OF KAPPA DELTA RHO

NOVEMBER 1979  
AN EDUCATIONAL JOURNAL  
VOLUME LXXXV, NO. 4

## An Exceptional Opportunity

---

*When Bill Cosby left a promising and lucrative career in show business some years ago to return to teaching, a lot of people thought he was crazy. He wasn't. There was money in entertainment, but there was a great deal more personal satisfaction in molding character.*

*Unfortunately, this degree of dedication is becoming increasingly rare in a materialistic society. There is exciting revitalization and challenge in working with people, when compared to collecting meaningless possessions . . . particularly if a sound financial base has already been established.*

The board of directors of Kappa Delta Rho is considering various alternatives to help solve a future vacancy on its executive staff. Executive Secretary E. Mayer Maloney has announced his plans to retire in June, 1981. At that time an exceptional opportunity will arise for the right man.

We will require a dedicated Kappa Delta Rho member who will serve effectively in management of the national office. The ideal candidate would be a personable, enthusiastic leader. This person should be knowledgeable in executive techniques and capable of working with the board of directors, university and college officials, chapter alumni boards and chapter officers. The primary responsibility of this position will be to provide advice and assistance to undergraduate officers and members. Therefore, a warm, positive understanding of college students' needs and interests; and an ability to guide the undergraduate in performing the functions of chapter management are essential. Considerable travel is involved in chapter visitation, board of director meetings and occasional crises situations. Salary is open and may be adapted to individual requirements. Although the position is demanding and responsible, it will probably be difficult to maintain without supplemental income from investments or other sources.

As an alternative, we are interested in hearing from undergraduate members who plan to graduate in 1981. We can offer a minimum 2-year campus representative's position which would include training, significant management responsibility and independent travel to visit chapters and aid in expansion.

The ideal candidate for this opening should also be personable, enthusiastic and fraternity oriented. He should have been a leader in his chapter, holding such offices as consul, junior or senior tribune or quaestor. Most likely he will be seeking additional experience before continuing his education or developing a position in the business community. It is an unusual opportunity to see the country and generate expertise in organization management. While this job can offer distinct advantages in promoting personal growth and maturity, it is not likely to develop into a career position. Salary is moderate, but the opportunity to develop contacts and experience is high.

## PITCH

Kris Mix's article on Pitch in the May, 1979, issue of *Quill and Scroll* rolled back a good many years for me.

I was introduced to Pitch at Middlebury College, Alpha Chapter of KDR in 1951, and from that time on, including locker box games in the Marines, it has remained my favorite card game. Because of Pitch, I never even tried to learn Bridge, to the disgust of many.

During my college years, KDR was blessed with numerous top-notch players, who fought with the Bridge players for the always too few decks of cards available. We even knocked off "quickie games" before lunch and supper. There could always be found a long evening session in one room or another, and often a beer-sodden match in the basement.

I believe Pitch, also known as "Set Back" and "High, Low, Jack & Game," is most closely related to Bridge in as much as it involves bidding, trump suit, tricks, and finesse. And like Bridge, is best played in partners with four players.

Some word of caution to prospective players: *Don't* bid 4 ("Pitch it") unless

you can account for high card, low card, and Jack in your trump suit.

Unless this recent tournament at Middlebury is result of a recent rediscovery of the game, it goes back quite a few years.

Peter M. Smith, *Alpha '55*

## IRAN REFLECTIONS

I enjoyed the article on Iran by W. R. Gale in the May *Quill and Scroll*, not only for its excellent content, but also because it took me back to 1933 when *Quill and Scroll* published my article on experiences as a teacher at the American College of Teheran — sometimes called, at that time, "Lafayette in Persia."

Jim Hill, *Rho '28*, was also on the staff.

Bill McNeill, *Rho '31*

*Dr. Robert Crosen, Rho Hon., also published a 1960 Quill and Scroll article on his teaching experiences in Iran. — Ed. Note*

## MERRY-GO-ROUND

Well, here I am again, mid June and looking over a February issue of the *Quill and Scroll*. Don't panic. This isn't a letter intended to complain about poor delivery. On the contrary, I'd like to commend you and your staff for tracking me down this quickly.

You see, Mr. Beck, I am presently in active military service, with the U.S. Navy, and have been moving around quite a bit. Because of this, I have lost contact

with many of my old chapter brothers. I was, therefore, wondering if you could print a short rundown of my recent travels in your "Alumni Worldwide,"\* section. This way I think I can give the National and my EA chapter brothers an idea of what I have been doing, and where I can be found.

First of all, I am a '76 graduate of Lewis University, with my BS in Aviation Maintenance Management. In July, 1976, I enlisted in naval service, and began a year long training course in Advanced Aviation Electronics Technology, at NAS, Memphis, TN.

My duty stations in the last year or so have included tours with Medium Attack Squadrons, VA-42 and VA-65. Both of these squadrons are based at NAS Oceana, in Virginia Beach, VA.

While assigned to VA-65 I was given the Aviation Electronics Troubleshooter billet. This saw me spending much of my time on "DETS," or Detached Duty, to several locations. I made several DETS to NAS, Cecil Field, FL., and NAS, Jacksonville, FL. I also made two extended DETS to Roosevelt Roads, Puerto Rico, and Guantanamo Bay, Cuba.

This last summer and fall, I earned a living on the flight deck of the USS D.D. Eisenhower, CVN-69, the Navy's newest nuclear powered aircraft carrier, which was deployed to the Caribbean for extensive shake down trials.

In January of 1979, I was selected for

Aviation Officer Candidate training, and reported to NAS, Pensacola for training in February.

On June 1, I was commissioned an ensign in the USN, and am presently a Student Naval Flight Officer, assigned to Training Squadron VT-10, at Sherman Field, NAS, Pensacola, FL.

Oh yes, I forgot to mention. In my spare time in 1977, I was married to Susan McComb, a '75 graduate of St. Francis College in Joliet, IL.

Together (when we are together, that is) we spend our time packing our worldly belongings and moving from one Navy base to another. Needless to say the greatest expense in my career is for change of address labels.

I'd like to give you a permanent mailing address, but I am scheduled to move to the west coast in August, and then back to Florida before the year is out.

At any rate, I am looking forward to the May issue of the *Quill and Scroll*. Hopefully it will reach me before next Christmas. Thank you very much for your time.

Ens. T. J. Youhn, USNR, EA '76

*\*It reads better as a letter — hope you don't mind being in this section — Ed. Note*

## FLORIDA CALLING

I am answering your recent letter requesting verification of addresses of lost brothers and a request for contributions to the Alumni Fund to help support the Na-

tional Fraternity. I am enclosing a check which I hope will defray costs.

To bring you up to date, I now live in the town of Palm Beach, Florida. My real estate company, Wright Properties, Inc., located in Palm Beach, is very active in the sales of condominiums, homes, commercial property, and land in the Palm Beach/West Palm Beach area. I married a Philadelphia girl in 1970 and we have one child. I would be very interested in hearing from any brothers living in the West Palm Beach area or visiting here.

I have been very pleased with the way the *Quill and Scroll* has been published and I feel that our National Fraternity is doing a great job.

Frederick Wright, Psi '62

*Fred can be reached at: 201 Phipps Plaza, Apt. 2, Palm Beach, Florida 33480. 305-832-8373 — Ed. Note*

## LOW CONTRIBUTIONS?

I have noted your postscript concerning the current fund raising campaign. I have studied the statistics on this activity as published in the *Quill and Scroll* over the years. The limited number of contributions and the distressingly low amount of the contributions has been a matter of concern to me. I think that as a minimum the fund should be receiving more than twice the amounts it has collected in recent years. Because of this feeling, I have gradually increased the amount of my contribution and this year I have raised it

a bit more in the enclosed check.

Gordon Johnson, Lambda '26

## ANY BETA 13'S

I'm most happy to be able to join you in celebrating the 75th anniversary of the founding of Kappa Delta Rho.

Last fall it was my good fortune to be in such robust health that I returned to Ithaca, New York, to help celebrate the 65th anniversary of the founding of Beta Chapter of K.D.R.

This year, on October 31, I will be celebrating a milestone celebration of my own, my 90th birthday. I am wondering if there are any other surviving charter members of Beta, K.D.R. 1913. If so, I'd be most happy to swap yarns with them.

Here's a small check in memory of many happy days with K.D.R.

Otto S. Kirschner, Beta '13

*Continued on page 17*

One of our chapter's charter members recently commented on the fact that we have never published our financial statement. This has traditionally been reserved from the general reading public — but not from our membership.

Any member wishing to see a copy of the financial statement and the budget can receive one by writing Executive Secretary E. Mayer Maloney at the National Office.

## Gino A. Ratti, Alpha '07, 1885-1979

---

WE REGRET TO ANNOUNCE that Brother Gino A. Ratti, last of the fraternity's living founders, passed away on June 18, 1979 at his home in Palmetto, Florida.

Brother Ratti was born in Carrara, Italy, and came to the United States at the age of two. He was one of two children born in Italy but eventually his parents had nine children; six boys and three girls. One boy died in infancy. Two brothers, Aldo, Alpha '15, and Hugo, Alpha '22, and two sisters, Lydia and Bianca are still alive. The family settled in Proctor, Vermont, where Cesare, Gino's father, was a sculptor working for the Vermont Marble Company.

Gino had 13 years of schooling in Proctor, starting at the age of three when he would tag along with his older brother, Corrado, as he went to classes. When the authorities found this out, he was doing quite well, so they let him stay. Gino attended Middlebury College on a scholarship, receiving his BA in 1907 and his

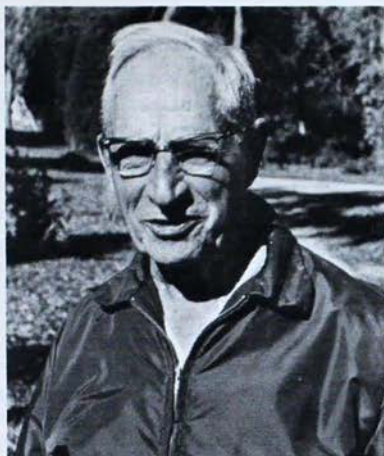

*Gino and his sister, Bianca, in May, 1979. This was the last picture taken of him.*

Masters in 1909. Between times he was a principal of a high school and worked at the Vermont Marble Co. in the summer. When he had saved enough money he went to Europe, enrolling at the University of Grenoble where he received his Doctorate in 1911. At this time he was the youngest ever to receive the degree, and he obtained it in the shortest time. Although the university was founded in medieval times and normal studies would

have required a greater length of stay, Gino's comments were very pointed: that was all the time he had money for!

Upon his return to the United States, he taught at Northwestern University for a year and on June 29, 1912 married Nellie Pauline Rockwood, whom he had met while he was a high school principal. In 1913 he moved to the University of Washington in Seattle. His first son, Gino, Jr., Omicron '35, was born in Seattle. In 1920 he came to Butler University in Indianapolis as Head of the Department of Romance Languages. His second son, Emilio, Theta '42, was born in 1921 in Proctor, Vermont. It was one of those summers when you could hear the corn grow, so the family went back "home" for the occasion. When Emilio was 16 days old they returned to Indianapolis. Brother Ratti later became Dean of the College of Liberal Arts and Sciences at Butler. About 1949 he became Dean Emeritus and returned to his work as a department head until he retired in 1951.

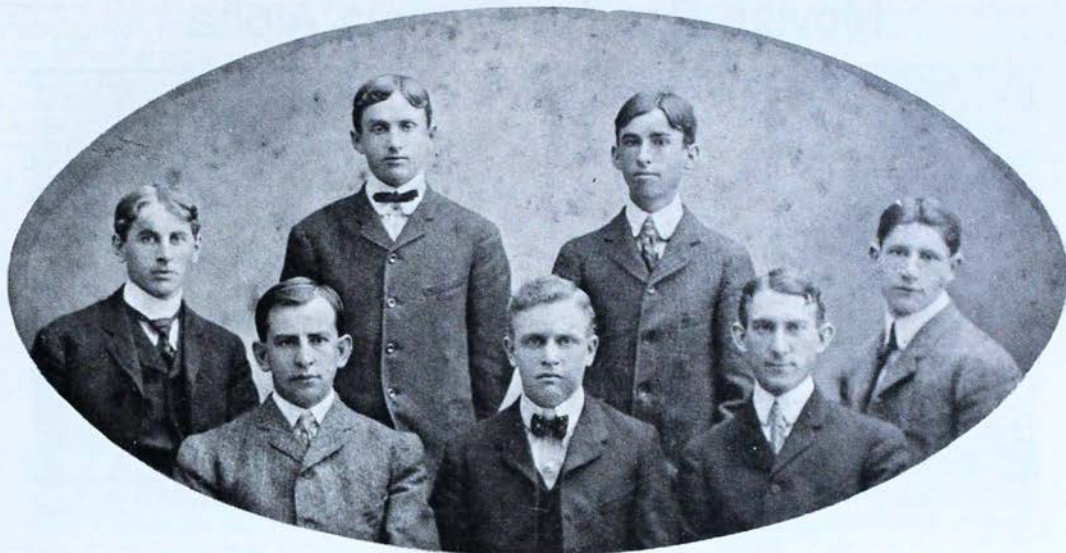

*New  
Year's  
Day,  
1969,  
photo of  
Gino.*

In retirement, he and his wife lived in Florida where they both took an active part in the community, starting a discussion group of retirees. He had always loved fishing and spent a great deal of time with his fish pole and working in the yard. His wife had a stroke in 1957 and was an invalid for the remainder of her life. Brother Ratti took care of her himself until her death in 1961.

He is survived by his two sons, their wives, six grandchildren and three great-grandchildren. He will be missed by those who knew and loved him. At his request, there was no service or

viewing. His body was cremated and his ashes were sprinkled on the Manatee River on an outgoing tide.

Brother Ratti was listed in *Who's Who in America*, *Who's Who in American Education* and the *Directory of American Scholars*. He was the author of two books, editor of another and wrote many other articles including a *Quill and Scroll* article in the May 1975 issue which included important facts about the early days of the fraternity. □

*The oval illustration above was found among Gino Ratti's memorabilia from his college days. He is the individual in the bottom row, far right. While the photograph has no identification on it, there has been speculation that this may have been a rare, early picture of some of our founders. Corroboration will be difficult but if any brother can help identify the other six men, please notify the Editor or the National office.*

## Moving Day for Gamma Alpha

*Gamma Alpha's new house on the move*

July 12, 1979 was moving day for Gamma Alpha. The Alumni Corporation purchased a two story frame house for \$1.00, which was going to be demolished by Bradley University to make room for a parking lot.

The house was moved from 1109 W. College to 1521 W. Fredonia in Peoria, a distance of about five blocks. The week previous to the move, the brothers, assisted by some alumni, "cut the house loose" in preparation

for the move. The mover jacked it off its foundation, secured it with heavy timbers, and put wheels under it.

For several days the telephone and electric crews had been trimming trees along the moving route and as the house progressed they dropped wires to permit it to roll by. After it passed, work crews reconnected the wires keeping loss of service to a minimum. It cost Gamma Alpha \$6,000 for the telephone and electric

crews to perform this service.

A basement had been dug and a foundation laid prior to the move and when the house arrived at its destination, it was placed over the basement and the walls built up to the house. Although the move was now completed, the work for the brothers had just begun.

Much work was needed inside the structure. There are four rooms and a powder room on the first floor and ten study rooms on the second and third floors. The brothers went to work repaneling the first floor rooms, stripping old paint from the woodwork and re-finishing in natural.

Then they turned their attention to the second and third floors, paneling, painting or texturing the rooms according to the individual taste of the occupant. The entire house has been carpeted and some new light fixtures have been installed.

The basement was the last to get the attention of the brothers. There they plan a sizable recreation room, a dining room and a small kitchen. The floor will be tiled and eventually the walls paneled.

*Continued on page 16*

# Alumni Worldwide

## Gordon A. Bardos

*Epsilon '65* has spent 12 years as Director of Guidance and Assistant Professor of Psychology at Norwich University, Northfield, Vermont. In September he enrolled as a full-time student at Seabury-Western Theological Seminary, Evanston, IL. After three years he plans to be ordained in the Episcopal Church and will return to Vermont.

## Ted Baylor and Ray Cramer

*Both Eta '50* had an unexpected reunion this summer when both attended a picnic in Alexandria, VA sponsored by employees of the Military Transportation Management Command. Ray was there, with his recent bride, the former Jeanne Morgan; in his capacity of Army Colonel in charge of military transportation planning.

## Gene R. Buist

*Eta '58* has been elected to the board of directors of the Commerce Bank of Kirkwood, MO. Brother Buist is president and principal stockholder of Midway Equipment, Inc., a construction and mining equipment distributor headquartered in Fenton, MO.

He joined WABCO Construction and Mining Group (an American Standard Company) in

1964. In 1966 he was named district manager serving New England and upstate New York. He served as regional sales and service manager for two years in Atlanta, GA, and in 1969 was named vice president and general manager of Midway, then a division of WABCO. Since purchasing the company from WABCO, Midway has increased its sales ten-fold, tripled employment and became a solid source of construction and mining equipment in eastern Missouri and southern Illinois. Besides his B.S. in civil engineering, Brother Buist has done graduate work at the Georgia Institute of Technology.

## John Bell

*Sigma '46* and Bill Tobiassen, Sigma's chapter advisor, were tapped for membership into Blue Key National Honor Society. John was one of two faculty members chosen for outstanding service to Oregon State University and the students enrolled there; Bill, though not a member of KDR, has helped the chapter considerably, and was chosen for his outstanding service to the community, OSU and the students at OSU. Besides the two faculty members and the one honorary member, 17 students were also selected.

## Edward R. Elliot

*Lambda '32* is a retired Boy Scout executive with 37 years of service and a military reserve career of 38 years. He and his wife have travelled extensively each year since 1972, covering Africa, Europe, Hawaii and the Caribbean. He is active in the Optimist International service club and serves as publicity chairman for the San Fernando Valley Unit of the American Diabetes Assn.

## Gary G. Crowden

*Theta '69* completed a two year tour with the United Nations in the Middle East. While assigned as a military observer, he performed peace-keeping duties along with officers from sixteen other countries including the Soviet Union in the Sinai Desert and Southern Lebanon. Upon his return to the United States he will be assigned to the 82nd Airborne Division at Fort Bragg, NC.

## Robert A. Frech

*Eta '49* a long-time resident of Mount Prospect, IL. was recently elected vice chairman of the board of the Carpentersville Savings Bank, a recently reorganized community bank. He is currently manager of charge accounts for Marshall Field and Company, having previously headed the expense control and employee relations areas.

Frech is an honor graduate of the University of Illinois School of Commerce and an Army veteran of the Philippine campaign in World War II. He is a former Credit Union president and served on the board of the

Midwest Association of Credit Unions. His present organization memberships include the Chicago Farmers Club.

#### **Frederick J. DeWitt, Jr.**

*Mu '20* has been retired for quite some time, but got involved in windsurfing, both as a business and the sport itself. (He wrote us from Florida where he was attending the International Windsurfing Regatta). Last summer he was toastmaster for his 50th class reunion at Ann Arbor.

#### **William R. Gale, Sr.**

*Nu '56* was appointed to the position of manager for market development, Latin American operations for Owens-Corning Fiberglass Corp. in Toledo, OH. He joined the company after graduation and previously served as country director in Iran.

#### **Roland Gammon**

*Xi '37* president of World Authors, Ltd., in New York City has announced five new books to be published this fall, ranging from Indian art and poetry to novels and cookbooks. Write, World Authors, Ltd., 575 Madison Ave., New York, NY 10022, for a listing.

#### **Donald G. Leach**

*Xi '49*, former *Xi* praetor, with wife, Joan, and daughter, Meredith (Ensign, USN), were dinner guests last April at the home of Maurice F. (and wife, Eva), *Xi '51*, in Alexandria, Virginia. Don is manager, traffic and distribution, Keyes-Fiber, of Arcata, Waterville, Maine, and, Maury is chief, Documentation & Procedures Division, Office of Facilitation, U.S. Department of Transportation, Washington, D.C.

#### **Don Hoagland**

*Xi '55* coordinator of energy and mineral resources development for the California State Land Commission, is heading a six-month study of geothermal energy sources in the western states. The project is concerned specifically with the

development of low to moderate temperature geothermal resources. California has the only commercial geothermal electrical generating complex in the nation and the largest in the world.

#### **Robert W. Luzadder**

*Nu '60* travel editor of the Fort Wayne, IN, *News Sentinel* for the past 14 years has been accepted into the membership of the Society of American Travel Writers.

#### **Maurice A. McGlasson**

*Nu* Honorary professor of education at IU Bloomington, has been elected vice president of the North Central Association of Colleges and Schools (NCA). He was a member of NCA's board of directors in 1972-73 and was re-elected in 1974. He served as chairman of the secondary education department at IU from 1964 to 1969 and from 1974 to 1976. In 1957-58, he was technical assistant at the College of Education at Chulalongkorn University, Bangkok, Thailand.

#### **Thomas H. Mott**

*Upsilon '39* retired in 1967 after working for

P.G.&E., Miller & Lux and affiliated companies the picture framing business, and the California Division of Highways. Since his retirement he has kept busy building all types of clocks, doing craft work of many kinds and painting watercolors.

#### **Steven M. Still**

*Eta '66* received his masters and Ph.D. in Horticulture from the University of Illinois, finishing in 1974 after a 3 year stint in Viet Nam. He has been an associate professor of Horticulture at Kansas State University for the past five years, heading several important committees there (i.e. Course and Curriculum Committee). He, his wife and three children are moving to Columbus, Ohio, where he will become a member of the faculty at Ohio State. A member of the American Society of Horticulture Science where he has been active as chairman or member of many committees, he also received an award a few years ago for "Outstanding Graduate Student Research Paper" from the International Plant Propagators Society for work on wood bark as a growth medium.

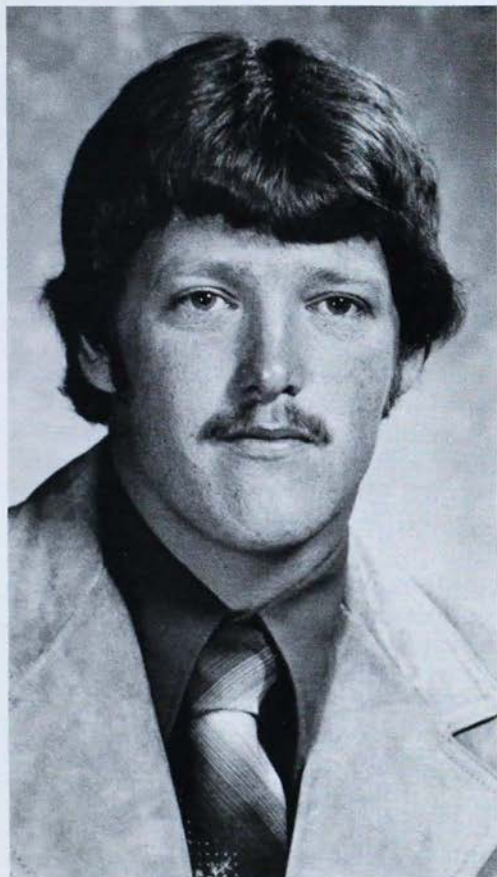

#### **CORRECTION**

**The Alumni Fund listing in the August issue was plagued by gremlins. Most members of the Diamond and Emerald clubs did not have their names included in their chapter listings. We've been unable to pinpoint the exact reason, but it appears to have been caused by computer error. Please pardon the mistake.**

## Dwayne Douglas Scholarship Winner

---

The competition for the Kappa Delta Rho Scholarship was exceptionally keen this year. The judges had difficulty deciding a clear cut winner. Finally, after long deliberation, they named Dwayne D. Douglas, Sigma '79, as the 1979 recipient.

Not only are the applicant's academic achievements considered but also his leadership in his chapter and on campus as well as his character and personality.

Several of the applicants had approximately the same scholastic standings, but Dwayne's leadership in Sigma Chapter and at Oregon State far exceeded all others. Dwayne earned his B.S. Degree in Business Administration, majoring in Accounting and Finance. Dwayne made the honor roll seven times during his college career and had an G.P.A. of 3.72 on a 4 point system.

As mentioned above, Dwayne's activities in the chapter and on the O.S.U. Campus were innumerable. Following are just a few of the responsibilities he held in the chapter:

He held the offices of assistant treasurer, centurian, senior tribune, junior tribune and in his senior year was consul. In addition he served on several committees and represented the fraternity on campus in various capacities.

He was active in I.F.C. and the student government. He held numerous offices and served on committees in both these organizations. During his senior year he was elected vice president of the Senior Class; chairman of the appropriations and budget review committee; was on the awards and recognitions committee; was the business manager of the Student Guide Book and was secretary-treasurer of Blue Key, senior honor society.

He was nominated by the O.S.U. awards and recognition committee as the "Outstanding Freshman," "Sophomore" and "Junior" during those three years of his college career. He received the "Outstanding Student" award during his senior year.

He belonged to several honorary and professional fraternities and organizations in addition to Blue Key mentioned above. Some of them were Order of Omega; Beta Alpha Psi (accounting honorary); Phi Kappa Psi

(junior honorary); O.S.U. Debate Team for three years; O.S.U. Forensics for three years and participated in intramural football, basketball, bowling, softball, volleyball for the four years he was a member of Sigma.

Dwayne even had time to devote time to activities outside his chapter and O.S.U. From 1975 through 1979 he was a deacon in the Dayton Christian Church; was a member of the county, state and national associations for retarded children; participated in the Retarded Children's Ski Fund raiser known as SNOW BIG THING.

Although Dwayne was hopeful of securing an accounting position upon graduation, but a recent letter from him advises that he was offered a marketing position with Hallmark Cards, Inc. His territory includes the eastern part of Oregon and a small portion of southeastern Washington. He is headquartered in Kennewick, Washington.

He is hoping to get into real estate from an investment standpoint and has in the back of his mind the purchase of a small farm in the future. He enjoys farming and the outdoors and wishes to farm on a part-time basis.

Dwayne is an outstanding young man and a son whom Kappa Delta Rho can well be proud. Congratulations, Dwayne, and the best of good luck to you! □

The honor you and the board of directors have given me is indeed a great one, which I will remember throughout my lifetime. It is indeed appreciated.

I hope to keep in touch with KDR and remain active. If I can help in any way, I'd like to. Right now my goal is to do the very best I can with my job at Hallmark, and to get started working toward my master's.

Many thanks . . .

*Dwayne Douglas*

---

### **Alumni Urged to Return Data for Directory.**

---

All alumni should have received a request for essential information required to assure complete data in the new alumni directory tentatively scheduled for release next summer. We sincerely hope that everyone has replied.

Publication of the directory will be handled by Bernard C. Harris Pub-

lishing Company, Inc., of White Plains, New York. This company is the sole authorized agent for the production and marketing of the directory, and assumes all financial obligation, including the compilation, editing, billing, and distribution of the volume and will cover its costs through the sale of individual book sales to alumni only. This plan will assure the publication of a professionally compiled volume.

During the next several months all alumni will be contacted by telephone for verification of the information to be printed in the directory. At that time, and at that time only, they will be asked if they wish to purchase a copy. The number of directories printed will be based on the number of advance orders received via the phone calls.

Alumni who have not returned their questionnaires and are not reached by telephone by the Harris firm will be listed in the directory with whatever information is currently held on alumni records. If you have not received your questionnaire, please notify Executive Secretary E. Mayer Maloney at 1111 E. 54th St., Indianapolis, IN 46220.

# On Campus

---

## PURDUE:

The fall semester finds Theta with a full house — (40 living in). Thanks to Grover Brower for helping to fill the house this summer.

Around the chapter, some notable brothers include: Kelly Roggenkamp, who is on Purdue's IFC Junior Board (and did one whale of a job during the recent Greek Week); Howie Berger, who rocked for 36 straight hours for Multiple Sclerosis during the annual Rocking Chair Marathan; Bob Milligan, who was one of the starters during this year's Boilermaker Tractor Pull; and Don Naylor, who is on Purdue's IFC steering committee.

As this year marks the seventy-fifth year of Kappa Delta Rho, the brothers of Theta would like to extend an invitation to KDRs from everywhere to visit The Castle On The Hill — especially for Homecoming, when our football team plays Northwestern.

## ILLINOIS:

The Orange Horde is back! And ETA is bursting at the seams with 28 actives and 12 pledges. A KDR Annex was opened due to the crowded conditions at the house proper. With this number of men, we have the potential to become one of the best houses here on the U of I campus. Un-

fortunately, our alum support has mysteriously reached an all-time low and hampers our efforts to exploit this opportunity. However, we're plugging along, making some necessary room furniture purchases and structural repairs such as badly needed window replacements.

Not wasting any time, we opened our very full social calendar with a Hawaiian luau party during New Student Week. Three sorority exchanges, numerous house parties, and our annual Winter Formal complete the semester's social agenda. The hard work and enthusiasm of the pledges paid off as everyone enjoyed their "Roaring Twenties" Pledge Dance. Little Sister Rush was a big success and we're all working to make an even stronger program for the future.

Community projects got an early start with Brother Dan Burns leading the men of ETA as they helped the Knights of Columbus with a fund-raising baseball tournament in connection with the Jerry Lewis Muscular Dystrophy Drive. Over \$3,000 in pledges was raised.

The football team is off to a fine start in protecting our current Orange Division Championship crown. With most of our winning team back on the field, along with several new talents, prospects look very good indeed for yet another title bid. IM volleyball and golfing round-out the sports scene.

Dad's Day activities provided a chance for sons and fathers to have a typically

riotous KDR weekend. Homecoming this year honored C. O. Bernard for his many contributions to ETA. The active vs. alum football game proved yet again that the old boys' "get up and go" just got up and went. But seriously, our alums enjoyed the opportunity to visit again and reminisce at the old KDR Chapter house. Hopefully, we can count on their continued support to keep ETA in the forward ranks of the Greek system.

With such unbounded enthusiasm and energies, this semester should prove one of KDR's finest.

## LAFAYETTE:

Spring semester was very successful for the brothers of Rho. In February Mike Miller helped Lafayette's Hockey Club win the Delaware Valley Championship. In the semi-finals Mike scored in sudden death overtime for a 2-1 victory against a favored LaSalle, thus earning the team a chance to meet Philadelphia Textile in the finals. Against Textile, Mike scored once and added three assists in another close overtime victory for the Lafayette team.

Other outstanding brothers in sports include Rick Gaylord who was a starting midfielder for the varsity Lacrosse team; Glen Sparks, the #2 man for the golf team; Greg Sorensen, starting defensive end for the varsity football team; Dan Crocket, a member of the fencing squad; Eric Bayer, on the swimming team; and Jay Williams, the basketball manager. In

addition to the above Kappa Delta Rho dominated the track team. Captain John Bakey, hurdle record holder Larry Dutweiler, John Onnembo, cross-country recordholder Larry Kulig and Eric Bilhuber, Ken Bodine, Stephen Knight, Bill Leonard, Bill McCartan, and Kevin Rhodes were all impressive performers.

On and around campus . . . Tony Fernandez and John Priola have been elected as Student Government Representatives. Dave Tambor is the president of the Hillel Society and Jeff Samuels is the treasurer. Brad Moger is the president of Inter-Varsity, a resident (floor) advisor, and has been appointed cochairman of the 1980 Senior Class gift committee. David Gurniac is a member of the Jazz Band and is vice president of the school band where he, Scott Pargot and Jim Braistead are musicians. Bill Pace has become president of The Maroon Key Society and Alan Gould is the treasurer. Al is also a member of the Omicron Delta Epsilon society, an organization for outstanding economic majors. Nick DiFonzo is a highly praised actor. Matt Clayton, also an actor, is well known for his voice on the local radio station, WEEX. Steve Kaplan was chairman of the joint cultural committee which was responsible for bringing many major attractions to the campus. Ted Gehrig was picked from many sophomore engineers to receive a scholarship and summer job from Luken's Steel.

Spring Intramurals were a tremendous success as KDR made the playoffs in every sport. Our soccer team finished in third place out of twenty-five teams. In softball we finished fifth, in ping-pong we finished in second place, and in track and field events we placed third. Much of our success can be traced back to the dedication and time that our athletic chairmen Jim Shackleton and Jeff Samuels spent keeping everything in order.

Because of the brotherhood working together as a whole, KDR has continued to be one of the best fraternities on the campus. Academically, scholastically, and in size we are continuing to excel and grow.

At the last meeting before the end of the spring semester, Rho Chapter voted a tie for outstanding senior of the chapter:

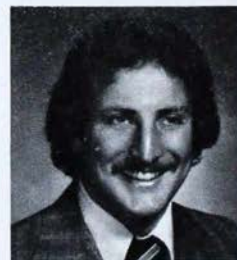

#### EDWARD CARL AMADUCCI

Eddie was house manager during the fall semester of 1977. His immense mechanical knowledge — from trucks and cars to windows and French doors — makes him one of the handiest men to have around. As well as being dedicated to the physical structure of the fraternity, Eddie is very concerned with each individual brother. He is eager and willing to help anyone with any

problem. He helped one brother install a radio in a new car; his car, "The Gray Ghost," has picked up brothers stranded at airports and bus stations and locations where a brother's car has broken down; and he has helped brothers cope with the academic pressure. And in early May, he was the key anchor leg that enabled the brothers to defeat the pledges in the "First Annual Pledge-Brother Chug-Off." Academically, Eddie survived Lafayette and will be working for Firestone after receiving his B.S. in Mechanical Engineering.

#### JOHN THOMAS AMOROSA

"Louie" succeeded Ed Amaducci as house manager in 1978. As house man, Louie was responsible for the arrival and the assembly of a new television, a new Home Box Office attachment, a new stereo and speakers, he supervised the assembly of a television and stereo cabinet, and he talked for, received, and assembled the greatest addition to the fraternity in years — a refrigerated tap. But his life isn't only houseman oriented; Louie played intramural football, softball, volleyball, and basketball for many seasons as well as being a loyal and hard-working waiter. John graduates from

Lafayette as a B.S., Civil Engineer.

John was married in August to his hometown honey, Doreen Rooney, a recent graduate of Georgetown University in Washington, D.C.

### MIDDLEBURY:

Alpha Chapter's intramural teams were successful throughout the 1978-79 season. Our touch football and hockey teams made it to their respective finals in the playoffs. Unfortunately, our basketball team just missed the playoffs as did our softball team. We'll get them next year, as enthusiasm for successful intramural sports is growing at Alpha.

Many brothers gained individual honors in athletics and scholastics this past year. Larry Petzing was on the All East All Star team as a defensive halfback and also landed the graduate assistant job to coach next year's Middlebury freshman football team. After this he expects a job with Price Waterhouse and Company. Scott Geiger landed the other graduate assistant post for the Panther freshman team. Scott received the award for being the best offensive lineman on the Panther varsity football team this past season. Following his tremendously successful farewell party on May 10, Scott was married on July 4 in Scarsdale, New York. Otto Matheke will be on his way to presumably Boston University Law School after graduating with high honors from the American History Department. Brother Russell T. Lowe, Jr.

will be working with the investment firm of E. F. Hutton and Company. Junior Eric Kemp was voted as MVP for the Panther lacrosse team and will also be the Panther captain for the lacrosse team next year.

Alpha Chapter had many members on this past year's varsity football team, including seniors Larry Petring, Scott Geiger, Otto Matheke, Russell Lowe; juniors Eric Kemp, Bob Marchesi, Jim Ryna, Dave Barton, Pat Maxwell, Art Poltrack; sophomores Rick Ryan, Jim Carry, John Borchard, Steve Clancy, John Hayes, Douglas J. Dickson, Matt Spelbel and Bill Maddox.

Stocky right hander Bob "Gino" Marchesi and relief ace Mike Sonza were hurlers on the Middlebury baseball team.

Besides Eric, Alpha Chapter placed Dave Bartor, Jim Carry, John Burchard, Steve Clancy and Pete Hurwitz on the Middlebury varsity lacrosse team. The team made it to the opening round of the ECAC playoffs but lost to Boston State University.

Homecoming was well attended as our cook, Mrs. Diana Amblo, simply outdid herself. The feast and following party were tremendous successes.

Perhaps our most beneficial fraternal action was the showing of two movies to the public at large. Under the guidance of outstanding senior Skip Ruth, Alpha Chapter raised close to \$1,000 for non-profit organizations in Addison County. □

### An Exceptional Opportunity

*Continued from inside cover*

Interested parties for either position should send a resume or other appropriate information to the national president:

Mr. Robert D. Lynd  
7003 Brookington Court  
Alexandria, VA 22306

All inquiries will be treated confidentially. No employers or references will be contacted without approval of the applicant after further discussion.

Mr. Edward Hoffman, Treasurer  
Kappa Delta Rho Fraternity  
1111 East 54th Street  
Indianapolis, Indiana 46220

Dear Brother Hoffman:  
Enclosed please find my 1979-80 contribution to the Annual Alumni Fund, in recognition of the need to supplement a stronger and more active national program.

## J. Neill Armstrong

*Beta '30* president of the Cherry Hill, N. J., firm of J. Neill Armstrong, Inc., passed away August 16, 1979 at Burlington County Memorial Hospital. He was founder and first president of the Music Boosters Club of Cherry Hill High School East. He was a member of the Cherry Hill Exchange Club and a past member of the board of associates of Hood College in Frederick, Md.

## James W. Atkinson

*Gamma '29*, retired science teacher and salesman, died May 23, 1979. He played in the Symphony Orchestra as an undergraduate. For 30 years he taught in Rome (N. Y.) schools, serving Rome Free Academy as dean of boys and as director and president of the Alumni Association. A leader in the NYS Teachers Association, he helped organize its retirement program, for which experience with Prudential Insurance had prepared him. He had also been associated with General Cable Corp. In retirement, Jim resided in Largo, Fla.

## William J. Casey

*Nu '28* a charter member of Nu chapter at Fort Bragg, Calif.

## James S. Cole

*Delta '40* well known Ohio auto dealer, died on May 19, 1979. For more than 30 years he was president of Downtown Motor Sales, Inc., which his family owned along with Cole

Motors in Warren, Ohio. He was past president of the Ohio Automobile Dealers Assn., and a past director of the National Automobile Dealers Assn. and the Automobile Dealers Assn. of Eastern Ohio. Among his other offices he was a member of the board of directors of Trumbull Memorial Hospital; past president of the Buckeye Club and the Warren Area Chamber of Commerce. He had served in WW II in the Army Air Corps.

## Jack F. Conrad

*Iota '36* of Flourtown, Pa.

## Norton D. Fern II

*Rho '50* manager of an Atlanta, Ga., chemical firm, Kawecki Berylco Industries, on Sept. 16, 1979. During the Korean War he was a captain in the Army's chemical warfare division stationed in Japan. Brother Fern attended the University of Pennsylvania Law School and received a master's degree in chemistry from St. Joseph's College. He was a former member of the Savoy Opera Company.

## Herbert T. Fletcher

*Mu '34* of Flint, Mich.

## Clarence C. Hermann

*Eta '20* died May 21, 1979 in Monroe, Louisiana, at age 81, following a brief hospitalization for chronic lymphatic leukemia leading to heart failure.

Subsequent to graduation from the University of Illinois, he joined the teaching staff of the College of Commerce and pursued graduate studies.

While at the University he was one of the founding members of Eta Chapter of Kappa Delta Roe and an early chapter president.

In 1924 he terminated his association with the University to accept an executive position in the public utility field with Middle West Utilities Company, the top holding company of the then extensive Insull group of utility companies. During the ensuing years he became a pioneer in the development of controllership and finance functions and systems of electric utility companies.

His corporate affiliations included positions of vice president, controller and director of Wisconsin Power and Light Company, Madison, Wis., and Southwestern Electric Power Company, Shreveport, La.

## Kenneth P. Holben

*Gamma '20* on August 10, 1979 at his home.

## John F. Hough

*Delta '18*, retired educator and farmer, died of a massive heart attack May 9, 1979 in Vermont. Jack attended Middlebury and Harvard before transferring to Colgate. He was a member of Kappa Delta Rho at Middlebury and founded the chapter at Colgate. A veteran of WW I, he served overseas with the Yankee Division and was cited for bravery at Marne. As an educator, Jack was headmaster, teacher and principal of schools in Vermont, New Hampshire, Massachusetts and Connecticut, and also served as superintendent of schools in Action, Mass. After retiring he took up farming in Danville, Vt. The Houghs wintered in Arizona for ten years before moving to Mesa in 1977.

### **Stanton L. Huber**

*Nu '27* a charter member of Nu chapter, on Sept. 23, 1979 in Florida.

### **Finley Keech**

*Iota '22* of Fall River, Mass.

### **Peter A. Kafalas**

*Delta '53* an Air Force officer since 1955 is deceased. Surviving are his wife and two daughters in Las Vegas, Nev.

### **Frank X. Longo**

*Beta Alpha '53* of Brooklyn, N. Y.

### **Jennings Pierce**

*Lambda '23* had worked for the State of California Fruit and Vegetable Inspection Service. He became an announcer at station KGO and when the station joined NBC in 1928 he became head announcer. In 1933 he was named director of agriculture and in 1939 became director of education programs. In 1941 he transferred to Hollywood to be station relations manager. In 1950 he was named general manager of KMED, Medford, Ore. He retired to Castleford, Ia., in 1966. He was a Marine Corps veteran of WW I.

### **Carleton Norman Savage**

*Xi '38*, January 23, 1979 in Moscow, Idaho, age 62. Savage, a noted geologist, was associate chief of the Idaho Bureau of Mines and Geology at the time of his death. Savage earned a master's degree in geology from

Northwestern University in 1940, then took his first job as a geologist with the Panama Canal Commission. In 1943-44 he was an instructor at Colby, and the following year he was employed by the Office of Strategic Services in Washington. In 1946 Savage was invited to establish a program leading to a B.S. degree in geology at Kent State University, which he did, remaining on the faculty until 1957. During that period Savage was employed as a consultant by a number of Ohio companies. He then joined the Idaho Bureau of Mines and Geology as an economic geologist, rising through the ranks during the next 20 years. Savage also held a professorship in the University of Idaho's College of Mines and Earth Resources, and was the author of numerous articles.

### **Kenneth A. Streeter**

*Delta '28* supervising principal of Salem Central School (Washington Academy) in Salem, N. Y. 1932-65, died June 21, 1979. He played football as an undergraduate and earned his M.A. at Columbia in 1936. He joined the Salem faculty in 1928 and later served as a village trustee and town assessor.

### **Dr. D. Blair Sulouff**

*Rho '29* died in Morristown, N. J. Memorial Hospital on April 19, 1979 following a brief illness. His passing came as a surprise to old patients and friends who only recently had accepted his retirement from private practice.

A graduate of Lafayette College in 1929, the University of Pennsylvania Medical

School in 1933; he completed specialty training in Ophthalmology at the New York Eye and Ear Infirmary in 1936. Dr. Sulouff was certified by the American Board of Ophthalmology in 1937. Dr. Sulouff first entered into private practice in New York City but this short phase of his career was interrupted by WW II. He joined the Roosevelt Hospital Medical Unit which as a group went into the Medical Department of the U.S. Army and became the WW II 9th evacuation hospital. Dr. Sulouff participated and served with distinction in the African, Italian and European campaigns and at the end of WW II was consultant to the European theater. Following discharge from the army he started practice in Ophthalmology at Morristown, N. J. He became chief of service at both hospitals. He served a term as president of the Medical Staff at All Souls Hospital. He was a member of various state and local ophthalmological societies but his fondest memories were his having planned and organized the start of the Northern New Jersey Ophthalmological Society, an organization now past its thirtieth year.

### **Calvin C. Torrance**

*Delta '24*, a physician in Jamestown, N. Y. 1939-76, died in Fullerton, Calif. June 6, 1979. He earned his M.D. at Cornell Medical School in 1928. During WW II he served with the U.S. Navy Medical Corps in the Pacific, retiring from the Reserve in 1962 with the rank of captain. Deke began his practice of obstetrics and gynecology in Jamestown in 1939 and served on the staffs of both local hospitals. In 1960 he was appointed by the NYS Board of Regents to its Nurse Advisory

Council and served three three-year terms, one as president. He established the first blood bank in Jamestown and was himself a four gallon donor. An amateur painter, he exhibited his work at Chautauqua and Ogunquit, Maine. After moving to California in 1976, Deke obtained a license to practice there and worked in the Placentia Community Clinic. He also served as president of the Brea Art Association.

#### **Laurence F. Triggs**

*Iota '23* on September 5, 1978 in Fairport, N. Y.

#### **C. D. Voglesonger**

*Rho '31* passed away August 2, 1978 in Lancaster, Calif.

#### **John R. Webb**

*Delta '73* died June 27, 1979 of injuries sustained when he was struck by an auto April 12. He lettered in cross country and track as an undergraduate. Jack was vice president and owner of Vehicle-Craft Auto Parts, Inc., Rockaway, N. J.

#### **Frank L. Youngs**

*Delta '20*, a retired electrical engineer, died April 5, 1979 at his home. He earned B.S. and M.S. degrees in electrical engineering at MIT. He was associated with General Electric Co. in Pittsfield, Mass. for more than 40 years, retiring in 1964.

#### **Robert K. Young**

*Delta '31*, a management consultant in San Marino, Calif., died August 10, 1978 after a lengthy illness. Bob had been personnel director of Rexall Drug before serving as director of the War Manpower Commission in Los Angeles during WW II. He served as director of organization for Hunt Foods before going into business for himself. He also screened candidates for the International Executive Service Corps as a volunteer. Bob's father, Arthur H. Young, was a pioneer in industrial relations in this country; Bob carried the banner and his son is continuing in the field of executive search and personnel consulting. □

#### **Gamma Alpha** *Continued from page 6*

Financing was handled by various alumni who loaned the Alumni Corporation some \$14,000. Then they secured a low interest loan in the amount of \$27,000 from HUD. The property around Bradley University is being upgraded and is eligible for low interest loans from HUD.

Currently there are six brothers living in the house and six freshmen pledges plan to move in at the start of the second semester.

Although it was a lot of work, Gamma Alpha now has a good chapter house at relatively low cost.

#### **Slow Start for Alumni Fund**

The 1979-80 Annual Alumni Fund has gotten off to a rather slow start, although we are hopeful that it will soon pick up. At this writing the number of contributions is about 15% behind a year ago.

This is very serious because it is imperative for us to reach our \$21,500 goal during this, our 75th anniversary year.

Although we have heard from a number of brothers who have never contributed, or have not contributed in the past several years, there are a large number of regular contributors from whom we have not heard.

If you have not as yet contributed, please use the form on page 13 to send your contribution to our Diamond Jubilee Alumni Fund.

---

Arrangements have been made with Mutual of Omaha, the insurance company offering the NIC Group Plan, for maintenance of a toll free number for purposes of policy service, material requests and general information. Alumni who may wish information, literature or have policy problems should take advantage of this no cost procedure. Please call:

**MR. LEN PERSON at 1-800-228-9549**

Reaction *Continued from page 3*

## NEWSLETTER COMPETITION?

Because of my interest in chapter/alumni and interchapter relations, I would like to see a sort of national competition for chapters who put out newsletters on a regular basis. I believe this would be good public relations for individual chapters and could help stimulate communications between chapters, thereby strengthening our brotherhood and the national fraternity.

There are probably many ways to go about judging (such a competition) . . . each chapter could present any two consecutive issues . . . for the current school or calendar year. Judging (could be based on):

- Interest value to alumni, chapters, or KDR nationally.
- Consistency in keeping alumni in tune with house and national events.

Scott Mattravers, *Sigma '81*

*Scott, Sigma's new consul, goes on to recommend that the national directors set up an award for such a competition, and suggests any comments or suggestions be forwarded to him or your editor. — Ed.*

Opinions expressed in *Reaction* are those of the writer only and do not necessarily reflect national policy. We welcome reader's letters and assume that all mail is free for publication in *Reaction*, unless otherwise stipulated. Editing for style and economy is not unusual.

## Editorial Forum

- There was an off-year convention held September 8 in Washington, D.C. Several of the articles featured in the issue (Exceptional Opportunity and Scholarship Award) were triggered in part by that meeting. In that full details were not completely ready at press time and in that the remainder of the session was relatively routine, we feel that a brief convention summary can wait until the February issue.
- This is an unusual issue in some respects. There were a great many small, but important, items that had to be included, and a few carry-over items that did not fit adequately into full column or page size. The result requires more careful reading than has normally been the case. In addition, there is more than the average amount of obituaries and alumni news because the August issue devotes itself exclusively to the Alumni Fund. So we're a little bit cramped for available space.
- As long as we're into small items, may I remind you that one of the

unnecessary expenses plaguing the national office is address changes. Every issue we mail creates a backflow of change-of-address forms forwarded to us by the post office at 25¢ apiece. Every issue printed has an Address Form within it somewhere. Whenever you know you're going to move, please fill out this form and send it to us. If *everyone* did, we could avoid a substantial sum that represents a pure waste of our limited funds. It looks like this:

### Change of Address Form

If you have changed your address recently or intend to within the next 60 days, clip off this form and mail to:
