## President's Message:

# "Annual Report"

Most corporations present their annual reports in the early spring. Because KDR's operational year runs from July through June, and because we thought the fall months could stand a little excitement too, we hereby present an annual report — of sorts — on the past year and plans for the next.

Under the guidance of our talented Executive Director, Don Stohl, we have just completed a very successful 1982-83. Our active Chapter roll stands at 22; as a group the Chapters are in generally sound condition on their respective campuses. A few temporary weaknesses turned into solid comebacks, most notably at Beta (Cornell), Nu (Indiana), Epsilon (Franklin), and Omega (Indiana, PA). Our only major problem campus is at Colby, where anti-fraternity trends in the administration have compounded internal Chapter problems, placing Xi in an uncertain status as the year begins. We have two strong, impressive Provisional Chapters at Temple and Rutgers, and we look forward to their successful installation next year. We also have high hopes for the return of a revitalized Alpha Alpha (Lock Haven) and the reactivation, after many years, of Tau Chapter at Carnegie - Mellon. We have serious leads for expansion on at least half a dozen other campuses, including several in Ohio and at points far to the West as well. Largely through Don Stohl's hard work and personal contacts, KDR is becoming more widely known to college administrators as an energetic, progressive, positive force.

This fall we achieved an important and long-awaited goal, with the addition of a second full-time professional staff member. As Field Consultant, Vince Thompson, Eta '82, will work primarily in the areas of chapter services, chapter visitation and expansion. We are also pleased to announce that Suzanne Balash has assumed the duties of full-time Office Manager and Peggy Zimmerman has been appointed Director of Alumni Affairs. The latter assignment is a newly-created position that reflects our interest in furthering the concept of KDR as a lifetime experience which continues long after undergraduate days are past.

During 1982-83 we began the redevelopment of our National Foundation. This work will continue to move toward our goal of significantly increasing KDR scholarship funds.

Financially, things were tight, but your increased support for the Annual Alumni Fund made all the difference. Our new staff and new activities this year make your continued contributions equally critical in the months ahead.

In short, our autumn "Annual Report" for 1982-83 is an encouraging one. We look forward to 1983-84 with optimism and enthusiasm. We thank all alumni for their kind words of support and for the financial contributions that have made our staff's good work possible. Please help us keep building this momentum.

## Names in the News

### Directorate Change

The Executive Board is pleased to announce that **Ken-neth A. Beckley**, Nu '62, has been elected to the National Board of Directors. Brother Beckley will be completing the remaining year of a two-year term formerly held by Vince Thompson, who is now a member of the National Headquarters Staff.

Ken currently serves as Director of University Relations for Indiana University—Purdue University at Indianapolis and has held that position since 1977. Prior to that, he served as Executive News Producer for WRTV, Indianapolis.

In addition to his involvement in civic and professional groups, Ken is the man responsible for reorganizing our Indianapolis Area Alumni Association.

We congratulate Brother Beckley, and look forward to working with him in the coming year.

### Field Consultant Appointed

**Vincent J. Thompson**, Eta '83, comes to the National Staff as a first-year Field Consultant with a

Bachelors Degree in Finance. His undergraduate positions of President, Rush Chairman, Commissar, Alumni Affairs Chairman, and Special Events Chairman at Illinois gave him a well-

rounded background in Fraternity leadership and management. Vince also served on the National Expansion Committee and Board of

Directors. He was also named Outstanding Senior for the National in 1982.

As an undergraduate, Vince while representing the National was successful in negotiations with the Illinois State University administration and the Interfraternity Council thus permitting us to reestablish our Chapter.

His position of Field Consultant will include Chapter visitation and expansion, working with new groups and Provisional Chapters. Vince will serve as Director of Chapter Services, filling Chapter requests for supplies and coordinator between the *Quill and Scroll* and the Chapters.

Brother Thompson's future plans include association work and furthering his education in the area of Urban Development and Planning.

### Olympic Medalists

With another Olympic year just around the corner, it is appropriate to recognize three of Kappa Delta Rho's greatest athletes in other sports. **Edwin Ackerly**, Beta '20, was the Fraternity's first Olympic medal winner, taking the Gold Medal in the wrestling 120-pound class, the only U.S. wrestling medal that year. He was later elected to the Helms Foundation Amateur Wrestling Hall of Fame.

The next KDR to become an Olympic medalist was **Harold Osborne**, Eta '22. He won a Gold Medal in both the decathlon and high jump at the 1924 Games then took the Silver Medal in 1928. When the National Track and Field Hall of Fame opened in 1976, Harold was a charter member.

The latest medal winner in the Fraternity is swimmer **Peter Rocca**, Lambda '79. At the 1976 Games in Montreal, he won Silver Medals in both the 100 and 200 meter backstroke events.

## The Alltime Kappa Delta Rho Football Squad

*by Jay Langhammer*

Over the years, Kappa Delta Rho has produced some outstanding football players who have made their mark in the college and pro game. To honor those Brothers who have excelled on the gridiron, we present the Fraternity's alltime football squad.

*From left to right: Fran Rogel, Rick Burd, Steve Rivera, John Cannady and Tom Cassese*

Leading the first team backfield is nine year pro **Fran Rogel** of Penn State. As a collegian, he gained All-American mention while setting a career record of 1,501 yards rushing, currently the eighth-highest total in school history. He joined the Pittsburgh Steelers in 1950 and was the club's leading rusher five of the next eight seasons. he's the Steelers' fifth-leading career rusher with 3,271 yards on 900 carries and also caught 150 passes. Fran played in the 1957 Pro Bowl and concluded his fine career with the Hamilton Tiger-Cats of the Canadian Football League in 1958.

Quarterback **Jim LeClair** of C.W. Post spent six years in pro football, including several seasons on taxi squads of NFL and CFL clubs. Originally drafted by the 49ers, he first saw NFL action with the Denver Broncos in 1967-68, completing 46 of 99 passes for 678 yards. He made his last pro appearance with the CFL

Montreal Alouettes in 1971.

Lycoming's **Rick Burd** was one of NCAA Division III's leading passers in 1979-80, while setting a number of school records. As a junior, he was Middle Atlantic Conference "Player of the Year" and team MVP for the second time. In 1980, he completed 140 of 250 passes for 2,218 yards and 17 touchdowns while being named to the ECAC weekly honor roll six times. Rick's career totals include 291 completions for 4,516 yards and 38 TDs.

Versatile **Joe Hoague** was a fine runner, passer, kicker and defensive player for Colgate in the late 1930's. He had two good seasons for the Pittsburgh Steelers in 1941-42 before going into the service. Following World War II, he was with the Boston Yanks in 1946.

One of the West Coast's alltime top pass catchers holds down one end post. As a junior, California's **Steve Rivera** was All-Pac 8 and All-West Coast after catching 56 passes for 938 yards in 1974. He was a consensus All-American in 1975, ranking third nationally with 57 catches for 790 yards, including 10 catches for 183 yards and 2 TDs versus Washington. He is Cal's top career receiver with 138 catches for 2,085 yards.

Steve played pro ball with the San Francisco 49ers in 1976 and Chicago Bears in 1977.

At the other end spot is **Tom Cassese**, one of the top players in C.W. Post history. A two-way performer, he had 108 career receptions and 10 career interceptions while being a two-time team MVP and co-captain of the 1966 team. Tom was with the Denver Broncos in 1967, primarily as a defensive back, then moved to the Canadian Football League in 1969. That season, while playing for the Montreal Alouettes, he caught 32 passes for 712 yards and 7 TDs. He concluded his pro career with the British Columbia Lions in 1970.

The first team's top interior lineman is pro performer **John Cannady** from Indiana. An outstanding center and linebacker for the Hoosiers, he made the All-American second team in 1946 and played in two College All-Star Games and

two East-West Games. His 11 career interceptions rank second in Indiana history. He joined the New York Giants in 1947 and had eight good seasons, playing in two Pro Bowls and intercepting 14 passes.

**Milt Graham** was an All-East end for Colgate before shifting to offensive tackle in the Canadian Football League. He joined the Ottawa Rough Riders in 1956 and was one of the CFL's best linemen until 1961 when he went to the Boston Patriots for three seasons. **John Biltz** was All-Big Ten for Ohio State in 1950 and played in the Rose Bowl and East-West Game. Three year regular **Jeff Phipps** of Indiana played in the Senior

Bowl, Holiday Bowl and Japan Bowl signing a free agent contract in 1980 with the Houston Oilers.

**Tom Roggeman** was a two year regular at guard for the Purdue Boiler-makers before going into the service in 1953. He was named to the All-Service team while playing for the Quantico Marines then became a member of the Chicago Bears 1956 team which played in the NFL title game. He was also with the Bears in 1957 before becoming a successful high school coach. Tom returned to his alma mater as defensive line coach for seven years then joined the University of Arizona coaching staff in 1977. He currently coaches the school's inside linebackers.

For the place-kicking chores, we have selected **Sammy Rebecca**, who handled that task for the strong Illinois teams of 1950-51. His field goal against Northwestern in 1951 provided a 3-0 win that gave the Illini their first unbeaten season since 1927. He then added four extra points in Illinois' winning Rose Bowl effort over Stanford.

We would also like to mention some other KDRs who have been involved in college and pro football in recent years. **Dom Anile** of C.W. Post is now with the Cleveland Browns as a scout after serving as offensive coordinator at Columbia since 1980. He had spent the previous twelve years as head coach at his alma mater, posting a great 84-33-1 record. **Bob Otolski** has been head coach at Illinois State since 1981 after three seasons as an assistant at Indiana. **George Clemens** of Purdue has been defensive coordinator at Harvard since 1976 and previously coached at Boston College, Army and Colgate, among others. C.W. Post's **Steve Axman** became offensive coordinator at Arizona in 1980 after previous stints at Army and Illinois. **Owen Dougherty** of Penn State was head coach at Indiana of Pa. in 1979-81 after fifteen years as an assistant at IUP. Other current assistant coaches at the college level include **Steve Wisner** of Lycoming, at his

alma mater since 1974, and **Dave Bower** of Lock Haven, at Lycoming since 1976. **Ray Ulinski** of Penn State has been an athletic trainer at his alma mater for a number of years.

## Alumni Contributions To Rush

The future of every Chapter is determined by a well organized Rush Program. One of the most valuable contributions alumni can make to this Rush Program is the recommendation of prospective members. When the Rushing Chairman receives such a recommendation, a prompt acknowledgement should be made. This is a courtesy every alumnus deserves, and failure to do so could seriously affect the relationship between the chapter and its' alumni.

Every alumnus should remember that due to changes over the years within his chapter and others, the prospective member may not fit in or the chapter may not appeal to the prospect's desires. The situation is the same for a legacy. We do, however, strongly suggest that every recommendation and legacy be given every possible courtesy and consideration.

If a prospect or legacy is cut, the Rush Chairman should inform him in a tactful, prompt, and considerate manner. In doing so, the individual has the opportunity to rush other houses and become part of the Greek system in a chapter more to his liking.

Brothers, if our present chapters, along with the future new ones, are to grow and succeed, you can be a part of this growth by assisting us. It has recently been brought to our attention chapters have not been informed that KDR legacies were attending their campus until it was too late. Help us correct these problems and support our chapters by recommending that legacy or prospect. Do so by submitting the following recommendation form to the Rush Chairman in care of the specific chapter or forward it through the National Office.

## In the Mail

It would be a good idea to list all the chapters that ever existed, including name and location of school at which they were situated. This would remind older members where they were, and also acknowledge to the University of Michigan alumni (for example) that we still remember Mu Chapter. When I was at Illinois, the Oregon State chapter was the newest, and none of the letters of the Greek alphabet had yet been skipped.

Howard Brown, *Eta '31*  
Battle Creek, MI

*All chapters were listed in the 1980 Alumni Directory, and while it might be helpful to occasionally update this information, publishing costs prohibit this being more than a once-in-awhile endeavor.*  
—Ed. Note.

I was wondering if alumni who had their own firms or held positions responsible for hiring might be able to list available jobs in the *Quill & Scroll*. With the job market being in such a depressed state, graduating seniors might be able to take advantage of such listings.

Frank Harris, *Beta Alpha '65*  
New Hyde Park, NY

*I doubt whether the Quill and Scroll is topical enough to be able to run a successful jobs available column, however there is a germ of an idea here. Alumni in positions such as Frank mentions might be interested in long-term listings such as the following:*

*Firm name: Blank and Blank, Inc.  
Type of work: Advertising Agency  
Address: 000 Doe Street, Anywhere, CT 06002*

*Name of alumnus: Attn: Personnel Mgr., John Doe, Lambda Beta '88*

*If there is enough interest, we will offer such listings on a yearly basis (3 issues) at minimal rates (to cover cost of typesetting and printing). —Ed. Note  
Write the Editor for further information.*
