Paging Mu Alumni

Alumni of Mu Chapter (inactive) at the University of Michigan, as well as all Brothers, will be pleased to know that an undergraduate from Theta Chapter at Purdue is transferring to Ann Arbor this fall. Jim Lanz has expressed a great interest in reactivating Mu Chapter while at the University. It is hoped that all Brothers in the area will lend support to this endeavor. Please drop a card to headquarters expressing your interest, and the leaders in Ann Arbor will be notified promptly.

Support the Records System

The final phase of the transfer to data processing in the new Membership Records System was accomplished this summer when each Brother was mailed an IBM-type card. Spaces to be filled in by the Brother provide the additional information which will enable the Fraternity to make optimum use of the system. MRS gives us the

opportunity for supplying each chapter with a complete list of Brothers and addresses twice a year, plus aiding in alumni association and expansion work by producing area address lists. The Fraternity hopes that, if you have not yet completed your card and mailed it in the postage paid envelope, you will do so today, or fill in the card on the back cover.

Little Known Facts

- Fraternity study programs supply important disciplines and incentives that stimulate improved scholastic results.
- Per cent of students who "persist to graduation" is definitely higher among fraternity men than independents, with far fewer drop-outs.
- Members of fraternities make the most loyal alumni—a vital factor in the quantitative and qualitative growth of any college.
- Participation in extra-curricular activities helps develop well-balanced individuals. Fraternities encourage this.
- Help Week and community service programs of fraternities channel youthful ebullience along constructive lines.
- Local IFC's and chapters provide the college administration with the best means of obtaining student co-

operation to maintain a smoothrunning institution, with high morale and morals.

Loyalty Fund Name Changes

Effective July 1, 1967, the name of the National Fraternity's annual fundraising drive changed to *The Annual Alumni Fund*, *The National Fraternity of Kappa Delta Rho*, *Inc.* to more readily identify the drive as the annual financial support of KDR's alumni for the fraternity.

Missing Issues

The Editorial office is still seeking copies of November, 1961 and to a lesser degree, February, 1965. If you can find one, please send it in!

New Pledge Manuals

David McLane, Pi '66, National Field Secretary, has spent the summer at headquarters working on a new Pathfinder. This National pledge manual was presented to the Convention delegates in New York City on September 9th. The long awaited work has a companion pledge trainers manual. It is expected that these manuals will be of great assistance both to brothers and pledges in the area of participating in the more mature program which is expected in this day of emphasis on the educational aspect of undergraduate life.

EDITORIAL

FORUM

You're apt to find this issue a somewhat out-of-proportion and lop-sided one. Some of the departments to

which you have become accustomed are missing. Others are overly long, though hopefully, informative. Feature articles are conspicuous in their absence (we ran out of luck—for issue after issue a good article would reach us at the very last moment—this time it didn't happen!). After all, it is summer, and few want to do a lot of writing during vacationtime. In the interest of trying to maintain our scheduled number of issues, we'll print exactly what we have received. We hope to have better and more interesting issues throughout the coming year.

With the innovation of a reply card on the back cover and nothing of major illustrative interest for the front cover, it gave us an opportunity to range into abstract design for the front of the magazine. Let us know how you like it . . . we may do more of the same in the future.

* * *

In that this issue is sort of a pot-pourri, perhaps we can pass along some other miscellaneous thoughts we've had—one of which concerns our mail. An article about the fraternity frequently ends with a request to write the Editor, the Executive Secretary, Treasurer or the National office. Too often when we do receive mail it is addressed to the wrong address—(not that we mind too much, because we're always interested in hearing from the membership). But it does cause delay and inconvenience. We've had articles addressed to the Publication Office (listed on the table of contents) . . . when actually the publication office

is a non-fraternity-related requirement of the post office department. The concern mailing the magazine must be listed as publication office! To set this straight once and for all time:

ALL matter to be printed in the magazine including advertising, articles and correspondence, should be addressed to the Editor.

Changes of address and matters pertaining to the functioning of the National fraternity should go to the National office in Englewood.

Annual Alumni Fund (Loyalty Fund) contributions should be addressed to the Treasurer.

National Foundation contributions should be sent to the person mentioned on the coupon which appears in every issue.

Take note of the addresses used in the National Directory, normally on the back cover of this publication, but on page 24 of this issue. It will save considerable effort and remailing if addresses listed therein are followed more carefully.

* * *

Since we've been printing "What can YOU do to help us editorially?" we have been getting an increasing influx of alumni notes. We're glad to get them, in fact, we'd like even more—but we'd also like some more direct mail to the editor, be it complaint, compliment, expressing a problem or seeking help from the fraternity. We'd like more articles, too, so that issues such as this one become an oddity.

ONE GROUP OF SURVEY RESULTS WHICH REQUIRE MORE CAREFUL

EVALUATION

Among our more recent innovations which drew considerable support from those who read this magazine... and which also drew a relatively high negative response, was the unrelated-to-fraternity article. More readers wanted to see more of these articles than those who preferred their deletion, by a 41% to 31% margin, so we felt it worthy of a careful reevaluation of what has appeared in past issues.

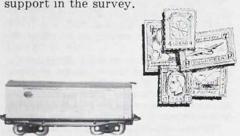

The Short Story has been the grand daddy of the group. A short story appeared for the first time in the September, 1959 issue; followed by five more over a nine year period. Of these, all but two were written by the editor in an attempt to secure further contributions of fiction from author members

of our fraternity. Score — 2-4, a losing percentage especially since only one other aspiring author rose to the bait, submitting both of the other printed manuscripts. Despite this, 28 % of our readers want more.

Life Around Us began in May, 1963, and largely through the efforts of Percy E. Fellows of Alpha, this column has remained in the magazine with only two issue's absence. Brother Fellows took on the job as a guest author but has become the mainstay for material which permitted the column's continuance. There have been only two other authors represented . . . the editor was one . . . and the second man was a one-time contributor. And how many naturalists, conservationists, biologists, entomologists, etc. do we have in our brotherhood? Certainly more than two! (The editor doesn't pretend

to be a qualified expert in the field). Life Around Us drew 27% affirmative support in the survey.

Hobby Headquarters began in February, 1961 and has had some 6 installments. The range covered enameling on copper, frostbite sailing, antiquarian book collecting, standard gauge train collecting, raising pigeons and stamp collecting. The last three mentioned reflected the editor's hobbies and were written as a spur to other members. Here, at least, interest was matched with a score of 3-3, but certainly there are more than three of our 9,000 members with an avocation. In fact, I hear about interesting material for this column guite frequently, buried in a fleeting reference in obituaries, alumni around the world notes, and occasionally in correspondence. Hobby HQ drew a response of 23% in the survey.

You might be willing to lump Tales of the Unknown with short stories, but they are a separate division, being all true and all unusual encounters with unexplained phenomenon. This "division" is the latest entry in the grouping of articles. The editor started the series, and it has been continued by several other participants. Initial interest seemed high, but there have been few recent letters. This section scored a high 24% inasmuch as only one article had appeared when the survey began.

Our feeling is that these columns add interest to the magazine, supplementing and balancing articles dealing with the functions of the national organization. In that all are related to the fraternity-at-large by their authors' membership, there is no conflict in their appearance. This has been

borne out by the 41% of respondents who agree. But we can't operate on air. We need facts. Given these facts we can produce an unique publication in a field (alumni publications) that is gradually awakening to the need for human interest articles.

Another more somber note regretably must be injected. A total of 58 % of those who answered our survey said they'd like to write for the magazine. We have written follow-up letters to about half of these members, and while we have received excellent articles in all categories from a few, a larger percentage haven't answered the direct request.

It isn't that difficult. One of our better articles was pieced together from some six to eight sentences of factual reporting on an incident. Another came from a brother's wife, and developed into a small series. Check the listing on page twenty-three and give us a few facts to work with . . . we'd like to get the scores up to a more representative coverage of our members. Editorial assistance is available both in rewriting and illustrating. Your own photographs (if available) will be returned upon completion of printing.

Ohio State University SCHOLARSHIP AWARD

The Alpha Rho Foundation Award for scholarship among fraternities at the Ohio

Lafayette College

IMPROVED FACILITIES

Rho Chapter is on the move. For the last three years the active brothers as well as alumni have put a great deal of effort and time into the physical structure of the house. They have completely redecorated the recreation room, dining room, foyer, and living room with curtains, paint, and rugs. The Alumni have given an entirely new fully equipped kitchen which is most certainly appreciated.

All of this has been most helpful in rushing. During the last rushing period Rho took the second largest pledge class at Lafayette bringing membership to over seventy. Rho Chapter would like to welcome all Alumni and K.D.R.'s to visit the house.

C. W. Post College

BETA ALPHA SPIRITED

1966-67 was a banner year for Beta Alpha, with an even brighter outlook for the coming year. Under the leadership of Consul Ray McGreevy the internal organization of the chapter was much improved. More activities were accomplished in an increasingly efficient manner. New rush and pledge programs were initiated successfully. The financial stability of the chapter was imimproved, although there are still problems here. A better relationship with the college administration was established.

The spirit of the chapter rose throughout the year, with individual brothers and the chapter as a whole distinguishing them-

page ten the quill and scroll selves on the campus. On the social calendar, KDR remained on top with its two annual dances, The Nite Out and the Christmas Caper being social and financial successes. At Post's Annual Greek Sing, KDR walked off with the Best All-Around Fraternity Trophy.

In intramural athletics, KDR was dethroned as the All-Sports Champion and placed a close second, going undefeated in flag football and basketball.

In intercollegiate athletics KDR brothers represented Post in all major sports. More than one-half of the starting Post football team last year were KDR's. Particularly outstanding were Dick McGuinness and Tom Cassese, Dick was chosen Post's most valuable lineman, while co-captain Cassese ended his brilliant collegiate career with a number of honors. Tom was again chosen for the All-East team, won the Post College Assoc. of Parents and Friends Athletic Award, and the L. I. Radio Network-Renault Peugeot Trophy as L. I.'s top collegiate football player. Tom was drafted eighth and signed a contract with the Denver Broncos of the AFL. Don Huffer was the 1967 Metropolitan Heavyweight Wrestling Champion and placed 6th in the NCAA College Division Tournament.

KDR's campus leadership is even more formidable for the present 1967-68 year. Robert Frankel is president of the Student Government Assoc. Austin McGonigle is vice-president of the Junior Class and social chairman of the I.F.C. Howard Meadow is president of the I.F.C. Dick McGuinness and Bob Santangelo are the co-captains of the football team.

This campus leadership, coupled with increased spirit from every brother, could make for Beta Alpha's most successful year at Post. There are a number of primary goals which we feel will help us achieve this status. Through a strong rush program we hope to increase the size of the chapter. With the help of our inspiring new faculty advisor, Mr. Christopher Kevatos and Honorary Brothers Dean Andrew P. Spiegel and Director of Development Edward F. Mayer, we hope to establish a closer relationship with the college administration. Great care is being taken to better establish ourselves financially. Increased communication and contact with the alumni of Beta Alpha is planned to help keep active the deep fraternity spirit felt by all members of KDR.

Gettysburg College

PI NEWS

Soon the academic year of 1967-68 will be under way. But for Pi Chapter it is just another link in the long chain of Brotherhood to be shared, and Pi is looking forward to the continuation of this sharing.

Last year Pi won the softball championship, defeating Phi Sig in the semi-final and beating Phi Gam 10-5 in the final. Needless to say they are looking forward to just as prosperous a return in the coming year.

House improvements have been many—a new lawn, new shrubbery, and also newly purchased shutters which greatly improve the physical appearance of the house.

Due to the problems Pi is facing with the new deferred-rush program at Gettysburg, the chapter and the alumni have jointly decided to ask all Pi Brothers, both undergraduate and alumni, for a donation to defer the extreme costs during the first semester.

Pi Chapter would like to wish all our KDR chapters the best of luck in the coming year.

Colby College

A STRENGTHENED CHAPTER

This coming year will find KDR's in many leadership positions at Colby College. This, along with the completion of a new, two hundred and fifty thousand dollar house will help Xi continue to be a strong chapter.

The newly constructed house was designed by Benjamen, Thompson and Assoc., Inc., one of the most renowned architects in the country. Its construction is modern with white brick framing large, glass panes. It will be about ½ again as large as any of the existing houses on campus and its white bricks will be set among green pines throughout the year. There is room inside the house for up to 42 beds, two lounges on the upper two floors, and a first floor entirely devoted

to library space and a large lounge. A basement is also included with party room facilities.

It is not only this new house that will make Xi Chapter strong. Xi's many active brothers are her real strength.

Many of Colby's KDR's hold leadership position on campus. Jay Sandac, '68, will serve as the Interfraternity Council president for the coming year. Both the senior class president and junior class president are KDR's. Bud Evans, '68, is president of the senior class and Bill Revett, '69, is president of the junior class. Two of the six members of Blue Key, Colby's honor organization for senior men, are from Kappa Delta Rho.

In addition to these, a KDR freshman pledge, Pete Bogle, was chosen as one of the outstanding freshmen of the year and received a scholarship in recognition of this honor. He was also chosen to be a member of the Men's Judiciary.

Not only have Colby's KDR's been active in these areas, but they have also been active in varsity athletics. Nineteen will be participating in varsity, intercollegiate athletics this coming year. This fall will find Bill Revell, '69, and Mark Frazer, '70, on the varsity football team and Jerry Senger, '68, Joe D'Elia, '68, Bud Evans, '68, Paul Dealy, '69, and Ray Mott, '69, on the soccer team. In the winter, KDR's Pete Hoffman, '69, Mark James, '69, Wick Phillips, '69, and Pete Emery, '69, will be starting for our hockey team, while Pete Bogle, '70, will be on the basketball team. In the spring Pete Emery, '69, and John Cunningham, '70, will add strength to the varsity baseball team. Rick Littlefield, '69, will captain the varsity golf team, while Wick Phillips, '69, will be one of our leading tennis players. Jeff Little, '69, Paul Dealy, '69, and Pete Hoffman, '69, will play for the lacrosse team.

University of Indiana

YEAR-END REPORT

Nu reports having "possibly the most undergraduate members of any fraternity represented in campus organizations and activities". By early summer the rushing program has produced seventeen pledges for the fall class. Scholastic standing bolted upward with the house ranking 11th in the Men's Housing division this year. This year's Little 500 team was plagued by injury and illness, placing 15th out of a field of 33 in the race.

LAMBDA BUSY

Just after finals, at the end of the winter quarter, Lambda hosted a Conclave with Sigma which proved interesting and enjoyable for all.

The Mother's Club gave a fashion show April 18th at the chapter house, with 80 women attending. Some of the girls of Kappa Delta sorority modeled. Lunch was served and a raffle held. Profits will go towards new carpeting for the living room.

A successful Ski Dance was held May 6th with a Kiddies Party in the afternoon. The Ugly Man contest has a Lambda entry, Doug Holt, and a substantial amount of money has been raised through his efforts. This will go to Cal Camp, a summer camp for Bay Area children.

The house average has risen from 2.65 in the fall semester, when rank was 12 out of 44 houses, to 2.75.

An alumni banquet held May 19th was well attended—and well promoted by the chapter. This was the annual Founder's Day celebration.

TWELVE MAKE DEAN'S LIST

Scholarship took a definite turn for the better at lota this past semester, KDR made an unprecedented jump from twelfth to sixth place among fraternities by posting a most commendable 2.54 house average. The new sophomores were instrumental in achieving this improvement as seven out of twenty made Dean's List. Ron Chadderton, Class of '68, led all brothers with a nearly perfect 3.75 average. Congratulations should also be extended to those six brothers who had at least a 3.0 average but were under the 3.2 required for Dean's List. The brothers of lota are looking forward to continued improvement in all fields of endeavor during the coming academic year.

Graduated from Courses

Pvt. Scott S. MacFadyen, Alpha '66 (advanced infantry training); Ensign David M. Stevens, Theta '66 (basic civil engineering course) with distinction; 2nd Lt. Gerald McElroy, Xi'65 (USAF management analysis) with honors.

1st Lt. Douglas W. Rhett

Alpha '65, earned the Soldier's Medal for rescuing two injured crewmen from a crashed helicopter. (At right in photo).

The award, for heroism not involving actual conflict with an armed enemy, is presented by Major General John Tolson, commanding general, 1st Air Cavalry Division, at a forward landing zone in Vietnam, April 3.

Lt. Rhett, a helicopter pilot, heard an emergency radio call that another helicopter had crashed last March 30. Scrambling his crew, he immediately flew to the site and landed next to the burning wreckage.

The Lieutenant and his crew chief began searching for survivors in spite of exploding rockets and ammunition in the downed aircraft. They found the two injured crewmen who had gotten clear, and placed them aboard their own aircraft.

The injured men were undergoing treatment in a field hospital within 20 minutes of the time they crashed.

Lt. Rhett is assigned to Company C of the division's 227th Aviation Battalion, Armed Forces, Vietnam. He entered the Army in October, 1965 and was stationed at Ft. Rucker, Ala., before arriving overseas in November, 1966. He has also received the Air Medal.

1st Lt. Richard F. Ennis

Epsilon '64, of Lexington, Mass., has been transferred to the First Air Commando Training Wing at England Air Force Base, Louisiana, for 90 days training. He will then be reassigned to the Third Combat Support Group, Bien Hoa Air Base, South Vietnam.

page thirteen september 1967 National's Annual Alumni Fund (formerly the Loyalty Fund) shattered both the dollar and participation records during the 1966-67 drive. Six hundred and forty-seven alumni responded with a total of \$4,890.30. This was 53 donors and \$356 beyond the previous records, and 79 contributors and \$542 more than the 1965-66 campaign.

At its mid-winter meeting, the National Board of Directors voted to change the name of the National Fraternity's annual drive for financial support from "The Loyalty Fund" to "The Annual Alumni Fund." The change took effect on July 1, 1967.

Beta retained the lead in both dollars and donors for the third straight year. It was pressed hard in the contributions category, however, by Eta which responded with \$79 dollars and two donors more than the previous year. Zeta showed exceptional improvement by twelve more contributors and \$127 more than 1965-66. This gain moved Zeta into second place in participation and third in dollars.

The most dramatic increase was garnered by Sigma which gained \$164 and fourteen new donors over the previous year. It moved from eighth in contributions to fourth and from eighth into a tie for third in participation. Rho, which increased by \$67, held onto fifth place in dollars. Theta with seven additional contributors was again fifth in participation.

Improvement contributing to the new records was broad-scaled. In addition to those chapters already cited, special accolades should go to: Pi, which had eleven donors and \$89 more than the previous drive; Alpha, \$74 and eleven donors more; and Nu, \$61 and ten donors more.

NNJAA HONORED WITH GUEST SPEAKER PAUL ADDAMS,

Administrative Secretary of the National Interfraternity Conference

The Northern New Jersey Alumni Association met on Founders Day at the Red Lion Inn for the annual meeting and election of officers. New officers are President Cass Lightner, Vice President Bob Broadfoot, Treasurer Sky Mott, Secretary Jim Marlatt.

Guest Speaker for the Founders Day Banquet was Mr. Paul Addams, Administrative Secretary of the National Interfraternity Conference. During his talk he answered the question, "What is N.I.C.?" Some of his comments may interest those who weren't there.

Twenty-one fraternities attended the first meeting in 1909 in an effort to bring cohesion out of chaos, improve communications, and discuss mutual problems. N.I.C. was incorporated in 1959, and a committee was formed to study the possibility of a full-time office. After years of part-time work, the present full-time operation was established in 1965. The staff now serves 61 national fraternities, 450 campus I.F.C.'s (but only 97 alumni I.F.C.'s), 500 campus deans, and 225,000 undergraduates.

To indicate the growth of the fraternity movement, Mr. Addams gave the following statistics:

the following statistics:
1942
1962
19643,800 Chapters
1967
1942 1,000,000 Fraternity Men
1962 1,600,000 Fraternity Men
19641,900,000 Fraternity Men
1967 2,500,000 Fraternity Men
Pledging during the 1966-67 year
was up about 22 % over the previous

year. At Cornell 54% of the freshmen class pledged fraternities (1,004 men). The replacement value for all the chapter houses in the nation is about \$750 million.

The N.I.C. is active in many areas of the fraternity movement, particularly public relations and the improvement of the fraternity image. N.I.C. holds an annual convention for alumni and undergraduate fraternity men interested in improving the system. The next one is in New York City at the Statler-Hilton Hotel, November 30 through December 2. The N.I.C. also works to improve scholarship. There are 109 volunteers who labor for N.I.C. Seventy per cent of the Senate are fraternity men.

What today are the benefits of the fraternity experience? Fraternities help to teach study habits, to inspire high standards of conduct, to teach the art of living together, to teach respect for the community. What can the individual do to help the fraternity movement? Whether undergraduate or alumnus, he should be familiar with the positive facts and speak out forcefully on the growth and progress of the system.

To:	Kappa Delta Rho Fraternity 481 North Dean Street Englewood, New Jersey 07631
	I would be interested in attending a KDR luncheon and other activities of the N.I.C. Convention at the New York City Statler-Hilton Hotel, November 30 through December 2, 1967. Please send me a schedule.

YOU and YOUR NATIONAL The Continuing Advantages of National Fraternity Affiliation

NEW BROCHURE FROM

NATIONAL INTERFRATERNITY CONFERENCE

In the midst of the continuing profraternity-anti-fraternity hassle another less noted factor has emerged: that of the local versus the national fraternity. Many students, alumni, administrators and national officials have been seeking a concise, authoritarian statement of the principal advantages of national affiliation as opposed to a local chapter. The booklet illustrated herein meets this need better than any other heretofore seen by your editor. It contains statements and comments by a diversified crosssection of today's academic and business world. Among those quoted are Dean Wright of Kansas State College; Donald Boyes, Vice President of General Motors; Art Linkletter; Daniel Haughton, President of Lockheed Aircraft Corporation, and many others.

"You and Your National" is available to interested parties at the following rates: From 1 to 99 copies . . . 15¢ each; 100-999 . . . 11¢ each; 1,000-1,999 . . . 10¢ each; 2,000 or more . . . 8¢ each. Write National Interfraternity Conference, Inc., 271 Madison Avenue, N. Y., N. Y. 10016 if interested. Orders are shipped postpaid, so please send your check for the required amount.

In a few well-chosen words, the following poem quoted from "The Carnation" of Delta Sigma Phi expresses my summer thoughts. LB

THINK IT OVER

Are you an active member The kind who would be missed Or are you just contented that Your Name is on the list? Do you attend the meetings And mingle with the flock, Or do you stay away And criticize and knock? Do you take an active part To help the work along, Or are you satisfied to be The kind who "just belongs"?

Do you ever work on committees To see there is no trick, Or leave the work to just a few And talk about the clique? So come to meetings often, And help with hand and heart; Don't be just a member But take an active part! Think this over, brother, You know right from wrong. Are you an active member, Or do you ... just belong?

50 YEARS AGO

The Quill & Scroll was entitled The Scroll. The May 1st issue welcomed Delta to the small group of chapters now totaling four. Each chapter was represented in the issue by a minimum of ½ page to a maximum of 2½ pages. C. H. Wright retired as head of the national organization—with comments that no new chapters were added during his administration. There was considerable comment on the slowness of increase in chapters (three were added to Alpha within a five year period!)

25 YEARS AGO

Eighteen chapters were listed in the directory of the national fraternity but the war was beginning to cast its shadow over the organization. Long lists of members appeared in a KDR's Under The Flag section. S.O.S.'s were being flashed to alumni to help in rushing because of the decreased number of students in college.

10 YEARS AGO

Seventeen chapters now listed. 230 members contributed to the fledgling Loyalty Fund—Leading chapter Lambda with 27 contributors and \$111.00 dollar total. O. D. Roberts was National President. lota broke ground for its present chapterhouse.

5 YEARS AGO

Nineteen chapters; a larger, more colorful Quill & Scroll; Convention at Rho chapter. Floyd Baughman went into his fifth year as National President. 469 contributors to Loyalty Fund—Leading chapter (dollar volume) Eta with \$422.00—Contributor lead, Beta with 81.

CHAPTER ETERNAL

Charles "Deac" Embleton

Eta '32, died suddenly about a year ago in Chicago. He had been wounded several times in World War II and spent much of his time in Veteran Administration Hospitals. About two years ago he was discharged, returned to dentistry but was found dead one morning by his landlady.

Jaffrey Harris

Beta '14, whose life story was published in our February, 1966 issue, passed away at Santa Barbara, California at the age of 77 after a long illness. Brother Harris divided his interests between music and painting. He studied painting at the Art Students League in New York, the Royal Polytechnic Art School in London and with Hobart Nichols of the National Academy. He was a member of the Salmagundi Club.

He was also at one time chorus master of the British National Opera Co. In this country he was successively head of the lowa State College Department of Music; First Assistant chorus master of the American Opera Co. For ten years he conducted one of the four Naumberg Symphony Orchestra contests in N.Y.C. He played the piano, violin, contrabass and appeared with many musical organizations.

Arnold J. Hoffman

Alpha '30, on February 8, 1965.

John M. Leonard

Tau '21, died after a fifteen month illness on February 5, 1967. Brother Leonard had been president of A. M. Leonard & Son, Inc. until September, 1966. The company, founded by his father is an internationally known manufacturer and supplier of horticultural, nursery and arborists' tools. John was a member of the Carnegie Highlanders since 1921, a member of the Elks, the American Legion, the Masons, the Rotary and the Mechanical Bank Collectors of America.

Frank M. Markley

Sigma '34, passed away October 28, 1966 with cancer. He had had surgery on March 30th, living almost seven months thereafter.

Stuart W. McLaughlin

Delta '26.

John J. Miller, Jr.

Sigma '51, died at the age of 38 on May 10, 1966 of acute lymphoblastic leukemia.

William K. Smith, Jr.

Every fraternity has its dossier of lost, strayed or abandoned alumni. In some cases it is as simple as a misplaced address, or an address that wasn't forwarded when a move was made. In others it may be an unreported death, an unwillingness to be an active member or another logical or illogical quirk. Some feel that fraternity has neglected them . . . others

couldn't care less. Whatever the reason, we're always anxious to reestablish ties. If any brother knows the whereabouts of any of the following names, the national office would appreciate being informed. (Because of the length of the listing, we are printing it in two parts. What can YOU do to help us editorially??

The Quill & Scroll welcomes and must rely on member-submitted copy for virtually all of its features. We have tried to smooth the way for any member to send us material by providing the following established columns:

Alumni Across the Nation—News of your advancement in business; change of location; marriage; receipt of awards; or prominence in any activity. If you see a newspaper item concerning another KDR, send it along. If possible, provide chapter, graduation year and illustration.

Tales of the Unknown—Contributions should be true stories concerning unexplained, extra-sensory, supernatural or unusual events, from your own experience or that of persons close to you.

Feature Articles—Will be accepted from any member. Subject should be that which is of utmost interest to you. Enclose a short autobiographical sketch.

Open Door—If you have a question about the function of the fraternity, send it to the editor, c/o Dept. OD. The national officer most responsible for the query will answer it in print or personally.

Hobby Headquarters—Is your avocation different? Would it be interesting to others? Tell us about it. It might make another chapter in this series.

On Campus—For our undergraduate chapters, only. We welcome information of your activities, preferably one item per issue from each undergraduate chapter.

Poetry & Short Stories — Will be accepted based upon literary merit. You do **not** need to be a published author, but if so, and if the material was published before, submit a release for republication.

Life Around Us—Each representation of life is worthy of man's curiosity. For those of our members who have specialized in biology, conservation, entomology, bird watching, agronomy, horticulture, hybridizing, zoology or any related endeavor, this is an opportunity to put your experiences in print.

Chapter Eternal — Our obituary column. Newspaper clippings or your own account of a death notice. Chapter and graduation year appreciated.

Paid advertising opportunities are also available to members.

Professional Directory listings can be secured at an annual charge of \$5.00 (4 issues), or a three year listing (12 issues) for \$12.00.

Trading Center, in which you may list anything you wish to trade, buy or sell, has a limit of 25 words, including name and address. Listings are \$1.00 per issue or \$3.00 per year (4 issues).

Display Advertising is available at rate card rates. If interested, write for a copy of the rate card.

Original contributions should be typewritten whenever possible. When material is from a published source, give the name and date of publication. Do not be concerned about your ability to write: we will assist in every way possible, but we need the basic facts to get your article into print. The only criterion is that articles must be written by or about a fraternity member.

We will copyright any issue, if requested, to provide protection for a member's copy. Please address contributions to Charles F. Beck, Editor, Quill & Scroll, R.D. 1, Box 529, Macungie, Pa. 18062.
