KAPPA DELTA RHO
FRATERNITY

SUMMER
1957

A Message from the President

Kappa Delta Rho needs the help of every alumnus to carry on the ideals that prompted its beginning more than 50 years ago. It needs such help morally, physically and financially to help meet the needs of the influx of college students in the next decade. To let them down would be to break faith with the oath we took when we joined.

As your president I call on you to keep faith with the next generation. Help KDR to meet the challenge of today by contributing to the Loyalty Fund. Many brother KDR's are contributing of their time and money to build better men for tomorrow. You can find at least a spare dollar to give toward a bigger and better Kappa Delta Rho.

May we hear from you—all 7000 strong. Keep faith with the future by giving to the Loyalty Fund today.

Fraternally,

O. D. ROBERTS

National President

Member of the National
Interfraternity Conference

Loyalty Fund

This issue of the Quill and Scroll is devoted to the annual Loyalty Fund appeal. Alumni write in from time to time asking just what the Loyalty Funds are used for. We have tried to answer them in this issue — but we have also attempted to call to the attention of every KDR the urgency of the appeal.

Increased college enrollments have meant new problems for KDR and every other fraternity. We want to meet these problems and solve them maturely. Your small contribution can help solve the financial problems, but your suggestions are also needed to help solve other problems. If you have any, we'll be glad to hear from you, and also to publish your ideas if you give us permission. Let's have a 'brainstorming' session in which many alumni offer suggestions, no matter how wild they may seem. From them come the right answer to the best KDR of the future. We'll be waiting to hear from you soon.

These KDR's have contributed to the 1957 Fund before the formal appeal in this issue:

Dr. Robert G. Croesen, Rho Hon.

Our Position On Expansion

AN EDITORIAL

What Is To Be Our Role in the Future Fraternity Picture?

In this issue is a reply envelope intended to hold the financial help of every alumnus of Kappa Delta Rho. Ever since World War II, when your fraternity found itself with closed chapters and a depleted treasury an appeal has gone out yearly to the alumni to help voluntarily with the general finances of the fraternity. Needless to say, reactivation would have been impossible without the generous help given by some 500 alumni every year to this fund.

BUT WE NEED MORE PARTICIPATION. Crucial years are ahead for KDR, years in which we will see an unprecedented growth of college population. Just what is to be our role in this expansion of educational facilities? Where lies the best course for Kappa Delta Rho? Let's take a look at the picture.

The Statistical Picture

Of the 61 member fraternities of the NIC Kappa Delta Rho ranks 50th in the number of chapters. Forty-nine have more chapters than we do and eleven have fewer. Of the 49 having more chapters eleven have more than 100 chapters, while those with fewer chapters range all the way down to six. In total number of alumni KDR ranks 47th, three fraternities with more chapters having fewer alumni. Only 13 national fraternities have fewer than 20 chapters; nine more have fewer than 30 chapters.

Some of the fraternities ranking below KDR in numbers have few plans for expansion. Through the years they have built up alum-

ni support and participation equivalent to the added personnel that are needed to keep a smaller national at a top level of efficiency. Alumni are doing, in their spare time, some of the jobs that paid personnel handle in the larger fraternities. Some of them state very definitely that they do not care to expand, but to keep strong what they have.

Our Role in the Future

A calm look at fraternities in the picture of expanded college education is necessary to formulate any action for KDR. Many factors are involved in the future and they all must be evaluated carefully in the light of our financial possibilities.

First, we must all agree that those chapters we have must be as strong as it is possible to make them, physically, morally and scholastically. There is no use acquiring new chapters when those we have need strengthening. For instance, at least five chapters need new houses immediately. New dormitories have put pressure on antiquated fraternity houses to provide better living facilities and they must be improved if we are to meet competition. There is much more to fraternity living than the physical plant but we must bow to practicibility; students are not going to live in hovels when modernistic dormitories are rising all around them.

Secondly, we must all agree that scholastically our chapters must match the standards of the campus. With applications becoming more numerous every day, and with increasing difficulty in gaining entrance to filled classrooms colleges are certainly going to become more selective. To a certain

extent this selectivity should make it easier to choose scholastically those members who will not be declared ineligible because of scholastic difficulties. We may also see, with the rise of scholastic standards for entrance to college a corresponding rise in standards to meet fraternity membership. Whatever the result KDR must pledge men scholastically able to maintain a better than average record.

Thirdly, we must all agree that KDR must fill some need in the scholastic picture and resolve to see that she continues to supply that need. With colleges becoming increasingly large the need for group living should increase. Several universities are already near or over the 30,000 mark. The student can easily be lost in a group that size. It is up to us to provide the intimacy that is lost in the larger colleges of tomorrow.

Our Dilemma

We need more chapters so we can have an income that will enable us to operate efficiently as a first-rate organization. To get those chapters we must have the money to investigate, to guide them in starting, and even to lend them enough to rent a house or buy furniture until their credit is established. The circle is vicious but we must decide just what course we will take in future planning.

Many KDR's agree that 25 chapters would put us on a more efficient basis, allowing us two paid representatives instead of one. If this is to be our goal then some effort must be made to provide the funds that will be needed for expansion to this level. It won't be easy.

Merger

Several plans are open to reach this goal. Marger with another fraternity is one of them. This was considered once before by KDR and turned down by a vote

of the chapters. Most smaller fraternities are not very amenable to merger with a larger group because it would mean losing their identity. It would also mean losing a trust fund that has taken 30 years to build. There is always the suspicion also that when a larger fraternity proposes merger that it is more interested in our \$45,000 trust fund than in the benefits that the members of both groups would eventually acrué.

Several times since the War KDR has been approached with overtures of merger. Most of them meant being swallowed up by a fraternity that already had enough chapters to operate as an efficient group. Most KDR's are rather deaf to that kind of expansion. They have joined KDR and that is what they would rather remain. Many alumni have worked tirelessly for the good of KDR for many years. Would it be fair to them to suddenly announce that after all their tears and heartaches they had worked to see KDR become something else? Their loyalty has been toward KDR and not toward some other group.

It is evident from current opinion that both actives and alumni want us to remain KDR. Those who are proud of a small group do not want it to lose everything it stands for by being merged with an already large group. Besides, many KDR's joined just because it was a small group. Could we keep faith with them by merging? The answer is an unequivocal NO.

Finding Locals

Another course that remains open is to find locals that are unaffiliated with national groups. The area here is however limited. Locals that have gained enough prestige on their campuses have in many cases lined up with national fraternities upon their reaching mature status. Finding those just in the process of organizing is rather difficult and in many cases just a stab in the dark.

Colleges that have planned fra-

ternity expansion to take care of increased enrollments are, in many cases, anxious to consider having new fraternities on campus. Many of them must wait until new groups form in the usual course of events before they can indicate any definite optimism toward KDR or any other fraternity not on campus. Much in the form of public relations must be carried on with such colleges so that KDR will be considered seriously when the time comes for locals to form. It is a costly process, this visiting colleges where perhaps we might have a chapter five or ten years hence. In the meantime contact must be maintained with this college so that KDR is not forgotten in the interim.

Starting Colonies

Another course that remains for expansion is that of starting colonies in institutions desiring an expansion of their fraternity system. (A colony is a group extension of the fraternity pledge, where the new group has to meet standards of scholarship, finances, organization, campus recognition and morality.) It depends on cooperation between the fraternity headquarters and the administration of the college in working out the many details that produce a good group in the fraternity life of the campus. Close supervision and careful advising is a prime requirement and this is a costly thing in most cases.

The details of setting up a colony preclude any notion of having a national secretary or officer spend a long period of time with the new group. That would be both too costly and inefficient for it would necessitate neglect of other work. Local alumni and local chapters can furnish much of the supervision of such a group but their time is limited also and they cannot spend any extended period of time with the colony getting them "in the groove." They are necessary, however, to provide installation teams and to pro-

vide the formal amenities of fraternity life. New colonies, therefore, should be at a favorable distance so that travel is possible between the active chapter and the colony.

Another possibility in expansion is to provide funds for an active to transfer to a college desiring fraternity expansion. In most such cases tuition is paid. The active sets up a colony on the new campus, and depending on the circumstances, can even do the initiating as the group grows. He is also familiar with the details of running a chapter so that he can act as a teacher as the group progresses. Too few actives, however, are willing to transfer to another school just to initiate a new fraternity chapter.

Reactivation

Another course that appears on the horizon of expansion is the one of reactivation. At least two chapters of KDR that have not reopened since World War II have definite possibilities of being reactivated, Butler and Michigan. Both of these inactive chapters have some interested alumni but they are so far from Ann Arbor and Indianapolis that their interest is passive rather than active. An active group of alumni in the same city could do much to work out details of reactivation. The fact that no KDR is now in school offers another stumbling block, however, and almost takes us back to the idea of starting a colony, for they would have to begin from scratch. No matter how, it is a long, tedious process, this one of getting a chapter started with no actives on campus.

What Is the Answer?

The actives at the 1956 Convention saw a definite need for expansion funds and voted to assess themselves \$5 a year, per man, to set up the John Loy Blakeley Expansion Fund. To date approximately \$1,000 has been paid into

this fund, with about half the chapters still to be heard from.

KDR is not out to 'buy' chapters. We do have to offer to new groups, however, enough financial aid so that they can rent a house and buy furniture to start a new chapter. The Blakeley Fund is now in condition to lend money to such groups until their credit is established and their finances stable. As the fund grows we will be in better position to offer more aid to get new groups started financially.

The trustees of the Fund desire to make of it a loan fund, not a giveaway. Chapters that take on their proper obligations become better chapters than those that have things handed to them and in this the Board of Directors concurs.

The Loyalty Fund this year is making an extra special drive to increase the number of alumni who give voluntarily to the fund. KDR has about 7000 alumni. If each one gave but \$1 to the fund each year, sufficient funds would be in the general treasury so that expansion could be carried on in all areas mentioned previously to the utmost of our ability. Sufficient funds would be there so that we could pay an active's tuition to transfer to another school or provide funds for some alumnus to start a colony. This is necessary if we are to get more chapters but we cannot do it without help from the alumni. The decision is yours.

At great extra expense your Board of Directors appointed an expansion secretary in February for a period of four months. Many colleges have been visited in that time and many valuable contacts made in the interest of KDR. Expansion is a much longer project than can be completed in four months. It must go forward from here. We cannot afford to lose what little we gained in those four months. Contacts must be main-

tained and good will built up for future colonies.

The smaller fraternity is in a good position today to offer additional fraternity facilities to expanding institutions. We must play our part in this expanding higher education by being there when the need exists. Many alumni are giving of their time; those not able to give time can help with the finances.

HOW? HOW? HOW? Just a little will help in a project of this magnitude. Multiplied by 7000 your little help can become of great import. It can become a great force that will carry the fraternity to heights it never dreamed of fifty years ago.

WHY? WHY? WHY? We are now beginning our second fifty years of growth. The opportunity is there if we take it. The possibilities are unlimited in the period ahead. We need new houses, we need better and more chapters, we need more services to make our existing chapters stronger. Your place in the picture is an important one. What is your answer? How far we move ahead depends on your answer.

Annual Convention August 10

The annual meeting of the Board of Directors and the odd-year or 'paper' convention will be held at Penn State in the chapter house on Saturday, August 10. Chapters may send delegates at their own expense and several of them have indicated their desire to have one attend. Others record their votes by means of a proxy.

This is the first year that an attempt has been made to hold the odd-year convention in a chapter house. If it results in the attendance of more undergraduate delegates the policy will be considered seriously by the Board for future conventions of this type.

ALUMNI BRIEFS

Rockwell, Iota '07, to Lecture in English in Mexico

Dr. Leo Rockwell, Iota '07, has received a six month assignment from the U. S. State Department to lecture on English at the University of Guadalajara, Mexico. Dr. Rockwell has been on the staff at Colgate University since 1936 and announced his retirement the end of this past school year. He was Director of the Division of Arts and Letters at Colgate.

Of his new assignment Dr. Rockwell says "This post seems to be almost a missionary venture, since language is one of the most important keys to world understanding, and it is especially important for our Southern neighbors to understand us; they have suffered a good deal at the hands of some U. S. citizens; some tourists here now are quite unrepresentative of the better things in our culture."

This is not the first time that Brother Rockwell will be working with foreign students. In 1943 he received a two-year leave of absence from Colgate to serve as Director of the English House at the English Language Institute of the University of Michigan where he worked with Latin-American students. The following year he became visiting professor of English at the University of Chile.

Brother Rockwell, after graduating from Bucknell in 1907, received his master's degree from Harvard in 1908. He returned to teach in his alma mater but in the summer of 1914 while attending Heidelberg College he got caught in World War I, when he served as a volunteer in the American consulate at Frankfort. He returned to the States, taught at NYU and returned to Bucknell in 1916 where he taught until 1936 when he went to Colgate. In 1924 he received his doctor's degree from New York University and in

1953 received an honorary degree of Doctor of Letters from Bucknell.

Brother Rockwell is president of the class of 1907 of Bucknell and the reporter for his class. His wife and three daughters are all alumnae of Bucknell.

Governor of Rotary

Everett M. Lane of Richfield Springs, N. Y., Delta '27, has served as a District Governor of Rotary International for the past fiscal year. As governor he coordinated the activities of 39 Rotary Clubs in New York, when he visited each one to offer advice and assistance on Rotary service activities and administration.

Brother Lane is Commissioner of Public Welfare in Otsego County. In Richfield Springs he is chairman of the Official Board of the Methodist Church, a past president of the Chamber of Commerce and he has served as chairman of the Post War Planning Group. He is also a past president of the Rotary Club.

Resigned

As we go to press word has just been received that Dr. Robert G. Crosen has resigned from the Board of Directors and as scholarship commissioner to accept a position in Iran for the next two years. A full story will be in the next issue of The Quill and Scroll. Dr. Crosen is a past national president, having served prior to the election of O. L. 'Nat' Doud.

District Manager

James W. Moon, Lambda '35, has recently been promoted to the position of district manager of the Fresno District for the Department of Veteran Affairs, State of California. The office has jurisdiction over California veterans' loans for the counties of Fresno, Madera, Kings and Tulare.

Wanted . . . Alumni Help in Rushing

Do you know a likely candidate for Kappa Delta Rho in any of the seventeen colleges where KDR has chapters? Do you have a good prospect for rushing from your neighborhood who will enroll at any of the colleges where KDR has a chapter? What information can you give us prior to his matriculation in the fall?

The actives want your help in rushing. They want the alumni to provide them with more leads in their rushing program and to make it easier have asked that the blank below be included in this issue of The Quill and Scroll for the convenience of those wishing to suggest a possible KDR of the future.

Active rushing chairmen have been selected for each chapter, with all of them being registered in the national office. Blanks sent in by alumni will be forwarded to the rushing chairman for proper action. It has also been suggested that each alumnus sending in a suggestion be notified as to what action the chapter took on his prospect.

KDR needs more help in all fields from the alumni this year. You can aid in many more ways than just by contributing to the Loyalty Fund for you can visit high school seniors in your vicinity and tell them about your fraternity. A personal visit does much more than all the literature we can send out and it will also help to perpetuate the kind of fraternity that you as an alumnus want it to be.

Help KDR in its rush program by sending in the names of any prospects today. Your help will be most appreciated by the chapters.

RUSHING INFORMATION

I recommend the following as a possible rushee for Kappa Delta Rho:

Name

Address: Street

City State

College to be attended

Graduate of High School Year

Remarks: (Give any other pertinent information such as scholarship, athletic ability, relatives in KDR, etc.
.....
.....

Alumnus recommending the above

Address

Chapter Year

Please mail the above to Kappa Delta Rho, R.D. 2, Stockton, N. J. It will be forwarded to the rush chairman of the chapter at the college the prospect expects to attend. (Additional blanks may be had upon request at the address above.)

Lambda Sets Pace in 1956 . . .

Who will lead in 1957?

Three chapters place among leaders in number contributing, amount contributed and largest per cent contributing.

Lambda chapter outdistanced all others in the 1956 drive for funds last year. The Loyalty Fund drive saw three chapters place among the leaders in all three categories, Lambda, Rho and Beta. In the above order they placed first, second and fourth with the highest number contributing; first, third and fifth in the amount contributed; and second, fourth and fifth in the highest percent of alumni contributing. Lambda set a new record for the older chapters in the latter category by having 8½ per cent of their alumni contribute to the Loyalty Fund.

The latter listing is somewhat new in the annual Loyalty Fund drive. Since the number of alumni is rather low for some of the newer chapters it was thought that a percentile rating of the chapter would give a truer picture of their support of the national program.

This year's drive will concentrate more on the per cent contributing than on the other two categories. The largest percentage was made last year by Psi chapter with a 9.4 per cent. This year a drive is on to have as many chapters as possible top the 20% mark. Highest percentage ever made by a chapter was 15% but this year it is hoped that many chapters will top that mark.

If your fraternity is to meet the needs of the expanding institution of today it must have the backing to provide the funds with which to do it. You only have the answer and you only can bring your chapter up among the leaders in the 1957 Loyalty Fund drive.

Awarded Law Scholarship at N.Y.U.

John E. Blyth, Colgate '53, of Macedon, N. Y., has received an Elihu Root-Samuel J. Tilden Scholarship for three years study at the New York University School of Law. Recipients of the scholarships, which are valued at \$7200 each, were announced May 12. John, a magna cum laude from Colgate is now serving with the U.S. Army in Europe. He will begin his law studies at NYU in September.

Root-Tilden Scholarships are awarded annually to two outstanding college men from each of the 10 federal judicial circuits. The grants are named for two famous NYU alumni. Elihu Root, class of 1867 served in the cabinets of Theodore Roosevelt and William McKinley. Samuel J. Tilden, class of 1841 was governor of New York and unsuccessful candidate for the presidency against Rutherford B. Hayes.

Recipients of the grants are young men with distinguished scholastic records who, in the opinion of the selection committees, show unusual capacity for unselfish public leadership. John

was chosen by the committee for the Second Judicial Circuit, which includes New York.

In 1953, John received a Fulbright grant for a year's study in Germany at the University of Bonn and the Free University of Berlin.

At Colgate he was a member of the marching band, the concert band, the glee club, Mu Pi Delta (music) and Phi Beta Kappa.

PRINCIPAL

Robert F. Volland, Franklin x-'43, will become principal of Elizabethtown School, Elizabethtown, Ind. in September. The Vollands have twins, one a future KDR.

50 YEAR MEN

Thomas H. Bartley of Vergennes, Vt., Dr. Gino A. Ratti of Palmetto, Fla. and Chester M. Walch of West Hartford, Conn. attended the 50th reunion of their class at Middlebury on June 8th. All are founders of KDR and charter members of Alpha Chapter.

LEGACY IN MIDDLEBURY

Malcolm T. Anderson, Alpha '25, who died Nov. 6, 1956, (Dec. 1956 Quill and Scroll) has left a gift of over \$25,000 in the form of a Life Insurance Trust with Middlebury College the beneficiary. Brother Anderson was with the Phoenix Mutual Life Insurance Company of Hartford.

NEW ADDRESS

Charles H. Kloppenburg, Illinois '29, who has a real estate business in Denver has changed his address to 1357 Williams Street, Denver 6.

IN THE NETHERLANDS

Dr. Charles R. Nelson, Carnegie Tech '30, head of the Process Engineering Department of Shell Development Company is spending a year in The Netherlands on a special project for Shell.

CHAPTER BRIEFS

Alpha — Middlebury. Approximately \$1000 was spent for repairs and replacements by Alpha this past year. Major repairs were made on the dining room, kitchen, 2nd floor bathroom and the purchase of new dishes.

Beta — Cornell. Held their first alumni buffet during Senior Week since reactivation. Over 30 alumni, their families and friends, attended and proclaimed the event an outstanding success.

Epsilon — Franklin. The Warren Hotel in Indianapolis was the scene on April 13 of Epsilon's Sweetheart Formal dinner and dance when the National Sweetheart, Miss Ann Grahame, was crowned by National President Roberts. It was a never-to-be-for-

gotten social event in the history of the chapter.

Iota — Bucknell. For the first time in its history, Iota Chapter held initiation ceremonies in connection with Symposium on June 8, thereby giving alumni a chance to renew their oath and attend a formal function of the chapter. Plans were also discussed for collecting the few thousand needed to begin work on the new house. Roy Jackman is chairman of the fund drive.

Psi — Lycoming. The chapter celebrated its fourth Founders' Day banquet on May 11th. Many alumni returned to attend this traditional feast where actives and alumni mingle in the last and largest social event of the year.

Eastern Chapters Meet at Indiana, Pa.

Delegates from most of the Eastern chapters met for a Regional Conference on Saturday, May 11 in Indiana, Pa., with the members of Omega Chapter as hosts. A full program of conference discussions and meetings, as well as an evening social program, was set up by the host chapter. Dates were provided for the visiting brothers for the mixed social events. A banquet ended the formal afternoon sessions, attended by approximately 50 KDR's.

Besides chapter financing, pledging, and alumni relations, problems of selectivity were discussed at probably the most lively session of the conference. A tape recording of this session was made so that the Board of Directors could hear the comments and thoughts of the actives attending the conference. This tape will be made available to any chapter wishing

to borrow it after the Directors' Meeting in August.

Transportation to the conference was provided by the national organization in an attempt to get as many delegates as possible from each chapter. However, distance and spring campus events cut into attendance at these events. Several chapters found it almost impossible to travel over 500 miles to attend a one-day conference. Discussion centered on the possibility of having the Eastern territory divided up into closer geographical units so that more delegates could attend such an inter-chapter event.

Chapters sending delegates included Middlebury, Colgate, Lycoming, Lafayette, Penn State and the host chapter Indiana State Teachers. Don Stohl, assistant secretary, and Don Wolfe, executive secretary represented the national organization.

Delta Building Library

A project that might well be undertaken by every chapter has been initiated by Delta Chapter at Colgate. They have just completed a new set of book shelves in pine for their living room and are now engaged in building up a suitable library to fill the shelves. Alumni have been asked to contribute any books that might be used as reference by college boys. Orrin Judd, national legal adviser, has already contributed many books for the new library.

Public Relations Director

John Sherff, '58, has been elected to the position of Director of Public Relations of the Purdue Interfraternity Council, a job that carries with it many responsibilities in a most active IFC. His duties will include: representing the IFC at the meetings of various groups, serving on the executive board to form IFC policies, and also as director of four junior officers. John was editor of the Purdue Greek, an IFC publication, and is senior tribune of his chapter, Theta.

Greek Week Soloist

Joe White, '58, pianist, was one of the featured soloists on the annual Talent-in-Review program of the University of California Interfraternity Council-Panhellenic variety show produced as a feature of Greek week at Berkeley in

March. Joe is always in demand around Lambda chapter for his unique arrangements of modern and not-so-modern compositions.

Fraternities Grow Up

The Chicago Tribune Magazine for May 5, 1957 carried an interesting article, "Fraternities Come of Age," by Gordon Gould. This article presented a pleasant contrast to some of the recent publications in that Mr. Gould finds that in general fraternities are doing a good job; the hell is gone from Hell Week; service is a key note; and scholarship, sobriety, and community service are the rule on Midwestern campuses. Mr. Gould's article, instead of being cooked up merely from his own thinking, is the result of a survey which he conducted among 125 fraternity chapter presidents on 22 college or university campuses in 10 Midwestern states.

—IRAC Bulletin

COMPLETES TRAINING

Pvt. Vincent J. Zugay, Omega '55, recently completed eight weeks basic combat training at Fort Knox, Ky. under the Reserve Forces Act program. Men volunteering for the six-month tour of duty are permitted to finish their military training in local Army Reserve or National Guard units.

Before entering the Army Vince was employed as a chemistry teacher by the Bladensburg, Md. school system.

Chapter Eternal

William Crockett Wilkes Beta '22

William Crockett Wilkes, Cornell '22, died of a heart ailment April 1, 1957 in Florida while vacationing with his wife. He was a general partner with Kidder, Peabody & Co. of New York.

Brother Wilkes was born in Laurel Lake, Pa., and lived in New York for a short time before moving to Summit, N. J. 30 years ago. After graduation he went to work for the Guarantee Co. of New York.

In 1934 he became affiliated with Kidder, Peabody & Co., investment house, as manager of research. In 1941 he was made a general partner of the firm.

Brother Wilkes was active for more than 30 years in the National Program of Moral Rearmament. He travelled extensively both here and abroad to express the movement's conviction that democracy must live out its ideological aims to create a bond between all nations and peoples of the world. A son, Thomas, is now in South Africa with an international Moral Rearmament force.

He is survived also by his wife, a son William at Bucknell and three daughters. A brother Robert is a member of Kappa Delta Rho, Cornell '28 and another brother Thomas, who died in 1934 was a charter member of Rho chapter at Lafayette. KDR has lost a most distinguished brother.

John F. Worth Iota '37

John F. Worth, Bucknell '37, died suddenly on May 15, 1957 in his office at the headquarters of the U.S. Atomic Energy Commission in Washington, D. C. of a heart attack. He had been assistant chief of the progress reports and statistics branch, div-

ision of finance of the AEC since September 1956.

Brother Worth was born in Jermyn, Pa., and received his bachelor's and master's degrees at Bucknell. He also received his doctor's degree in public administration at American University. He was a past president of the Bucknell Alumni Club of Washington. He also attended Symposiums at the chapter house regularly and was active in raising funds for the proposed new house on the hill as a member of the Board of the Iota Alumni Corporation. At the time of his death he was preparing a souvenir booklet for his 20th class reunion as chairman.

John had also worked for the Civil Service Commission, as budget officer for the Navy Department, and in 1952 became special assistant in the AEC Production Division.

His wife, Geraldine, and one son, Robert, survive. Iota chapter will miss his ardent support and staunch loyalty.

Herbert A. Thompson, Sr. Beta '14

Herbert A. Thompson, Cornell '14, died April 6, 1957 in Franklin, N. J. He was associated with Arthur D. Crane, realtor, of Sparta and president of the Sussex County (N.J.) Realtors Association.

A native of Greenwich, N. Y., he moved to Sparta, N. J. soon after his graduation where he engaged in real estate and development work.

He is survived by his wife, the former Miss Clara Norton of Evansville, Ind., a son, Herbert, Jr., Delta '41, a daughter, five grandchildren, three brothers and two sisters. One brother, Charles is also a member of Kappa Delta Rho, Cornell '16.

Bowling Champs

The KDR's at Penn State achieved considerable success this spring as keggers when they won the Fraternity League A bowling championship with a record of 39 and 5. Theta Xi was second with a 36 and 8 record.

Blaine Barron consistently led his team to wins over fraternity teams at Penn State. According to the books this was the best record ever compiled by a Zeta bowling team.

CLERK-TYPIST

Army Pvt. Charles P. Cable, Gettysburg '56, recently was graduated from the clerk-typist, business machine operator course at Fort Dix, N. J. His wife, Barbara lives in Merchantville, N. J.
