriched the Fields of Flanders and reddened the sands of the Pacific.

Their reward has been the Inspiration of their Youth; the Driving Power of their Manhood; the Memories of their Maturity. They have fought the Good Fight. And of these, My Sons, I am justly proud.

Who am I? My name is FRATERNITY. And because I have given Man that which he craves, I shall endure. My sons shall neither falter nor fail. They shall add new lustre to my name.

## *Founders Still Active on 42nd Birthday of KDR*

---

**FOUNDER GINO A. RATTI**

---

### **Dean Ratti Attends Annual Venison Dinner**

Dean Ratti of Butler University recently spent a very pleasant Sunday at Bloomington, Indiana where he and Mrs. Ratti were the guests of NU chapter at their annual Venison Dinner. While there he spoke on the early days of KDR, reviewing some of the events which he considers significant in the development of the fraternity which was envisioned at the famous meeting at Middlebury in the spring of 1905. From the samples of actives that he has seen he predicts a rosy future for KDR.

Thomas H. Bartley, one of the founders of KDR, was planning this year to attend his 40th reunion at Middlebury. He reported that he expected many of his old classmates back, including some of the founders of the 2nd oldest fraternity on the Middlebury campus.

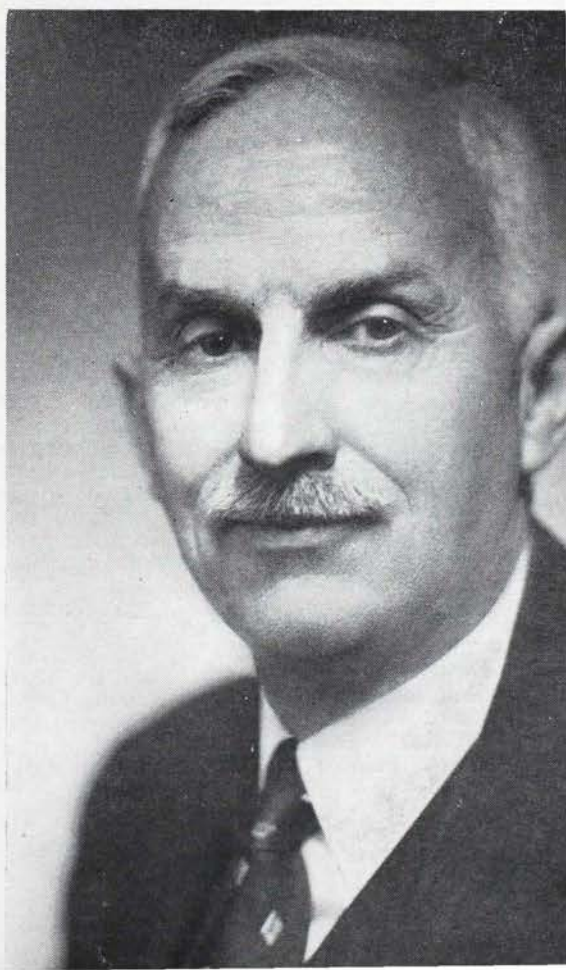

Founder Bartley writes that the past six or seven years of his life have been spent in retirement after a full life spent in industrial activities in Bridgeport, Conn. His best wishes for the most glorious chapter in the history of KDR go out to the brothers from Maine to California.

---

### **FOUNDER CHESTER M. WALCH**

(Story on next page)

(Courtesy—Fabian Backrach)

On this May 17, 1947, the 42nd anniversary of the Founding of Kappa Delta Rho fraternity, we can think of no greater honor than to have the active members of the chapters pledge themselves anew to the simple but basic principles upon which our fraternity was established.

## THE FOUNDERS.

### Founder Walch Is Official Translator

Founder Chester M. Walch, 44 Pleasant St., West Hartford 7, is still head of the modern language department of Hartford Public High School, Hartford, Conn., but his activities carry him far beyond the classroom. He is now official translator for the Connecticut Manufacturer's Association, handling French, Spanish, Portuguese and Italian. Last year for the Connecticut State Development Commission he translated into Spanish and Portuguese for distribution throughout the Latin-American world a list and description of all products made in Connecticut. Brother Walch assures us that his home state makes everything from three-cornered pants to tri-motor airplanes.

In addition to his work in languages Brother Walch is treasurer of the Latin-American club, "Noches Latino-Americanas." He also clerks part time in a corner grocery store, where he is also official translator.

Gideon R. Norton, one of the founders of KDR, writes from Tahawus, N. Y., that he has gotten much satisfaction out of the efforts of the group who in 1905 banded together at Middlebury. That the efforts of the small group have given

others the inspiration to work for the high ideals of KDR has been a constant source of the highest accomplishment to our national founder.

Brother Norton has been plagued since December, 1943, with a severe case of arthritis. He gave up his position with the F. H. Woodruff Seed Co. then but had recovered sufficiently by October, 1945, to accept a position with the National Lead Co. in the accounting department. His many brothers in KDR

### PRESIDENT JOHN L. BLAKELEY

President of the Board of Directors and KDR, John L. Blakeley sends his earnest wish to the entire fraternity that this next year may see some of the greatest advances that KDR has ever made. With the aid of every active and alumnus he plans great things for KDR for 1947-48.

all over the nation hope that his recovery will be complete enough so that he may be with us at the 1955 convention when we celebrate our Golden Jubilee.

Justice remains the greatest power on earth. To that tremendous power alone will we submit.—Harry S. Truman.

## BRIEF HISTORIES FROM SOME OF THE CHAPTERS OF KDR

### DELTA

The installation of Delta Chapter on February 22, 1917, marked the start of an organization which through the 30 years of its existence, has multiplied its members and increased its achievements, until now it stands proudly at the pinnacle of success.

In 1917 a small house was bought and a small band of men started actively to bring KDR into the campus life. Under the direction of Dr. Ewart, without whom many things would have been impossible, the boys worked hard for the fraternity. The first war saw many of the brothers called to service, nine of whom saw duty overseas, while many others were stationed in the U. S. or on duty in the S. A. T. C. Returning from the war years with all its strength, KDR kept its strong position on campus; practically every member was engaged in a sport, publication, or other association so that the chapter was well represented. Apart from extra-curricular activities, KDR maintained the highest academic average and thus won the scholarship trophy for TEN YEARS STRAIGHT!

Throughout the "roaring 20's" the KDR'S planned, prayed, and waited for the day when they would be able to buy a new house. After ten years of patience the dream was realized in the form of the present chapter house. The house was started February 29, 1929 and finished in 1930.

The new chapter house was to see such great athletes as "Quo Vadis", Joe Choborda and Joe Hoague as brothers; indeed in the 1930's, Delta had her share of "immortals" and in addition a great many sportsmen in the field of intramurals, as the trophies on the mantle now show.

World War II again separated many of our brothers, five of whom died in the service of their country. The chapter became inactive in 1943 and served as a barracks for the U. S. Navy, then training on the campus. Re-opening in September 1946, Delta found many of her brothers back again, some single, some married and once again fraternity spirit

ran high. With a full house and many brothers living outside, Delta is now stronger than ever before. . . .

James M. Quigley, historian

### ZETA

The Zeta Chapter of Kappa Delta Rho was, until about 1920, a local fraternity; at that time it went national. The old original chapter house was at that time situated opposite the present post-office, where Bottorf's shoe store now stands. Because of the realization that the older houses on campus were losing out gradually, steps were taken toward building a new house. An insurance scheme whereby each active member was to take out a \$500 policy, was formulated. The total savings was to be realized from these policies in about ten years. In 1933 it was thought that enough capital was available to start building. Among the assets was a lot across from the present Beaver House. A fair profit was realized from the sale of this lot. Other assets were furniture, alumni capital, and the savings accumulated over a period of about five years from the insurance policies.

Building was started after a floating of two bonds amounting to about \$35,000 and \$18,000 respectively. The cost of the house proper was estimated at about \$50,000, excluding the value of the lot and property. In October of 1933, the members moved in. Brother Doggett was responsible for the inspection of the house. He stated in an interview that the chapter had been growing steadily and that we might look forward to a bright future.

In February of 1943 Zeta Chapter was closed because of wartime housing conditions here at Penn State. The victors returned to resume their studies in the Fall of 1945, September, to be specific. Zeta now looks ahead with a firm conviction that this is the best of all possible worlds.

Mack Shupp

### THETA

Theta Chapter of Kappa Delta Rho was founded on February 19, 1921. Until this time the charter members of Theta

Chapter had been members of a local fraternity that went by the name of Eta Zeta Psi.

As with all chapters of KDR, it was only a short time until a new and larger house was needed. In 1926 the old house on Waldron Street was sold and construction on the new house was started. The members moved into the beautiful house on Northwestern Ave. on March 23, 1928.

During World War 2 it was necessary to close the house. In order to keep from losing too much money the house was rented to the Navy. The fall semester in 1945 saw the house reopened by ten members. It is now packed with 64 men.

### IOTA

On November 9, 1903, a group of men banded together at Bucknell University and called themselves The Forum, and later the following officers were elected: President, P. G. Hess; Vice President, C. H. Scheick; Secretary, C. A. Bernhard; Treasurer, A. G. Hess. The forum was later changed to Gamma Lambda Sigma. Then on November 10, 1921, they took on the national affiliation as the Iota Chapter of Kappa Delta Rho, being the first fraternity to be housed on the College campus.

The home on the campus was sold and the fraternity moved downtown and resided there until the early stages of the recent war, at which time the chapter voted to go inactive for the duration, and the house was sold. In the summer of 1946, several men returned to the campus and started reactivation. Their efforts were bolstered by the return of more actives during the fall term, and the pledging of 10 men.

Due to the tireless work of these men and the invaluable aid of Doctors Griffiths and Peterson, members of the Bucknell faculty and brothers in KDR, the fraternity once again sprang to life, purchasing a house and completing a successful pledge campaign.

### KAPPA

Kappa Chapter was installed in 1922 from the Senator's Club, which had been groomed to become a chapter of Kappa Delta Rho. Instrumental in the formation of the new group were Brothers Ewart of Delta, Charles Wright of Alpha, and Don and Wade Belden of Kappa, who were present at the formal

installation. Immediately afterward, officers were elected who were able to guide successfully the chapter through the following years.

After 1929, when the membership was normal, the size of the group decreased until there was but one active on campus in 1935. In the same year an effort was made to get the chapter back on its feet, while the house was moved from 1988 Iuka to 120 13th Avenue. Many men were obtained, so that the chapter was able to move to a larger house in a better location at 98-14th Avenue in 1936.

The chapter had normal success from then until the beginning of the war, when many men left for the armed services, making it virtually impossible to operate the chapter. Attempts were made to keep the chapter financially sound and active by cooperating with Phi Delta Theta and Pi Kappa Alpha, but they both failed. Finally, in January, 1945, it was decided best to sell what little property was left, and deactivate the chapter.

In October of the same year, the first of the brothers being discharged from the service returned to the University. Brother John M. Summa upon seeing the chapter inactive, immediately began to work with Brother Robert Farrell, the only active on campus, and the local alumni, so that in January, 1946, just one year after deactivation, the house, now located at 70-18th Avenue, was opened. Since then, excellent progress has been made, so that the chapter now has fifty men, is on a sound financial basis, and follows a full schedule of campus activities.

M. D. Munn, II, Historian

### LAMBDA

Lambda Chapter got its start at the University of California as the Delphic Club in 1919. It was formed in the period following the first World War which corresponds to the one we are going through now. Delphic Club had made an outstanding record on campus in publications and athletics, a record good enough to convince Kappa Delta Rho Fraternity it should accept a far Western chapter. Lambda was the first on the West Coast and was installed February 19, 1924. Many of the Alumni of the original Delphic Club are still active and interested in the affairs of Lambda and take a personal interest in watching

(TURN TO PAGE 31)

## *Upsilon Chapter Reactivated; Five Initiated On May 3rd*

Saturday, May 3rd, saw another chapter written into the history of KDR, a history that has been seething with surprises ever since the armistice with Japan. Saturday, May 3rd, saw the reactivation of another chapter of KDR, for on that day at the Hotel Fresno in Fresno, California, Upsilon again became an active chapter of a growing KDR. The story of its reactivation is one of cooperation and enthusiasm supplied by alumni, actives and pledges in California. Most of them were from Lambda, but they also had the support of every alumnus in that part of the state in the gigantic task that was accomplished that day.

### **Make 200 Mile Trip**

Eighteen men from Lambda chapter piled into three cars the morning of May 3rd to make the 200 mile trip to

Fresno where they were to conduct the initiation of the new members that evening. Sponsoring the trip were alumni Garing and Bernhard, accompanied by members Anderson, Jara, Bendorf, Phillippe, Tronoff, Haley, Page, Fitzgerald, Carmichael, Harte, Houston. Pledges Newel, O'Connor, Rawn-Linde, Glendon, and LaVelle went along to do what they could.

### **Five Men Initiated**

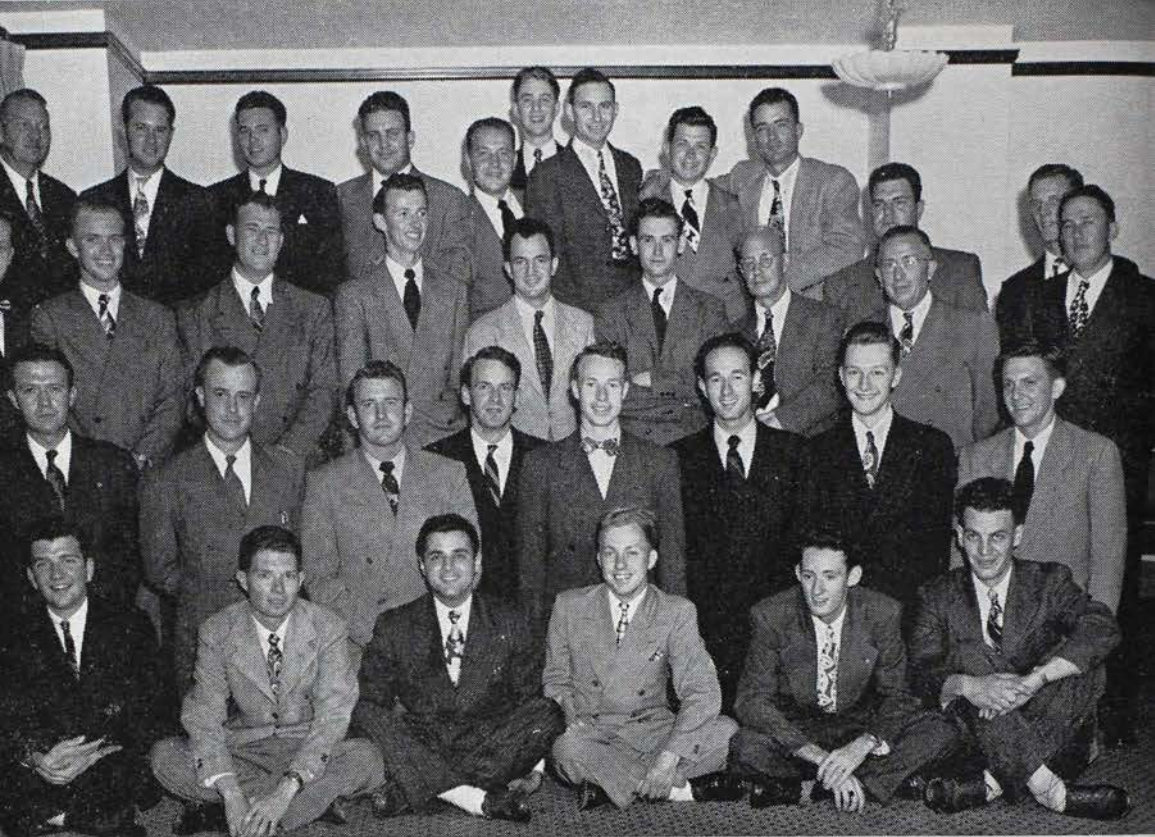

That evening the formal initiation of five new men into the Upsilon chapter was held with a team from Lambda

### **UPSILON CHAPTER**

Back row, l. to r., Bob Walton, Louis Monteleon, Gerry Eckenroed, Nobel Smith, Gregg Woods (initiates, May 3rd). Front row: Roy Cass, Lenny Ross, Carroll Mallory, Bob Clark, (members) and Bruno Merz (pledge).

**Group of LAMBDA and UPSILON alumni, members, and pledges at the initiation banquet on May 3rd.**

chapter officiating. All the formal rites of the fraternity were observed and the five new members of Upsilon chapter of Fresno State were duly impressed with the aims and spirit of the group that they had allied themselves with. The formal initiation was followed by the introduction of the newly-reactivated chapter's first pledge by the men of Fresno State.

#### **Banquet Follows**

The initiation banquet that followed was a memorable occasion in which 35 members and pledges in all stages of KDR growth sat down to a dinner that produced more than mere membership. Attending were LAMBDA alumni, LAMBDA pledges, LAMBDA actives, UPSILON actives, UPSILON alumni and UPSILON pledge.

The banquet lasted until the wee hours of the morning, for great was the celebration that went into the making of another active chapter in our ranks. The rules, aims, and ideals of KDR were rehearsed for the benefit of all present and it was with some reluctance that the group disbanded at 2 A. M.

#### **Sunday Morning Breakfast**

Sunday morning breakfast saw the resumption of the fellowship that was started the previous evening when 25 of the original 35 sat down to a rather

unique KDR affair. (Some Lambda actives and pledges returned to Berkeley late Saturday night because of mid-terms). Continued from Saturday night were some of the subjects uppermost in the minds of the new men, an interpretation of the aims and ideals of KDR national. Fraternity affairs in general got the air that morning, with KDR getting the particular place that was reserved in the minds of all present.

#### **Alumni Attend**

Included among the alumni who aided in the initiation were some Upsilon alumni who have been active in the affairs of the national since they were active members at Fresno. Thomas H. Mott, Edwin L. Rush, Merle C. Rush, Jr., and Wally Masten were the Upsilon alumni present. . . . M. A. Grosse and J. Fred McGrew, Upsilon faculty sponsors, lent their dignity to the grand occasion of the reactivation of the newest chapter on the fraternity roles.

Installed in 1939, just two years before war broke out, Upsilon had just begun to get started when it was interrupted by the war that followed closely upon installation. Despite its youthful age Upsilon gave two members of their

chapter on the altar of freedom. Their loss was the greatest of the entire fraternity considering their small number of members.

**Brother Leonard Ross, 624 Wilson Ave., Fresno, Calif.,** was elected temporary consul of the newly-active Fresno State Upsilon chapter at a special meeting following the initiation of the five new members on May 3rd. The **QUILL AND SCROLL** offers him not only congratulations but any help that it may be able to give him in his task ahead, that of creating a robust and strong chapter of KDR at Fresno State.

Upsilon is but eight years old, but it has already contributed to the fraternity several alumni who are vitally in-

terested in the future of KDR. That these men will see that future pledges are of the true KDR calibre is certain, and it is just as certain that the character of the men of Upsilon will become an integral part of Kappa Delta Rho, the "biggest, little fraternity in the country."

### Upsilon Chapter Poses With Faculty Sponsors

Members and alumni of **UPSILON** chapter following the initiation and banquet on May 3rd. Reading in the usual order: Back row: Tom Mott, Merle Rush, Jr., Edwin Rush, (alumni), Bob Clark, and Carroll Mallory. Middle row: Wally Masten (alumnus), Bobby Walton, Gerry Eckenrod, Nobel Smith, Gregg Woods. Front row: Roy Cass, J. Fred McGrew, (faculty sponsor), Lenny Ross (newly elected **UPSILON** consul), M. A. Grosse (faculty sponsor).

# Executive Secretary Visits Lambda And Sigma In West

## Links West With East In 1st Trip Since Reactivation.

By FERD B. ENSINGER, Ex. Sec.

Editor Don Wolfe called a few moments ago, saying, "Where is my story on your western trip?" He received the quick reply that I too had become gripped by "deadline fever" in trying to make two stories in two magazines by the same time. The zooming popularity of K triangle P has transformed your National Offices into a big business enterprise and the search for time, at least in the Editorial Office, has become relentless. In any event, one of the most heartening features in our post-war operations was my recent trip, or should I say adventure, to the west coast.

It was decided after lengthy consultation with the New York Central Travel Bureau that I take the northern route to Portland, Ore., then swing south to Corvallis, Berkeley, San Francisco, Fresno and Los Angeles. The schedule was arranged, bags packed and the human link between KDR in the east and midwest with KDR on the west coast was about to be forged, or at least that was the hope and the intention. I cannot help but think that the majority of KDR's in this area chose to look upon our Pacific organization as pioneers on the brink of civilization. I soon found out that the feeling was mutual. However, before I get ahead of my story let me return to New York and board the Commodore Vanderbilt for Chicago. You know, I always look forward to a stopover in the Windy City (I have had many during my travels with KDR), for there reposes one of the most active spheres of activity in our Fraternity, the Chicago Alumni Association. I wired Prexy Les Reid of my impending arrival and found a luncheon waiting for me when I got there. We discussed the Association, our midwest organization, expansion, and some of the Chicago men whom I would meet on the coast. For a great sendoff and a lot of valuable information I still owe a debt to Les, Barney Bernard, Pat Lewis, Clarence Chirpe and Art Abbott.

The Empire Builder of the Great Northern left at 1:00 P. M. for Portland and I was on it. A two-day trip through Minnesota, Montana, Idaho, Washington and Oregon brought me into Portland at 8:00 in the morning on the third day out. The first objective was the United States National Bank where Director Vern Severance spends his time as a Trust Officer—that is, when he isn't running the affairs of Sigma's Alumni Corporation. Vern's office immediately became a KDR con-

clave as we discussed the reorganization of the entire fraternity and more specifically that of Sigma Chapter. The reactivation of Sigma had been completed and over fifty men called 140 N. 23rd Street their home. Vern had more than one smile on his face while recapitulating the Sigma story. He knew what I was about to find out . . . what a great chapter we have at Oregon State. He may have been thinking "wait until the east gets a good taste of what we have out here." Vern informed me that a joint Chapter-Alumni meeting was scheduled during my stay and that I had better get down to Corvallis to look things over before then.

The next six days brought me back to the hills of Vermont and my own undergraduate days at Alpha . . . bull sessions running far into the night, football and softball games galore, a few rides in those '47 Fords made in 1925. We talked KDR from breakfast until the wee hours until almost every possible feature of the organization had been carried out to infinity. The outstanding record this chapter has had through the years seemed a natural manifestation of the calibre of the group. However, there was a hunger for an intimate knowledge of the rest of the organization and a redefinition of the national idea in fraternity. I knew that only through this personal contact could that hunger be satisfied. I trust that those six days of feeding on news and philosophies in Kappa Delta Rho satisfied them as much as it did me. I don't believe I could write this article if I weren't confident of that fact.

The foundation of any strong Chapter is their alumni organization, and Sigma's Corporation can point to a long record of achievement. Perhaps their biggest smile comes in the establishment of their beautiful house with the only ideal location on the Oregon State campus. The financial security the Chapter now enjoys in owning their own home and planning future innovations is a debt to the hard work of Corporation President Vern Severance, Bill Paul, Frank Moser, Tom Onsdorf and a host of others it wasn't my good fortune to meet at that time. Little did I know then that 1500 miles away in Los Angeles I would run into another hotbed of Sigma activity. Anyway, it was hard to leave Erv Thoreson and a great bunch of boys at Oregon State.

Paul Moser's '47 Chevrolet took me into Albany, Oregon, in time to meet the Southern Pacific flyer from Portland en route to Berkeley. Crowding a 6 foot 4 inch frame into a Pullman berth is not easy, but it was accomplished that night while we headed for the environs of the University of California and Lambda Chapter. The California sun was really beaming when I stepped off the flyer to meet Norm Carmichael and a sun-tanned Lambda delegation. We hopped into Phil Phillippe's Ford and headed for the campus.

KDR headquarters at California are

## KAPPA DELTA RHO

centered in a beautiful Chapter house at 2250 Piedmont Avenue, in the shadow of the Stadium, and the 47 men in it really get around. Sorority-dinner exchanges, dances, ping-pong, softball, tennis and swimming up in the mountains are all in a day's work. Social Chairman Dean Clair is always a busy man; the amazing thing is that he finds time for all this activity while maintaining close to a straight A average in pre-med. He is not alone, for the Phi Beta oil burns far into the night with this Lambda outfit. It was to burn even longer once we got underway discussing KDR. I can still taste those doughnuts and coffee during intermissions. The climax of these discussions came when a joint chapter-alumni meeting was held on the third evening of my visit. The men who lead the San Francisco Alumni Association on a weekly meeting basis are the guiding lights of the Lambda Corporation. Under President Merle W. Garing Chapter-Alumni contact has been built up to a fever pitch and manifests itself in the unified and aggressive organization that makes Lambda a beaming light in the KDR constellation. I shall never forget that inspirational meeting with Merle, Earl Heath, Bud Hughes, Merritt Rowland, Carl Carlsen, Norb Babin, and then going on to join these and many others at the San Francisco luncheon the next day. It is about now that I realize the futility of covering the names of the men who have given so much to KDR and made my visit a memorable experience. Maybe Ernie Pyle felt the same way.

Well, someone aptly said that all good things must come to an end, and with two great organizations behind me I couldn't help but feel mighty proud of KDR as I boarded the Southern Pacific Streamliner for the San Joaquin Valley and its capital city of Fresno. A comparatively short hop, it was early afternoon and hot enough to fry an egg on the sidewalk when I arrived. The job of the Executive Secretary was to start the reactivation of Upsilon Chapter at Fresno State. Our newest Chapter, chartered only a few years before the war, lacked the alumni organization so necessary at a time like this, but interest was high and oftentimes that is enough. An ex-Marine officer, Brother Leonard Ross, had returned to school and was eager to get his fraternity back on the rolls. We burned the early morning oil discussing the details of reactivation and the immediate plan of organization. The "blood, sweat and tears" of that meeting and those that followed meant that we would have a rough road, but we were on our way. Conferences with the Dean of Men and several faculty members as well as interested alumni in the town of Fresno completed the mosaic of organization. I returned to my hotel room late on the second night of conferences to get a few letters off to Brother Garing in San Francisco, the Lambda Chapter and a report to the National President.

The response was a criterion of the tremendous interest and enthusiasm of our Pacific organization, for shortly thereafter Upsilon held its reactivation banquet with some 40 men in attendance from the San Francisco Association, the Lambda

Picture of Executive Secretary Ensinger hard at work holding up some Lambda members of KDR in Erkeley. From top to bottom and left to right: Pristow, Taylor, Murray, Walstrom, Ensinger and Harris.

Chapter, the Bakersfield Association and the L. A. Association. Brother Ross had pledged five top-notch men and we were on our way. Phase 1 of reactivation at Fresno was completed. Today our men of Upsilon are working with renewed vigor to build their Chapter to a new place of prominence at Fresno. We are confident that they will succeed.

My train for Los Angeles was due out of Fresno at 2:00 A. M., and Ed and Merle Rush of our Upsilon Chapter got out their car and saw that I was on it. I was entering the final phase of the tour.

It was indeed a weary soul that arrived in Los Angeles early that morning after some 4½ hours sleep. My immediate destination, however, was enough to wake up Rip Van Winkle... the beautiful Ambassador Hotel, which was to be my headquarters while in the capital city of

(TURN TO PAGE 23)

*In The Headlines***Wolford, E '12, Receives  
Honorary Degree**

Leo T. Wolford, E '12, charter member of Epsilon chapter and former member of the Board of Directors of KDR received the honorary degree of LL.D. at commencement ceremonies at Franklin College, Franklin, Indiana on June 1. He received his B.A. degree from Franklin in 1912 and his J.D. degree from the University of Chicago in 1915.

**LEO T. WOLFORD, E '12**

Leo is well known throughout the world of Kappa Delta Rho for the many years of service he has given to his fraternity. His interest in and devotion to KDR resulted in his election to the Board of Directors in the fall of 1920 and immediately he was elected Grand Consul, serving until 1925. He was re-elected to the same position in 1936 and although during his second term but one more chapter was added to the roll, that of Fresno State, under his able leadership KDR emerged victorious over the forces of depression. His quiet service helped us over many a hurdle during a very trying period in our history. His was a major role.

As a member of the law firm of Bullitt and Middleton in Louisville, Kentucky he has built for himself a reputation for integrity and justice. His service carries him into many fields. He is a trustee of Franklin College, vice-president of the Louisville Free Public Library Board of Trustees; vice-president of the Legal Aid Society, and member of the executive committee of the Southern Baptist Theological Seminary.

Leo's service as Grand Consul from 1936-42 was outstanding for its usefulness. We rejoice that he has received some recognition for the qualities that we have loved for so long.

**R. L. Cook, A '26, To Direct  
Breadloaf School This  
Year for Second Summer**

Reginald Lansing Cook, A '26, will begin his second summer this year as Director of the Breadloaf School of English, one of the seven summer schools of Middlebury College. Appointed in 1945 to assume the directorship of this famous summer school Brother Cook becomes the fourth director in the school's 28-year history.

While a member of KDR at Middlebury Brother Cook had an envious scholastic record which was climaxed by his election to Phi Beta Kappa. Upon graduation in 1926 he went as Rhodes scholar to Oxford, and upon graduation from there he joined the Middlebury faculty in 1929.

The Breadloaf School of English opened in 1920 and it has had only four directors, two of whom have been members of KDR. The first director was Wilfred Davison, another Alpha KDR, who died in 1929.

Brother Cook will become a full-fledged author in the fall when his recently-accepted book on Thoreau and Walden Pond will come off the press. (Further information will appear in a later edition of the **QUILL AND SCROLL**.) He is also the author of Chapter III of the Pathfinder, "The Sentiment of Brotherhood."

## Bob Rinehimer, P '38, Now College Registrar

Robert E. Rinehimer, P '38, is now registrar of Keystone Junior College at La Plume, Pa., after three years duty in the Navy Supply Corps. He was overseas for two years in the Mediterranean area, holding the rank of lieutenant.

Bob graduated from Meyers high school and Lafayette, where he received the A.B. degree. In college he was active in dramatics, language and sports activities and he was a member of two honorary societies, Kappa Phi Kappa and Phi Beta Kappa.

Upon graduation he taught English in the Mining and Mechanical Institute at Freeland, Pa. for four years, relinquishing that position to become the program and educational director of the Wilkes-Barre YMCA before the war.

Bob during his undergraduate days was very active in the affairs of Rho, besides being one of the important cogs in the machine on College Hill that brought the scholarship cup quite regularly to our chapter in Easton.

## IOTA Wins Cup With 83.20

IOTA Chapter initiated a new house this spring. They also achieved scholastic distinction on the Bucknell campus by leading the other 12 fraternities to win the coveted scholarship cup with an average of 83.20. The nearest any other group approached that mark was with an 82.01 average. The scholarship cup will now take its place in the newly acquired KDR house on 6th Street.

Not only did IOTA win the cup but they did it in no uncertain manner. The nearest sorority group was more than 1 point lower. KDR topped the all-men's average by more than 6 points and the all-women's marks by more than 3 points. They rated almost 6 points above the average of the entire student body.

IOTA will surely receive the congratulations of the entire fraternity, not only upon their excellent reactivation, but upon their achievements on the Bucknell campus.

## Purdue Theta Broadcasts

Theta Chapter, with the aid of the gals from Alpha Xi Delta, aired the songs of Kappa Delta Rho over the Purdue radio station WBAA on Wednesday, March 19. Featured was the chapter's new parody on "Don't Be a Baby, Baby," with a jived-up improvisation on the parody. Song leader Johnny Gray led the boys.

A re-print of the parody by Dick Morgal, '48, follows. Theta claims that it has no peer for serenading purposes.

FOND IS MY RECOLLECTION  
(To the tune of "Don't Be a Baby,  
Baby")

(To be sung slowly with much  
expression)

Fond is my recollection—  
Of a sweet coed so fair  
Emblem of true perfection—  
Sky blue eyes and golden hair.  
Heart filled with true devotion—  
Sweeter than the rest by far—  
I'm proud to claim her and to name her  
My Sweetheart of K-D-R.

## Bakersfield Chapter Meets

The regular meeting of the Bakersfield Chapter of KDR was held Wednesday, February 13, at the home of Ace Meudell. Those present were Phil White, Ace Meudell, Wes Porter, Soup Haworth, Paul Ayer, Larry Seaman and Roy Farrell. Larry Seaman gave us all a very valuable lesson during the evening on how to play that fine game of poker. Glenn Bultman was the only member of our crew unable to attend. Glenn is still recovering from his wedding trip into Death Valley and Palm Springs with his new bride, the former Marie Anderson.

Phil White is now in business for himself, "Consani & White," Real Estate and Insurance. Wes Porter is still with Pacific Western Oil Corporation, and Soup Haworth is at the Installation end of Bell Telephone. Our architect friend, Paul Ayer, is keeping very busy these days with his building program which includes some of the better business projects around the county. Ace Meudell is General Electric's representative down here in the Valley, and Larry Seaman, in addition to playing poker, spends a little time giving legal advice to Independent Exploration Corporation. Roy Farrell is still Physical Education Director of the Richland School out at Shafter, California.

## Colgate Delta Celebrates 30th Anniversary

by Tom Wilson, Propraetor

When the spring term started in February, Delta chapter had the pleasure of welcoming 14 pledges to live in the house. These neophytes were introduced to the pleasures and responsibilities of fraternity life during February.

March 9th was a significant date in the annals of Delta Chapter as 14 men were initiated into full brotherhood. This initiation was timed to coincide with the celebration of the founding of KDR fraternity on the Colgate Campus 30 years ago. A banquet commemorating the event was held, at which prominent alumni and fraternity officials headed by Orrin Judd and Ferd Ensinger gave short talks.

The Annual Spring House Party was the big event in April as all our energies were devoted to making this party one of the most successful occasions of its kind in years. Voluminous decorations transformed the house into a marvel to behold. The band, widely acclaimed by all who heard it, was only an accessory to all the girls, who were a decided and refreshing change from the usual masculine surroundings.

## Epsilon Boasts of Franklin Baseball Captain for '47

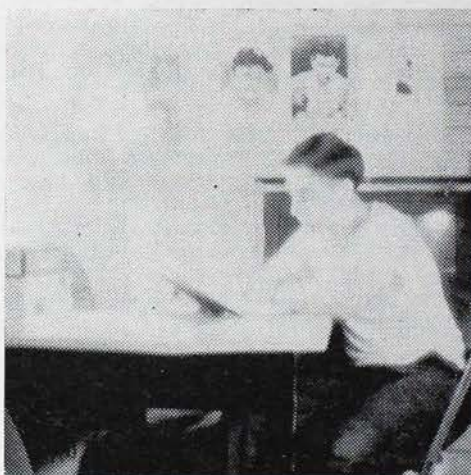

Epsilon chapter of KDR has been making the athletic headlines at Franklin. The baseball team has had four KDR starters in Kehoe, Drubert, and Wickey in the outfield and pledge Myers on second. Brother Wickey has been named captain for the season.

Brother Drubert doubles up in spring sports by being a track star as well as a baseball luminary. Against Rose Poly he not only won the shot put, discus and javelin throw, but also set a new school record for the javelin. He also set some kind of record in being the first 4-letter freshman of Franklin College.

Brothers De Boer, Coombes, and Keller have been tapped for the Lancers, underclass honorary society.

A chapter meeting and alumni smoker was held in the chapter house on May 19. A goodly attendance was recorded and the spirit of Epsilon ran high.

Brother Hugo Gale, charter member, brought fame upon Epsilon by having a picture of his KDR family printed in the May issue of Fraternity Month. His three sons are now at Indiana with two of them holding offices in Nu chapter.

## Penn State Zeta Has Large Pledge Class

By MACK SHUPP

Here in the "secluded" Nittany valley, Zeta is getting ready for new and better fraternity operations. The house is in fine shape—with new floor coverings and curtains due to make their appearance in June.

Zeta initiated the following pledges on February 15, 1947: John L. Balega of Shamokin, Jess T. Hiller, Jr., of Ridgewood, N. J., Franklin M. Shupp of Mount Joy, Pa., Robert Risteen and Richard Risteen of Brooklyn, N. Y. Bob Risteen has subsequently transferred to U. of Indiana and Nu Chapter.

During the winter months our sports interests were carried by a valiant volleyball squad led by "Shorty" Sloan, Cliff Carts as ski-man and John McCreary our stellar fencer.

On April 19 we had a "fine" party; KDR Hughie Ridall's Tru-Blue Sextet provided the "jam" with some cats from Scarsdale sittin' in. We think that Hughie is really doing this rather introverted, musically speaking, school a favor—in bringing jazz and its implications to S. C.

At present we have a rather large pledge class.—They include Jack Martin, W. Pittston, Pa.; Jack Kuney, Plymouth, Pa.; Paul Jason, Philadelphia; Cliff Taylor, Wilkesburg; Howard Wilde, Taunton, Mass.; Allan Hoffman, Allentown, Pa.; Bill Vernon, Ardmore, Pa.; Al Tenser, Richmond, Va.; Ray Sowko, East McKeesport, Pa.; Cliff Carts, Reading, Pa.; Leo Nobile, Ambbridge, Pa.; Gene Wasilewski, Wilkes-Barre; Donald Riley, Indiana, Pa.; Rip Collins, Mt. Lebanon; Walt Jaskolka, New Castle, Pa., and Bob Arnold, of Millburn, N. J.

As you can see, Pledgemaster Jim Farrell really has a job on his hands.

In preparation for the school year of 1947-48 we held election of officers on the 14th of April. The following men

were chosen to lead Zeta in what we hope will be one of her greatest years:

Consul—Dave Rollison  
Senior Tribune—John McCreary  
Junior Tribune—John Kelly  
Praetor—Lee McQuistion  
Propraetor—Mack Shupp  
Quaestor—Jess Hiller  
Pontifex—Paul Schweitzer  
Centurion—Bob Duffield  
House Manager—Chauncey Tepel  
Social Chairman—Dick Charles

Ex-Consul Jackie Reitz graduates this spring. . . . Roy Herrmann is planning a trip to Oslo, Norway, this summer. Colonel Charles I. Carpenter, Chief Air Chaplain of the AAF, visited us early in March, when he spoke at Sunday morning chapel services at the College. The Colonel is a member of Iota Chapter—Bucknell U.

Yes, you can expect great things from Zeta.

## ILLINOIS ETA

(Report missing)

## Purdue Theta Wins Wagon Fight; Removes Wagon to Set Record

By DON DOUD

On May the first the Phi Kappa Taus and KDRs met for their annual Wagon fight. In the middle of a thirty by fifty foot plot of three feet deep mud sat a wagon. Our aim was to remove the wagon from the mud; naturally the Phi Taus were opposed to this. The thirty-five KDRs participating showed wonderful teamwork when they overpowered the Phi Taus and removed the wagon from the mud. To our knowledge this is the first time the wagon has been removed since the tradition started back in 1928.

Theta's basketball team did very well during the season just passed. We won a berth among the eight teams participating in the playoffs. We finished fifth out of 35, which we think is pretty good.

The social life of our chapter was centered around one weekend this semester. On March 21 the Northwestern Triad was held. This dance is a joint affair with three fraternities, one of which is KDR. A banquet preceded the dance and started off an evening that will be remembered for years. On the following night the Indiana KDR state

dance was held in Indianapolis. The tenth floor ballroom of the Columbia Club proved to be a fine place for such a dance. Good music, and the fellowship of the Franklin College and Indiana University chapter members made the evening a rousing success.

Theta is now raising money with which to raise a memorial to our chapter brothers who lost their lives in the War. At present we have close to \$100 and it's still growing. We hope to erect the memorial some time this summer.

On April the 20th Theta held a formal initiation. The following brothers are now among us:

Guy P. Gaston Jr.  
Donald K. Goodwin  
Sheldon K. Goodwin  
Raynard Johnson  
Maurice C. Keltsch  
Michael Velligan  
Wilburt K. Koontz  
George S. Kovatch  
Robert Manifold  
Bruce Simpson  
Aubrey D. Smith

If anyone wants to see a human beehive just visit the "Castle on the Hill" at Purdue. We have 64 men living in the house—that's 20 over the designed capacity of the house.

Brothers Byron A. Wettig '24 and Paul E. Smiley '27 visited our house on the weekend of May 10th. They introduced two young baseball players to Purdue and Theta Chapter of KDR.

## Bucknell Iota Opens New House; Initiates 10.

By PAUL GABRIELE

Iota Chapter of KDR moved into its new home in February. Since that time we have been as busy as beavers. It was quite a job getting our house in order. After much hard labor, however, the house took on a new aspect and became a thing of great pride.

On March 1, 1947, ten pledges were initiated into Iota. They were: Albert L. Brunner, Roy P. Jackman, Richard Peterson, Ferdinand J. Pflug, William Wolensky, Arthur Lulay, John I. Schaeffer, Joseph Sangimino, Paul Gabriele, and Floyd Taylor. This group of new actives increased our active body to fifteen.

Soon after initiation several new of-

ficers were elected. John Schaeffer was elected junior tribune; Paul Gabriele, propraetor; and Floyd Taylor, pontifex. These men, along with the newly chosen consul, George Schumacher, secretary Brian Sword, and senior tribune Robert McBride, aided in the business at hand.

On our return from Easter vacation we began having our meals in the chapter dining room. It was cheering news to know that our old cook was back on the job. It was an even better feeling to smell the delicious aromas that arose from the kitchen.

Spring not only brought blue skies and green buds to the Bucknell Campus, but also baseball games. KDR gathered a squad together and participated.

On April 28, 1947, three pledges were activated. They were: Thomas Watts, Jack Herb, and Elvin Whary. These new men gave us a total of eighteen active members.

The spring semester brought another honor to Iota. We were the winners of the scholarship cup offered to the fraternity with the highest average. Our average was 83.2. This was quite an honor, since last fall was the first time that we had appeared on campus since the war.

## Ohio State Kappa Wins Campus Competition

By M. D. MUNN II

With more than forty members in the chapter, Kappa has fulfilled at least part of the hopes of the men who were responsible for her reactivation in the fall of 1945. Eight men were initiated last fall, four during the winter, and ten this spring, giving us a total of twenty-eight actives. We have twelve pledges remaining, most of whom will be eligible for initiation in the fall. Most outstanding of these is Tom Phillips, varsity football player.

Bill Horton, who was replaced as pledgemaster in mid-March by Lowell Roe, installed a pledge training system whereby the pledge receives instruction concerning the history of fraternities, their place in the collegiate world, the ideals of Kappa Delta Rho, and similar items. Through this system we are assured that the pledge will become a good active.

During January, Kappa was asked to sell a certain campus magazine (BMOC) in competition with other fraternities; the fraternity that sold the most magazines would be given two pages of pictures in the following issue. Need we say Kappa Delta Rho won? And then, this past month, Kappa was offered the same chance and award again, and again won the contest.

The Spring Formal is scheduled for May 10th, in conjunction with the chapter's Founders' Day celebration, which will take place on the 11th.

Kappa is determined to secure herself a strong position on this campus. In the next report we are confident that we will be able to report that a highly successful and gratifying year has passed.

## California Lambda Has "Night In Hades"

by Gene Rebstock

The social events at Lambda this semester started with a pledge dance in February given by the members. Forty-seven members and pledges with their dates enjoyed the dance, a Chinese motif setting the scene.

The highlight of the social season, however, was reached in March when we held our annual Spring Formal Dance at the beautiful Sequoia Country Club in the Berkeley hills. We were honored to have as our guest Ferd En-singer, National Secretary, who was

completing his tour of the west coast chapter houses.

The most unique dance held since the war here was the never-to-be-forgotten pledge dance. The main floor, decorated in red, lent to the atmosphere of their theme "A Night In Hades." A pledge dressed in a devil's costume ushered the members in for a distinctive dance.

Another Function worth mentioning has been the exchange dinner with the Phi Mu Sorority.

The Mothers' Club of Lambda was reactivated in April and with a nucleus of 8 hopes to build an organization as strong as in pre-war days.

## MICHIGAN MU

(Inactive)

## Indiana Nu Holds KDR Roundup

By BILL MITCHELL

Since the March issue of Quill and Scroll has come out quite a few outstanding things have been accomplished here at Nu Chapter.

On Sunday, April 20th, Nu Chapter celebrated its founding with our annual venison banquet. The banquet this year was the first in a few years due to the war, but was praised both by the alumni and active members as being a very successful reunion. The guest

George Schumacher, consul of the newly-reactivated Iota chapter, grinned deservedly when the Bucknell chapter of KDR was awarded the scholarship cup at Chapel services on May 21, 1947. President Herbert L. Spencer made the presentation. (Picture by courtesy of IOTA ITEM.)

speaker was Dean Gino A. Ratti of Butler University, one of the original eight men who founded Kappa Delta Rho at Middlebury College in 1905.

In the way of novelty, members of Nu Chapter, under the guidance of social chairman Bill Gale, organized a western dance and gave it the name "KDR Roundup." It was one of those affairs where everything goes and did. The house inside and out was decorated in western style. Everything from thirty bales of hay to having the members dress in actual cowboy outfits was done to give the dance the right atmosphere. It was a huge success and went over big, especially our delivering invitations to the other houses on horseback. On May 24th, we will conclude our formal social activities with our annual Spring Formal Dance.

Sports are still the number one items of interest in the minds of every KDR member. We have won the intramural wrestling championship three years consecutively, thanks to Herb Farrell, our able coach. Also, we have won our league title in volleyball, football, and basketball. At present our outstanding athlete is Al Kralovansky, who is playing first base and is captain of the varsity baseball team.

Kappa Delta Rho, here at Indiana University, is growing with leaps and bounds. We have stretched the capacity of the house almost beyond its limit, yet from the looks of our potential pledge list we are going to be needing an annex for the fall semester.

## Gettysburg Pi Places Second In Scholarship

By ROBERT S. CRONHARDT

Pi Chapter has twenty-four members—twenty-one active brothers and three pledges. On March fifteenth Pi held a formal initiation for Douglas Cooney, Baltimore; Paul Engle, Harrisburg; Charles Hunt, Johnstown; Russell Peery, Madison, Conn.; Edward Moul, Spring Grove, Pa.; William Kline, Frederick, Md.; and for Melvin Freedman, Harrisburg, X-'40. Brother Ensinger was here for the initiation ceremony and for the inter-fraternity weekend which was held on the campus that weekend. An alumni meeting was held but no action was taken because there was not a quorum present.

This semester we have three pledges: Robert Moul of Spring Grove, Pa., Nelson McKay of Baltimore, and Robert Laur of Baltimore. Formal initiation will be held for these men on Friday, the sixteenth of May.

Pi has been very active in sports, but we haven't been too successful because of the increased strength of the other fraternities on campus. We entered tough football and basketball games as underdogs but scored some major upsets. To date we have won four out of seven softball games with eight games left to play, and are looking forward to a very successful season.

On our mantle we have the second place scholarship cup, which was awarded to us permanently for winning three legs. We also had two legs on the first place scholarship cup but lost last semester. Last semester we finished last among the Greek organizations with an average of one point two or a little better than a "C" average. We expect to do much better this semester. A new scholarship committee composed of Brothers Wohlfert and Cooney has been appointed. So far it has alleviated the difficulties of many of the brothers who have been having trouble with their studies. To help give us more incentive certain members of the Alumni Association have pledged fifty dollars to each of the two brothers showing the most improvement scholastically.

Our social program for the semester will be high-lighted by a formal dance Saturday night, May the tenth, at the Peace Light Inn near Gettysburg. On the Friday night preceding we will have an informal dance at the house, and on Saturday afternoon a tea will be held at the house.

At the Alumni meeting last fall nine alumni donated six hundred dollars to cover expenses for a new powder room. At the end of this semester work will begin on this and also on the tiling and renovating of the bathroom. A few weeks ago Brother Maples' father sold us a new radio-phonograph combination wholesale.

We wish to thank Brother Harrison for the excellent robes which he sent to us from his plant in Champaign, Illinois.

Since our contract with a caterer ran out on March 15 we decided to start cooking for ourselves. We engaged the same cook that we had prior to the war. The boarding club will remain open

this summer, even though we will have only 12 brothers attending summer school. We are engaging non-fraternity men to eat here for the summer session.

Pi's new officers who were elected for this semester are as follows:

Consul—Walter E. Garman, Jr.  
 Senior Tribune—James W. Smith  
 Junior Tribune—Roy C. Kindig  
 Praetor—Paul S. Nere  
 Propraetor—Robert S. Cronhardt  
 Pontifex—Robert J. Trewella  
 Centurian—Ramon R. Naus  
 Quaestor—Allen R. Malkemes  
 Custodian—Cody F. Burkindine  
 Social Committee—Kenneth F. Wohlfert, chairman, S. Donald Schleuter, Robert S. Cronhardt

## Colby XI Initiates, Holds Smoker In April

By BOB BRUNELL

XI Chapter, it must be admitted, continues a small group here at Colby, although our immediate plans for the future entail another membership drive. On April 5th, we initiated three pledges into the fraternity and on the same evening held a banquet and dance. We had one alumni back for the initiation, Charles Berry, as well as one itinerant KDR at the banquet. Wednesday night, May 14, we held a smoker for all non-fraternity men on the campus with the fervent hope that we might be successful in recruiting a few more pledges for next year.

Although our social program has been somewhat limited this year, we members feel that the reactivation which has been realized here at Colby has been worthwhile for all concerned. With the

mammoth problems which confront any fraternity after a temporary deactivation, we have managed admirably under the circumstances, in spite of the fact that our number is small in comparison with some of the other fraternities on campus.

The first KDR baby arrived Easter Sunday and I am happy to say that I am the proud father. (Mother, father and baby are doing nicely!) Incidentally the name is Henry Lee. Though this is the first baby to be born into our ranks, I must report that future members of the coming generation are on their way. If they turn out to be boys also, it is conceivable that a junior chapter can be organized.

## Lafayette RHO Holds Busy Social Season

By NORTON D. FERN, II

Rho has been very busy for the first few months of this school year. After a difficult time in getting the chapter on its feet caused by a period of inactivity during the war we finally got a full plan of activities underway. Eleven new brothers were initiated on March 10th, bringing our total membership up to forty brothers and seven pledges.

Following an informal dance held in the house on March 15th the chapter sponsored a beer party the early part of April and a very good time was had by all who attended the functions. On the 27th of April, Rho, in conjunction with Lafayette's Parents' Weekend, played host at a dinner given for the

A lull in the dancing prompted this somewhat informal shot of a scene taken at the first formal dance held in the new KDR house at Lewisburg. Held on Friday, May 2, it was one of the triumphal social events of the Bucknell campus, marking the first social event of the first Bucknell fraternity to purchase its own house since the war.

parents of its members. Now plans are already underway for a gala Spring Interfraternity Ball week-end, May 9th and 10th. Following the Friday night dance at the gym, Rho is planning a picnic for Saturday afternoon with a candle-light dinner-dance at the house Saturday night. Both occasions are formal, and if any of the Alumni can find it convenient to be around that week-end we extend a cordial invitation for you all to attend. Also, we are training a glee club to enter into an interfraternity singing contest that is held at the time of the college IFC dance. We have participated in a well-rounded intramural sports program and came out fourth in wrestling. The softball league is now in full swing and we have won two and lost two.

This year RHO has progressed by leaps and bounds and is now well on her way towards being once again one of the great and powerful houses on campus.

## Oregon State Sigma Now Has 51 Men

Sigma was glad to see Ferd Ensinger the first week in April. Ferd stayed with us six days, telling us of Kappa Delta Rho's chapters on other campuses and dispelling much of that isolated feeling Sigma has had. The climax of his visit was the visit of many of our alumni. We'd like to have more of our alumni visit us in the future.

Sigma's spring term dance has as its theme "Bum's Rush." The men and their dates will dress and act the parts of hoboes.

Some fifteen men planning to start to school next year will stay at Sigma during the traditional Junior Weekend, when next year's new Staters are introduced to college activities.

Elections were held last term and those installed were:

Consul—Ervin Thoreson  
Senior Tribune—Keith Young  
Junior Tribune—Dewey Merydith  
Praetor—John Akers  
Propraetor—Al Burlingham  
Pontifex—Bob Hornidge  
Custodian—Doran Taylor

Earlier in the term Hal Meyers took over the job of quaestor from Ed Rieben.

We now have 31 active members and 20 active pledges for a total of 51 men. Twelve pledges made their grades dur-

ing the winter term. Sigma will graduate three men this June: Howard Vincent, Lyle Lindsay, and Bud Baker.

## Fresno State Upsilon Now Back On Active Roll

By LEONARD V. ROSS

Approximately April 15, 1947, work was started to reactivate Upsilon Chapter, contacting alumni, faculty sponsors and four active members. The okay for reactivation was given by the Dean who told us the rules which we would have to follow. He was assured that all rules would be followed.

We pledged six members and initiated five of them on May 3, 1947. The names of the members are as follows:

Gerry Eckenrod  
Bobbie Walton  
Nobel Smith  
Gregg Wood  
Louis Monteleon

The sixth pledge was unable to attend and will be initiated at a later date, his name being Paul Kercher.

The reactivation of Upsilon Chapter would not have taken place had it not been for the splendid cooperation from the Lambda Chapter of the University of California, giving us many helpful hints, taking charge of the initiation and assisting us in every way they could.

After the initiation we adjourned to the banquet room for dinner. Thirty-five KDRs were present, which included active student members, faculty advisors and alumni. Questions were asked and advice given. In the way of entertainment the Lambda boys, who numbered twenty, sang many of the KDR songs. Merle Garing acted as toastmaster. The affair ended at 1:00 A. M., May 4, 1947.

At 10:00 A. M. on May 4, 1947, the new and old members of Upsilon met with the Lambda boys for breakfast, at which twenty-five were present. The main purpose of this get-together was to have an open session for briefing our new members and the boys who had been away from the fraternity during the war.

I honestly believe that the whole affair was a tremendous success and should help in speeding Upsilon Chapter to its rightful place on the campus.

I might also add that we have four rushees and we shall have our first meeting this evening.

Our four active members are as follows:

Leonard Ross  
Bob Clark  
Roy Cass  
Carroll Mallory

Congratulatory telegrams were received from the following:

Donald C. Wolfe, National Editor.  
Sigma Chapter, Corvallis, Oregon.  
Duane Deakins, Balboa, California.  
Santa Cruz Alumni, Santa Cruz, California.  
John L. Blakeley, President, KDR, New York, N. Y.  
Southern California Alumni, Pasadena, California.  
Ferd B. Ensinger, Executive Secretary.

### VISITS WEST

southern California. My objective was a visit with our Los Angeles Alumni Association, and investigation in regard to the establishment of a Chapter at U. C. L. A. Clint Brainerd, President of the L. A. Association, drove in from his home in Pasadena and proceeded to give me a detailed tour of the city and its movie industry. Clint and his charming wife were celebrating their 18th wedding anniversary when I had to show up. Clint and Betty certainly thought they were married to KDR before the day was over.

The highlight of my Los Angeles visit was the dinner meeting of the Association at the beautiful Pasadena Athletic Club. Some thirty loyal KDR's were present representing Sigma, Lambda, Eta, and even Alpha in the person of Larry Triggs who left the hills of Vermont a few moons ago to take up residence in this "chamber of commerce paradise." Meeting the kind of men we have in L. A. was more than a temptation for yours truly to follow a similar course.

Sigma had long been the backbone of our organization in Southern California, strange as this migration from Oregon may seem. Past Presidents Johnny Hixson and Les Matthews along with that jovial secretary, Fred Fisher, have injected a wonderful spirit in this KDR outfit, and even thinking about our session that night makes me wish I were out there again carving out a share in their activities. In turning over the gavel to Clint Brainerd of Lambda, retiring President Les Matthews confidently expressed the hope that Clint's leadership would bring increased activity among the Lambda men in the area and in the Association itself.

The ensuing business session turned the spotlight on the National Organization in the person of yours truly. Perhaps this issue of "The Quill and Scroll" for which this article is written bears out in fact whatever I had to say that night on the reactivation of our Chapters and the reorganization of our National Offices. No words I could utter then or print now can give you a true picture of the accomplish-

ments of the past two years. Let it suffice that KDR actives and alumni all over the nation have risen as never before to the call of their fraternity and have given it national recognition on the basis of their achievements.

The spotlight then turned to George D. Wieman, Jr., Sigma alumnus continuing his studies at UCLA. It was our ambition to have George work through the Association toward the establishment of a KDR Chapter at UCLA. Time would be short as he would complete his studies this summer; however, after getting a first-hand picture of the situation from this former Sigma "wheel," plans were made to organize a colony pinning hopes on the chances of interesting a high calibre nucleus in our fraternity. In any event, the Association will need the help of all west coast KDR's in recommending prospective students capable of carrying on the work so ably begun.

Earlier in this dissertation I said something about "deadline fever," and right now I've got a pretty bad case of it. The only good medicine is to quit writing and yell for the Editor, but not without a few words in recapitulation. Only one thought ran through my mind as I boarded the train heading for New York . . . that one boy in 5,000 was lucky enough to have seen his fraternity in action. "Ensinger, that guy was you; carry its message and don't stop until 4,999 others feel just as lucky to have worn its badge."

### Rho Elects Fikar As Counsel for 1947-48

Rho's new propraetor started off his regime with a bang by mailing a newsy invitation to all alumni for Alumni Day at Lafayette. Over 50 showed up for festivities even though it rained all day.

Results of the spring elections follow:

Consul—Louis Fikar  
Senior Tribune—Glen Harman  
Junior Tribune—Richard Karcher  
Propaetor—Norton Fern II  
Treasurer—John McDonald  
Pontifex—Walter Hartl  
Centurion—William Albert  
Custodian—Robert Hagerman  
Commissar—Calvin Talmadge  
Praetor—Horace Hay  
Advisory Committee—Monta Burt and  
Nap Morneau

The several brothers who have called our attention to the incorrect information about Kappa Delta Rho on page 340 of the 1947 World Almanac will be pleased to know that proper notification of the present status of our fraternity has been sent to the publishers. Not knowing whom to contact, they evidently used the data available before the war. The correct information should be in the next volume.

## *Alumni Briefs*

### CALIFORNIA

**VENICE**—J. R. Boyd, H '42, an aerodynamist with Hughes Aircraft Company, lives at 911 Venezia Avenue.

**COLUSA**—Dick Melis, Sigma '38, is now with the Agricultural Extension Service as Assistant Farm Advisor in Colusa County. The Melis' have two children, Shirley 6 and Al 4 years old.

**SAN FRANCISCO**—Edwin R. Fisher, A '36, is now located at 806 Russia Ave. after being on the 'lost' list for some time.

### ILLINOIS

**CHICAGO**—Ralph Haag, H '42, writes that he has just purchased and moved into his own home at 10231 S. Rhodes Ave. He is connected with the Haag Laboratories, Inc., which includes brother Wil, H '38, and father Vernon W., H '15.

**CHICAGO**—After completing an intensive refresher course, John T. Vernon, H '37, is associated with the Edgar C. Fowler Agency of the New England Mutual Life Insurance Co. at 2040 Lincoln Park West.

**CHICAGO**—Bob Partlow, H. '35, is now representing the General Electric Company in the Chicago area. Residence: 9628 South Yates Ave.

**HIGHLAND PARK**—Bruce Krasberg, H, '30, of 2395 Lakeside Place, spent some time during February surf-boarding in Hawaii. He reports a smooth and fast flight with the weather ideal in all respects. He is vice-president of R. Krasberg & Sons Mfg. Co., makers of metal products.

**DEERFIELD**—Russ Sedgwick, H '33, lives at Box 13 this address, wherever that is. He invites the boys to drop in to see him but there's a hitch—he has plenty of wooded acreage, axes, saws, etc. Oh, yes—he says that Box 13 is two miles west of Waukegan Road on Deerfield Road. He is executive secretary of Illinois Title Company.

### MASSACHUSETTS

**FALL RIVER**—The Rev. Finley Keech, I '22, attended the sessions of the Northern Baptist Convention in Atlantic City, N. J. from May 18-24, where he was made a member of the executive committee.

### MISSOURI

**HICKMAN MILLS**—C. Brooks Holley, Theta '30, is with the United States Fidelity and Guaranty Company in Kansas City. He reports two fine future KDR's living with him at 7455 E. 83rd Street, R.R. 2, Hickman Mills.

**ST. LOUIS**—Emil F. Ondrey, K '28, is District Manager of Hiram Walker, Inc., of St. Louis. His home is at 18 Waverton Drive.

### NEW JERSEY

**CLIFTON**—William J. Wakefield, P '28, returned to work for the Chase National Bank in New York City last September after 3 years 4 months in the service. He has purchased a new home at 69 Harvey Road, which is further enhanced with daughter Betsy Ann, now 4½ years old. Bill reports seeing Brothers Harris, Redfield and Corwin in New York recently.

**WEST COLLINGSWOOD**—J. Neill Armstrong, B '30, is now residing in this Philadelphia commuter's paradise at 827 Magill Ave. He is in charge of the Eastern Sales Division of hydraulic equipment of the Denison Engineering Company of Columbus Ohio.

### NEW YORK

**SAMPSON**—E. J. Sabol, Gamma '37, has showed up as the registrar of the newly formed Sampson College. He says that they have an enrollment of 3,000 students, which ought to keep him quite busy.

**BALDWIN, LONG ISLAND**—John A. Westergaard, Delta '38, is a partner of the firm of B. Westergaard and Company of Brooklyn, importers and exporters. His family now includes two

KDR prospects, aged  $4\frac{1}{2}$  and 2 years. On June 6 he left for Labrador to do some fishing after which he expects to take a trip to Europe.

## NORTH CAROLINA

**HIGH POINT**—John R. Williams, N '33, of 611 Montlieu Street is representing the Freiberg Mahogany Company of Cincinnati in the southern territory. He has two children, John E., 12 and Ann, 9.

## OHIO

**CLEVELAND**—T. H. Kanally, Theta 35, reports that the Thetas in Cleveland gathered at Archy Steele's house a few weeks ago for a grand reunion and get-together. In one short evening, they relived four years of college life, raided the commissary and sniffed the Roses, and I do mean Four.

## PENNSYLVANIA

**PITTSBURGH**—Richard H. Gotwalt, Z '33, has been transferred to the Irvin Works of the Carnegie Illinois Steel Corporation. He has the title of industrial engineer with his home at 173 Delano Drive.

## TEXAS

**HOUSTON**—After five years in California, John Y. Mohler, Delta '32 has been transferred by W. T. Grant Company to this city, with residence at 5039 Arvilla Lane. He is now the merchandise manager of the 2nd largest store in the Grant chain.

## VERMONT

**MONTPELIER**—James S. Brock, A '35, is now located at 43 State Street. He writes that he expects to practice law here from now on. No charge for the plug, Jim.

### NEW LIFE MEMBERS

REV. FINLEY KEECH, I '22  
888 Rock Street, Fall River, Mass.

## A New Directory Depends On You

Kappa Delta Rho published its last directory in 1934. Most of the addresses have been changed since that time, but more important than that, hundreds of new members have been added to the rolls since then. Most of these members are active in the affairs of their chapters and the national; it is from them that we get much of our support in keeping the threads of a good organization knit together.

Hardly a day goes by without some request for a list of alumni in some state, city or town. If nothing else these requests indicate that we are badly in need of a directory. Yet, to be done right it will be a costly matter. We should like to see a directory go farther than it has ever gone before; we should like to see every member's business connections listed with his name. We believe that such a directory would then become a real directory, providing many hours of pleasant checking on the progress that our chapter members have made and the goal that they have reached.

Perhaps we are getting just a bit old but we do like to reminisce just a little, and such a list would help us. What are your thoughts on the subject? Could it be done? How could it be financed? This is your fraternity and your ideas are solicited. Let us hear from you.

## ***Jerry Tamblyn, B'16, Dies Suddenly***

Gerald (Jerry) M. Tamblyn, Beta '16, died suddenly at his home, 1 Wilson Avenue, Rutherford, N. J., on June 8. At the time of his death he was public relations officer for the Rutherford National Bank, having served in that capacity for ten years. Previously, since his graduation from Cornell, he was in YMCA work both here and abroad.

Jerry, as he was affectionately known in KDR all over the country, typified the highest idealism of the fraternity he loved and cherished. His life was a constant example of the ideals that all KDR men subscribe to when they become brothers.

**JERRY TAMBLYN, BETA '16**

During his 54 years Jerry knew nothing but service. He was a captain in the first World War, becoming physical director for the YMCA after the war. In 1922 he was sent to Egypt as national recreation director, and in that capacity introduced basketball and track to that country. While in Cairo he coached the Egyptian Olympic team. He returned to the United States and Rutherford in

1928 when he became director of the YMCA there.

In World War II his activities carried him into many branches of civilian service. He was on the Selective Service Board and helped to organize many of the Bergen County War Bond drives. In other fields as well, his community and nation reaped the benefits of Jerry's efficient organizing talents.

The Paris edition of the Herald Tribune in 1927 contained these lines about Jerry:

"There is no condemnation of others who live entirely differently to him, but at the same time no giving in on his part; he is not a touring spectator and yet the fund of character which he possesses is never touched. Probably Jerry Tamblyn has been so successful in Egypt because of this integrity; his work squares with his life. He is being more useful there than he could be in anything else. He is one man who has found out how to do something with his life, and he is doing it well."

Kappa Delta Rho mourns the passing of Jerry. His integrity has been an inspiration to us; his first motto has been "HONOR SUPER OMNIA." A vacant space has been left in our ranks with his going.

The heartfelt sympathy of 5,000 brothers goes out to his widow, Mrs. Ethel E. Howell Tamblyn, and his son, Timothy M. Tamblyn, P '42. There is a greater loss even than ours.

(From N. Y. Sun, June 12)

### **ONE MAN'S GOOD DEEDS**

**Improved a Community and Left a Lesson for World at Large.**

To the Editor of The Sun—Sir: A man came to live in our town eighteen years ago. His work then brought him into contact with the young. Before long he was known to young and old, and serving in a score of community activities. Church and social clubs, educational, business and veterans' organizations gave him plenty to do because he was willing to do it, unselfishly, without pay.

Others have, of course, been public-spirited here in similar ways, some in the hope that popularity would lead to political post or commercial success. This man never sought political office. He owned no business, played no favorites. He was not a glamorous celebrity. He was not wealthy. He was rich only in friends. In a hundred ways Gerald Tamblin helped to make the town better than he found it.

This week, at 53, he suddenly died. The funeral services filled to the doors a large church. There, Protestants, Catholics, Jews bowed heads in grief together because this man had been their friend. He left a widow and a son, but a thousand families felt the loss. Such an occasion led some of us to feel, I am sure, that in the good works of one person benefiting one community, all of us received another lesson in the meaning of life. It is an old lesson, yet never more pertinent than today, when so many are talking about saving the whole world while they do little or nothing to cultivate that small spot where they live.

Rutherford, N. J.

A.B.C.

## H. S. Weidner, PI '15

Brother Harry S. Weidner, passed away at his home in York on April 3. Further details are not available, but office records indicate that he was a member of the faculty of the William Penn High School in York.

## CHAPTER NUPTIAL

Eugene H. Wells, Nu '42, tied the knot with Mary Helen Piper of Peru, Indiana, on March 9. They are now living at 110 N. Huntington Street in Peru and Gene extends a cordial invitation to all brothers to stop by if in town.

Marvin Glenn Bultman, Lambda '35, was married on February 2 to Marie C. Anderson in Bakersfield, Calif. Present home address is 2510 4th Street, but his business address is 303 Hopkins Bldg., both in Bakersfield.

William S. Foster, Delta '45, took unto himself Barbara Richardson of Ridge-wood, N. J. on October 17, 1946. Mrs. Foster was graduated from William and Mary in 1946 where she was a member of Chi Omega.

## CHAPTER NATAL

Ernest J. Fischer, Theta, '46, and Mrs. Fischer announce the arrival of Ernest J. Fischer II on October 5, 1946. Junior is reported wearing a KDR pledge pin already. Mrs. Fischer is the former Evelyn Stein, X U from Purdue.

A daughter, Barbara Jean, arrived at the Lying-In Hospital in New York City on October 26, 1946. She is now the center of attraction at 366 Broadway, Newburgh, New York where her father, Dr. William S. Montgomery, A '34, and her mother are displaying her to all interested visitors.

A son, James Travers, arrived at the home of the Merrill Powers, 24 Brighton Street, Rochester 7, New York, on March 27, 1946. Merrill, Pi '36, is a mechanical engineer in the mechanical laboratory of Rochester products Division of General Motors, Inc.

Willard N. (Woody) Woodward, Delta '36, and Mrs. Woodward announce the arrival of a new KDR, Newell Kingsley, at 44 Race Street, Cambridge, Md. on January 31, 1947.

John E. Kanally, Jr. arrived on March 29, 1947 in Cleveland, Ohio. His mother and father, Theta '40, are now living at 4231 W. 21st Street, where the postman will deliver your congratulations.

Pride of the Landen's is now Hal Michael, who arrived at 130 S. Cole Street, Lima, Ohio on March 13. Father Ed, Z '40 is still a lieutenant in the Navy, being Organization and Field Administrator at Lima.

Robert Crane, H '43, and Mrs. Crane are proud to announce the arrival of a son, Lawrence Richard on December 9, 1946. Bob is with the Farm Journal in Chicago, living at 6558 South Yale Ave., Chicago 21.

### WELCOME BACK, UPSILON

The greatest pleasure we have this month is in welcoming Chapter Upsilon again to our active rolls. Her name again appears on the chapter directory, and judging from the outstanding group of boys at Fresno she is going to make the headlines more than once in the days to come.

We are glad to have Upsilon back with us again. Hers was a short life before the war, but she fought right back to take her place among the active chapters of Kappa Delta Rho. May she grow to maturity this time. May her members be among the biggest boosters of their chosen fraternity.

### CHANGE OF ADDRESS

A minor matter, and yet one that assumes major proportions at times, is the forgetfulness of some of our members in informing us of a change of address. We are attempting to keep up with all of you but it is a gigantic task. Besides costing us many unnecessary dollars every month for postage due on your new address it takes hours of time in checking the address case. Many addresses supplied by the post office are incorrect; that is the reason we like to have them in your handwriting before we make a new stencil.

If you do not supply us with your new address in time we cannot guarantee the delivery of your QUILL and SCROLL. With a cover that we think is the best along fraternity row, we know you will not want to miss a single issue. Let us have your correct address in plenty of time to keep every issue coming your way. It costs but 1c; it should bring you news worth many thousands of times that.

### WHAT IS YOUR ALUMNI I. Q?

It is an old story, but one gets only as much out of anything as he puts into it. Some of us used to think that our fraternity life ended when we received that coveted sheepskin and started out into business for ourselves.

Some of us are not steeped in money. We cannot provide new sofas for the chapter house or new drapes for the dining room, as much as we would like to. We do have a little time, though, for the fellowship of a get-together with those brought up under the same ideals, the same traditions, the same philosophy of life. We owe it to ourselves to make our fraternity live in our alumni life as we thrilled over some of its associations during our active life.

Personally, I would never trade my fraternity life for any other, in college or out. The associations I have made are priceless. Yours can be, too.

Justice is not an explosion which spends its force in a single outburst and then vanishes into thin air. Justice is the steadfast way, to see right done in the world.—David Lloyd George.

ETA CHAPTER—UNIVERSITY OF ILLINOIS

## Kapping The Klimax

Kappa Delta Rho and its new editor is glad to present to the members politic in this issue what we hope will become the standard cover of the

QUILL AND SCROLL. . . . Symbolic of the aims and traditions of our group, aged 42, it should need no longer any apologies when it is left lying on the table where unexpected company can see it. . . . Major credit should go to Charlie Beck of Lafayette Rho, who has done a splendid job on the art work involved. . . . The colors speak for themselves.

### EDITOR'S DILEMMA

Foremost in the mind of your editor these days is the question of the scarcity of paper. . . . Much anxious time is spent between issues wondering if enough coated paper will be found to publish the next edition of the QUILL AND SCROLL. . . . Fortunately, so far, some always does turn up at the last minute. . . . He is not alone in his anxiety either. . . . Every other editor in the country has his anxious moments too. . . .

### IN THE CRYSTAL BALL

One more issue of the QUILL AND SCROLL will roll off the presses this summer. . . . In it you will find news of the greatest odd-year convention in the history of your fraternity. . . . Look for the next issue and read it from cover to cover. . . . It will contain information that you should know about your officers, your board of directors, your delegates. . . . and what they are planning for the year ahead. . . . The drive for alumni dues will get under way some time in August or the beginning of September. . . . A special bulletin is planned to inform the alumni of the new budget for 1947-1948. . . .

### A WORD TO THE ALUMNI

The alumni groups having the most fun and satisfaction are those with a purpose. . . . Tea parties become tire-

some, but the satisfaction of doing a job with others having the same aspirations gives an incentive to an alumni group that nothing else can give. . . . Sorority alumnae groups take up charitable work, give scholarships, become active in community work. . . . Perhaps they have a lesson to teach some of us fraternity members. . . .

### WITH THE UNDERGRADUATES

Brother Wolf, Pi '47, started out this past semester by giving up single-blessedness for married bliss. . . . The lucky girl was Miss Lorraine Everett, a teacher, from Smithsburg, Maryland. Brother Wolf expects to enter the industrial chemical field in Frederick, Maryland. . . . Brother Reis, of Pi '47, is now an athletic instructor in France. . . . He expects to return in time to enter the Lutheran Theological Seminary at Gettysburg in the fall. . . . Roger Kelley, Pi X '45, is attending pre-med school at the University of Minnesota. . . . Norm Fern, propraetor of Rho chapter, is launching a public relations campaign that might well be copied by other chapters. . . . During the next year he expects to send out many letters to the alumni minus any financial appeal. . . .

The error of the month comes from an alumnus of Peru, Indiana, who extends a "cordial invitation to all alumnae to stop by." Seriously, brother, do you want to start something so early in your married life? My Latin suffers from genderritis sometimes too, but so far I've been able to keep it out of my married life. . . . Orchids to Floyd Taylor, Iota, for the most perfect job he did on the June issue of the ITEM. The alumni ought to be proud of the active chapter after their latest journalistic accomplishment. There seems no end to what those versatile Iota actives can do. . . . About 40 Rho alumni attended the Alumni Association meeting on June 7. Projects planned for the summer included a complete paint job for the outside of the house. . . .

Sally's back from Hollywood,  
Evading all its perils;  
Sally's back from Hollywood,

**(CHAPTER HISTORIES)**

the growth of their "baby". Lambda is in her fifth home on the Berkeley Campus now, but hopes to have, in the not too distant future a permanent home of her own.

Norman Carmichael

**RHO**

By NORTON D. FERN II

The forerunner of the present Rho Chapter at Lafayette was the Krescent Club installed on the campus in the winter of 1922-23. At first the Fraternity was located off campus on Porter Street; then in the fall of 1929 was quartered in Sullivan's Lane. In the spring of 1931 Kappa Delta Rho joined with the Tarms fraternity, a local founded at Lafayette in 1920, to form the present chapter. The same year Rho moved into her present house on campus. The Chapter was inactive for several years during the war, during which time the house was taken over by the government. This year the house was opened and the Chapter was reactivated.

**SIGMA**

Sigma Chapter was formed by a local group of men having a high ethical and moral code, who were unsatisfied with the then-existing fraternities. These men were part of a group of high caliber men not assimilated by other fraternities after the first World War. A group of them formed the local fraternity, Alpha Pi Delta.

The present house was built in 1920 and was the first house built by a fraternity on the Oregon State College campus. It was remodeled in 1938 to accommodate 40 men.

The local, Alpha Pi Delta, joined the ranks of Kappa Delta Rho in 1928. The present house is noted for its nearness to the campus, being the nearest fraternity to the center of the campus.

A. C. Burlingham, Jr.

**THE MAILBAG**

Dear Bill:

Enclosed find my check for dues for another year. Your program for 1947 and the reactivation of KDR sound good.

Being an alumnus of Lambda and located so as not to be able to play an

active part as an alumnus, I am still interested in learning the doings of the national and the local. Thanks for the good job and the QUILL AND SCROLL.

Fraternally,

Hal Turner

Rio Linda, Calif.

Dear Brother Everts:

I am enclosing \$2.00 for my dues for the present year. I am at present a Chaplain serving the Veterans Administration, having come out of the Navy as a chaplain. I am delighted to hear of the renewed activity of the fraternity and want to do all I can to help reactivate the chapters.

Fraternally yours,

William L. Clewell, Pi '28

Veterans Administration Hospital  
Marion, Indiana

Dear Brother Wolfe,

This is to inform you of another change of address in my case, and inasmuch as I realize you have a big job trying to keep track of everyone, I am going to send this information along to you at once.

Now that many of the chapters of our Fraternity are again active, it will seem more like the Fraternity we all knew in pre-war days, and again we can work for what we hold dear.

Trusting all is going well, with you and yours and with your Fraternity work as well.

Fraternally,

Lawrence L. Plagmann.

6409 N.E. Mallory Ave.,  
Portland 11, Oregon.

Dear Sirs:

Since our KDR brain trusters have dropped that two-cent idea I heard about some time ago, you got me interested to the extent of sending Bill Everts a check. Imagine any college "grad" that would even think of erasing those famous fellowships and immortal words—KAPPA DELTA RHO? Why, I was boiling—and a plenty, too.

I haven't received a QUILL AND SCROLL since '32 and would like to receive the Memorial Issue and all others from this day forward. Please note my correct address which hasn't changed since 1934.

Fraternally yours,

R. M. Bucher, Pi '32.

340 E. Shocolate Ave.  
Hershey, Pa.

P.S. Certainly none of those brain trusters came from Pi Chapter, did they?

Dear Brother:

I sincerely hope our goal for the 1946-47 period will be attained. The vigorous efforts put forth by the National Officers and Executive Secretary is greatly appreciated.

Fraternally yours,

Bob Henderson, Sigma '41

5522 S.E. Ankey  
Portland 15, Ore.

April 15, 1910

Number 4

---

## FRATRES:

We are now sending out the fourth number of THE SCROLL, and if it is a few days late in coming we hope that it will be all the more welcome. You probably realize what a task it is to prepare the copies as we have been doing it, but we do not think you realize the good which it is doing the fraternity. At first we did not feel certain of its success, in fact it was only an experiment, but the letters which we have received from you have removed all doubt from our minds. We wish we could include some of these letters in THE SCROLL, but that is impossible under present conditions. All we can do is to assure you individually and collectively that we appreciate fully your efforts to help us and that we will do our best to make THE SCROLL interesting to you.
